ACTION PERTAINING TO EXECUTIVE SESSION

**BOE01 – License Agreement – Sophie Finn**

**WHEREAS,** the voters of the Kingston City School District at the Annual Meeting on May 21, 2013, approved a proposition to sell the Sophie Finn Elementary School building and approximately 6 acres of land (“Property”) to the County of Ulster (“County”) and the County wishes to perform certain testing, inspections, evaluations, studies and other design work on the Property and a comprehensive State Environmental Quality Review Act (SEQRA) process in furtherance of the sale of such Property to the County;

**BE IT RESOLVED,** that the Board of Education hereby authorizes the Board President to execute a License Agreement between the School District and the County of Ulster to enable the County to enter upon the Property to perform such tests, inspections, evaluations, studies and other design work, and the SEQRA process in furtherance of the sale of such Property to the County. A copy of the License Agreement shall be incorporated by reference within the minutes of this meeting.

Ms. Bowers made a motion to adopt the above resolution; seconded by Ms. Scherer. The motion carried unanimously.

**BOE02 – Sale of Tillson School Building**

**WHEREAS,** the Board of Education, through its real estate brokers, Deegan-Sanglyn Commercial Real Estate, solicited bids/offers via Advertisement for Sale of the Tillson School Building and property, 56 Grist Mill Road, Tillson, New York, for a period of more than 30 days; and

**WHEREAS,** the Board of Education has received two offers for the purchase of the Tillson, the highest offer being in the amount of $100,000; and

**WHEREAS,** the Board of Education believes that it is in the best interest of the School District to sell the Tillson School Building and property to the party presenting the highest offer, for the amount of $100,000; and

**WHEREAS,** since this building has been closed and discontinued for use since 2005, with the sale for no stated future use or purpose the Board believes the sale to be a Type II Action of the School District within the meaning of the New York State Environmental Quality Review Act (SEQRA):

**THEREFORE, BE IT RESOLVED,** that the Board of Education hereby determines that the sale of the Tillson School Building and property is a Type II Action pursuant to §617.5(c) of the SEQRA Regulations and will not have any significant environmental impacts; and

**BE IT FURTHER RESOLVED,** that the Board of Education hereby authorizes the sale
of the Tillson School Building and property located at 56 Grist Mill Road, Tillson, New York, to Chaim Moskovits, the highest offeror pursuant to the Advertisement for Sale and the execution of a Quitclaim Deed by the Board of Education or a majority of the Board of Education members; and

BE IT FURTHER RESOLVED, that Board President and Superintendent of Schools are hereby authorized to execute all other documents required for the closing of title on such property, in order to effectuate the sale of such real property by the Kingston City School District to Chaim Moskovits.

Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Coston. The motion carried unanimously.

SUPERINTENDENT’S REPORT

Redistricting Update

Dr. Padalino reported that curriculum development is continuing for all programs throughout the district for elementary, middle and high school. Professional development for Special Education took place during this week and other professional development opportunities will continue throughout the summer as well. He stated that the professional development calendar for the year will be placed on the website on the 29th and sent out to all our teachers. He distributed the progress chart from Mr. Clapper highlighting the moves and some of the in house construction projects. Camera installation on the buses will be installed in August and the middle school assignments and staffing should be complete this week.

Kingston High School 2nd Century Project

Dr. Padalino reported that he is working with KSQ, BBL, Kate Heidecker and a member of the community, Marjorie McCord to put together a communication team to be ready to begin promoting the project next month. He also reported that he and Ms. Scherer had met with the Friends of Historic Kingston and a team of district employees and the school architects to do a group tour of MJM, where a small presentation of the vision for the high school was given by Mr. Quadrini and Mr. Hillje showed them some of the reasons why MJM is not repairable.

Dr. Jacobowitz inquired about the instructional coaches at the elementary level and whether they will be assigned to grade levels or buildings. Dr. Padalino responded that the coaches have chosen to do grade level and it will be reevaluated halfway through the year to see how effective it is and whether adjustments need to be made. Dr. Jacobowitz also inquired whether there would be two instruction coaches at each middle school and whether they would be grade or building assigned. Dr. Padalino stated that the intent is for two at each school but they are still interviewing and the decision has not been made yet as far as how they will be assigned.

