

Parents & Families,

Below are the bus routes for the 2022-2023 school year. Please note that many of our bus route numbers have changed, so be sure to find your location to know what your bus route number will be. These new bus route numbers will help streamline our transportation process.

Also, please remember that our country is still experiencing bus driver shortages, so a few routes may be modified before the first day of school, so please check back. Thank you!
