Instructions for opening the AP app for AP Exams

1. After configuring the digital testing application in your managed network, students can LAUNCH the app on their school-managed Chromebook.
   
   a. Power on the device, but do not log in.
   
   b. In the lower left of the screen, select Apps > 2021 Digital AP Exams to launch.

   ![App Launch Image]

   c. Confirm the digital testing application login screen appears.
      
      If the login screen appears, the digital testing app has successfully been installed.