Dr. Padalino reported that the initial cost estimates for moving out of Cioni is not proving to be too high and he has asked KSQ to look at our current vacant buildings to see which would be the most viable and cost effective options to house administration and the warehouse. A brief discussion followed.

Tillson Update

Dr. Padalino reported that the buyer is motivated to close quickly and it is moving along. Mr. McCoy inquired about the plaques and other memorabilia from Tillson. Dr. Padalino stated that they would be walking thru again prior to the final sale and would bring back any remaining items to Crown St.

APPROVAL OF MINUTES

Minutes of July 3, 2013

Rev. Childs made a motion to adopt the minutes of July 3, 2013; seconded by Ms. Bowers. The motion carried unanimously.
RESOLUTIONS (Consent Agenda)

Mr. McCoy asked if Board members had any resolutions they would like pulled from the consent agenda; Board Members did not pull any. Ms. Scherer made a motion to adopt the consent agenda; seconded by Ms. Bowers. Mr. McCoy noted that Resolution R18 has been amended to cancel the meeting scheduled for September 4th due to the Jewish Holiday of Rosh Hashanah. The motion carried unanimously.

**BE IT RESOLVED** that the Board hereby authorizes the District Clerk to notify the Department of State pursuant to the requirements of newly enacted Section 53(3) of the General Municipal Law that a copy of every Notice of Claim served upon the Secretary of State regarding this School District must be transmitted to the office of the District Clerk in accordance with the provisions of Section 50-e (3)(f) of the General Municipal Law; and

**BE IT FURTHER RESOLVED** that the District Clerk’s actions in completing and filing the District’s Certificate of Designation for Service of Notice of Claim with the Department of State on or before July 15, 2013 are hereby ratified.

**BOE06 – Appointment to the Audit and Finance Committee**

**WHEREAS**, Board of Education Policy 6690 requires the Board to annually appoint the members of the Audit and Finance committee,

**NOW THEREFORE**, the following appointments are made to the Audit and Finance Committee for the 2013-2014 school year: James Shaughnessy, Chair; Trustee Nora Scherer, James D. Michael, and Public Member William F. Berardi, CPA.

****End of Consent Agenda****

**BOARD OF EDUCATION**

**Board of Education Self Evaluation**

Mr. McCoy stated that there were three models in the packets and he asked for feedback. Discussion followed. Mr. Shaughnessy suggested that a subcommittee of the Board be formed in order to bring together the best of the models and to mold it to fit some of the concerns expressed by the board. Board members agreed and Mr. Shaughnessy, Ms. Collins and Ms. Scherer volunteered. Mr. McCoy asked that they meet and report back for the August 14th meeting.

**Committee Assignments**

Mr. McCoy asked if anyone had any changes or concerns regarding the tentative assignments. Ms. Bowers stated that they are looking at a change for the date/time for the meeting of the Policy Committee and she will report back when they have a consensus.

**Policy Committee**

Ms. Bowers reported that the committee has two policies for a first reading: Policies 5340 Educational Community Standard of Dress (Appendix A) and 9645 Disclosure of Employee Misconduct (Appendix B). She stated that Policy 5340 requires a Public Hearing for any changes and it will be scheduled for 5:45 on August 14th. Policy 9645 has been replaced with NYSSBA draft of the policy. The next meeting of the policy committee is scheduled for August 13th and the schedule will change after that.
OLD BUSINESS

Mr. Shaughnessy stated that there are goals in the CDEP report and the information is not included in the Annual Summary Report that would allow the Board to evaluate whether the district has attained those goals or not. He asked that before the Annual Summary Report is finalized the Board discuss it to see if it contains the information the Board needs in order to evaluate the attainment of district and Board goals. Ms. Bowers suggested that the Board gives some direction rather than have a discussion. Ms. Scherer suggested that it be discussed at the summer CDEP meeting and Ms. Corsones will advise when the meeting date is set.

