

EQUAL OPPORTUNITY

The Board of Education, its officers and employees, shall not discriminate against any student, employee or applicant on the basis of actual or perceived race, color, weight, national origin, ethnic group, creed, religion, religious practice, gender, sexual orientation, age, marital/parental status, disability or predisposing genetic characteristic. While the board may expand upon their policies of non-discrimination, state and federal statutes are mandated, and any further enactments would supersede this policy until such time as the appropriate policy revisions can be made.

The Board of Education, its officers and employees shall not discriminate against students on the basis of actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex, sexual orientation or gender (including gender identity and expression).

This policy of nondiscrimination and non-retaliation includes access by students to educational programs, counseling services for students, course offerings, and student activities, as well as recruitment and appointment of employees and employment pay, benefits, advancement and/or terminations.

Annual Notification

At the beginning of each school year, the district shall publish a notice of the established grievance procedures for resolving complains of discrimination to parents/guardians, employees, students and the community. The public notice shall:

1. inform parents, employees, students and the community that education programs, including but not limited to vocational programs, are offered without regard to actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex, sexual orientation, or gender (including gender identity and expression);
2. provide the name and contact information of the person (s) designated to coordinate activities concerning discrimination; and
3. be included in announcements, bulletins, catalogues, and applications made available by the district.

The Board authorizes the Superintendent of Schools to establish such rules, regulations and procedures necessary to implement and maintain this policy.