NEW BUSINESS

Ms. Scherer announced that the class of 2015 has begun work on a Centennial Celebration, however they do not have the funds to do some of the suggestions and they will be fundraising. Ms. Bowers suggested that the next budget cycle include some funds since it is a district celebration and she expressed some concern about how the fundraising is undertaken. Dr. Padalino responded that Administration will look at including it as part of the next budget process.

Dr. Jacobowitz inquired if more than 3 seats were available to attend the Patterns for Progress Roundtable. Dr. Padalino explained that he has already asked and their response was they would know more above availability in a week or two and he would let board members know as soon as he hears back from them.

EDUCATIONAL COMMUNITY STANDARD OF DRESS

The Kingston City School District recognizes that decisions regarding dress and grooming require a careful balance of the right of self-expression against the District’s obligations to ensure an appropriate educational environment for the provision of the health, safety, and welfare of the school community. It is within the responsibility of the Board of Education to set a standard of dress appropriate for our educational community. In order to be certain that these provisions are reflective of the community standards, they have been developed collaboratively with teachers, administrators, students, and parents.

This Standard of Dress is to be followed in school and on school grounds during regular school hours and at school functions, whether or not on school premises. The principal or his/her designee may waive application of parts of the Dress Standard for special events.

Members of the educational community are expected to be clean and well groomed in their appearance. They represent our District and community, but more importantly, each represents himself or herself as an individual. Teachers, District personnel, and parents should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

The following are deemed to be inappropriate, either because they interfere with the health and safety of our students and staff, or because they are not appropriate to the educational setting, or are disruptive to the educational process:

- Any dress or appearance which is vulgar, obscene, libelous, or advocates discrimination or denigrates others on the basis of **actual or perceived** race, color, weight, national origin, ethnic group, creed, religion, religious practice, gender (including gender identity and expression), sexual orientation, age, marital/parental status, disability or predisposing genetic characteristic.
  - Any dress or appearance which advocates or encourages illegal activities, violent crimes, or gang related activity and/or colors.
  - Any dress with messages that encourage or advocate sexual activity, the use of illegal drugs, alcohol and/or tobacco
  - **Headwear**: Caps, doo-rags, bandanas, sports caps, stocking caps, visors, hoods of hooded sweatshirts – This does not include hair adornment of a utilitarian nature (barrettes, hair bands, scrunchies), or headwear worn for religious or medical reasons.
  - **Jewelry**: jewelry which can injure the student or others.
  - **Sunglasses**
  - **Shirts (including blouses and tops)**: shirts, blouses, and tops which extend below the fingertips either at the sleeve or in overall length; SHOULDER STRAPS MUST BE THE WEARER’S SECOND AND THIRD FINGERS OR MORE IN WIDTH;
exposure of bare midriffs, backs, or cleavage (front and back), e.g., halter tops, strapless tops.

- **Skirts/Shorts/Pants**: Skirts, shorts, and pants with inappropriate messages/sayings on the rear of the clothing. Skirts, shorts, and skirt slits shorter than one inch beyond the wearer’s fingertips;

- **Outerwear**: Any form or article of clothing designed primarily for outdoor use while attending class or before/after school indoor activities (e.g., parkas, rain or trench coats, vests, jackets, gloves, mittens).

- **Sleepwear/Undergarments**: Visible undergarments; Sleepwear, including bedroom slippers, and any dress similar in nature to sleepwear.

- **Inappropriate Spandex Clothing**

- **Bathing Suits**

  In Addition to the above the following apply:

- **Footwear**: Footwear must be worn at all times to ensure personal safety and the safety of others. (Flip-flops are permitted).

- **Backpacks**: Backpacks/luggage are not permitted to be carried in the hallways during the school day in elementary schools (backpacks are permitted in the middle and high school).

- **Protective Clothing**: Students must be dressed in appropriate clothing and protective equipment as required for physical education classes, participation in athletics, science laboratories, and home and career skills classes.

Students who violate this Standard of Dress shall be required to modify their appearance by covering or removing the offending item, and if necessary or practical, replacing it with an acceptable item. Any student who refuses to comply shall be subject to discipline, up to and including school suspension. Any student who repeatedly fails to comply shall be subject to further discipline, up to and including out of school suspension. This policy will be reviewed annually.

Appendix “B”

DISCLOSURE OF WRONGFUL CONDUCT
(Whistleblower Policy)

The Board of Education expects officers and employees of the district to fulfill the public’s trust and to conduct themselves in an honorable manner, abiding by all district policies and regulations and by all applicable state and federal laws and regulations.

However, when district officers or employees know or have reasonable cause to believe that serious instances of wrongful conduct (e.g., mismanagement of district resources, unethical behavior, violations of law or regulation, and/or abuse of authority) have occurred, they should report such wrongful conduct to the Board or one of its designated officers.

For purposes of this policy, the term “wrongful conduct” shall be defined to include:

- theft of district money, property, or resources;
- misuse of authority for personal gain or other non-district purpose;
- fraud;
- actions that compromise the security and integrity of the district’s or state’s testing program;
- violations of applicable federal and state laws and regulations; and/or
- serious violations of district policy, regulation, and/or procedure.

Disclosure and Investigation

Employees and officers who know or have reasonable cause to believe that wrongful conduct has occurred shall report such mismanagement, fraud or abuse to the Superintendent of Schools, the School Attorney or the Independent Auditor. Each of these Board-designated officers, upon receiving a report of alleged wrongful conduct, shall take immediate steps to conduct an investigation.

Staff members who suspect that a violation of state testing procedures has occurred shall report their concerns to the Building Principal, the Superintendent, or the State Education Department. Any Building Principal receiving such a report shall relay this information to the Superintendent.

The Superintendent, School Attorney or the Independent Auditor shall maintain a written record of the allegation, conduct an investigation to ensure that the appropriate unit (auditors, police, SED, etc.) investigates the disclosure, and notify the Board when appropriate to do so.

Except as otherwise provided in either state and/or federal law, the Board-designated officer shall make all reasonable attempts to protect the identity of the employee making the disclosure in a confidential manner, as long as doing so does not interfere with conducting an investigation of the specific allegations or taking corrective action.
The district shall not take adverse employment action against an employee who has notified the district of wrongdoing, allowing the district the opportunity to investigate and correct the misconduct.

Complaints of Reprisal

An employee who has been subject to an adverse employment action based on his or her prior disclosure of alleged or actual wrongful conduct may contest the action by filing a written complaint of reprisal with the Board President. The Board President, or his/her designee, will review the complaint expeditiously to determine:

- whether the complainant made a disclosure of alleged wrongful conduct before an adverse employment action was taken;
- whether the responding party could reasonably have been construed to have had knowledge of the disclosure and the identity of the disclosing employee;
- whether the complainant has in fact suffered an adverse employment action after having made the disclosure; and
- whether the complainant alleges that adverse employment action occurred as a result of the disclosure.

If the designee determines that all of the above elements are present, he or she shall appoint a review officer or panel to investigate the claim and make a recommendation to the Board. At the time of appointment, the designee shall inform the complainant and the respondent, in writing, of:

- the intent to proceed with an investigation;
- the specific allegations to be investigated;
- the appointment of the review officer or panel; and
- the opportunity of each party to support or respond, in writing, to the allegation.

Once the review officer or panel has conducted a review and considers the investigation to be complete, the officer or panel will notify the designee of its completion. From the date of that notice, the review officer has 30 days to report his or her findings and make any recommendations he or she deems appropriate to the designee. The designee, in conferral with the appropriate administrator shall issue a letter of findings to both the complainant and the respondent.

The decision of the review officer or panel is binding.

Nothing in this policy is intended to interfere with legitimate employment decisions.

The Superintendent of Schools shall establish regulations necessary to implement this policy.
This policy and accompanying regulations shall be published in employee handbooks, posted in employee lounges and given to all employees with fiscal accounting and/or money handling responsibilities on an annual basis.

The Superintendent of Schools, the Auditor, the School Attorney and others involved in implementing this policy shall meet with the Board once a year to evaluate the effectiveness of this policy and to make appropriate adjustments, if any, to the policy and accompanying regulations.

****End of Consent Agenda****

Ms. Bowers made a motion to adopt the following resolution; seconded by Rev. Coston.

**MOTION TO POSTPONE**

Mr. Shaughnessy made a motion to postpone the resolution; seconded by Ms. Bowers. The motion to postpone carried on a vote of 5-2-2; No: Mr. McCoy and Ms. Scherer; Absent: Rev. Childs and Ms. Collins.

**BOE11 - Amending Resolution Sale of Tillson**

WHEREAS, the Board of Education at the meeting of July 3, 2013 approved a resolution to sell the Tillson School Building and property to Chaim Moskovits, the highest offeror pursuant to the Advertisement for Sale and execution of a Quitclaim Deed; and

WHEREAS, Mr. Moskovits has created a Limited Liability Corporation, known as “Life with Light LLC”, and requests that the property purchase be in the name of such Limited Liability Corporation of which he is sole owner; and

WHEREAS, Mr. Moskovits’s underwriter requires that the property be transferred by Bargain and Sale with covenants deed, except for that portion of the property received by the School District by Quitclaim Deed (gore area along the south side of Grist Mill Road);

THEREFORE, BE IT RESOLVED, that the Board of Education hereby amends the resolution approved on July 3, 2013, by authorizing the sale of the Tillson School Building and property located at 56 Grist Mill Road, Tillson, New York, to Life with Light LLC, the Limited Liability Corporation recently established by the highest offeror, Chaim Moskovits, who is the sole owner thereof, and, further, authorizing the execution of a Bargain and Sale Deed with covenants for the property, except for the gore area along the south side of Grist Mill Road which is authorized to be executed by Quitclaim Deed by the Board of Education or a majority of the Board of Education members; and

BE IT FURTHER RESOLVED, that Board President and Superintendent of Schools are hereby authorized to execute all other documents required for the closing of title on such property, in order to effectuate the sale of such real property by the Kingston City School District to Life with Light LLC.
RECOGNITION AND INTRODUCTION TO NEW EMPLOYEES

Dr. Padalino asked that the new employees to stand and introduce themselves. Andrea Demosthenes, Cassandra Taylor, Robin Brennan, Christina Faccini, Jessica Jacobs and Ann Killian introduced themselves.

BOARD OF EDUCATION

Board of Education Self Evaluation

Ms. Scherer and Mr. Shaughnessy reported that the subcommittee had met and they found that the State of Oregon Board Evaluation Tool is very similar to the tool used to evaluate the Superintendent and they modified it slightly to be consistent between the two tools and felt that it should be done annually and posted to the web as the Superintendents is. Board members agreed. Ms. Bowers suggested some modification and it was decided that it would be tweaked during policy committee. Mr. McCoy thanked them for their work on this committee.

Coffee & Conversation

Ms. DiPerna asked for a volunteer for September 11 at Dominick Dreamweaver Café at 8:00 a.m. Ms. Bowers volunteered. Mr. Shaughnessy asked that a compilation be done to determine the participation of the public in this program to see if it a useful tool for the public.

Policy Committee

Ms. Bowers reported that the committee has two policies for adoption: Policies 5340 Educational Community Standard of Dress (Appendix A) and 9645 Disclosure of Employee Misconduct (Appendix B). She stated that Policy 5340 requires a Public Hearing for any changes and it had been held prior to the board meeting. Policy 9645 has been replaced with NYSSBA draft of the policy. The policy committee schedule has been changed to the 1st Friday of each month at 9 a.m. She brought forward the following resolution:

**BOE07 Policy Adoption—5340 Educational Community Standard of Dress & 9645 Disclosure of Employee Misconduct**

WHEREAS, the Kingston City School District has contracted with NYSSBA as consultants to the Board of Education for the review, amendment, and adoption of its policy manual, and

WHEREAS, a sub-committee of the board, in consultation with NYSSBA and legal counsel have prepared the following policies for amendment and adoption

NOW THEREFORE BE IT RESOLVED, that the Board of Education adopt the following amended policies:

5340 Educational Community Standard of Dress (see Appendix A)

9645 Disclosure of Employee Misconduct (see Appendix B)
Ms. Bowers made a motion to adopt the above resolution; seconded by Mr. Michael. The motion carried unanimously.

**Audit & Finance Committee**

Mr. Shaughnessy reported that the committee had me on July 23rd and Mr. Ziobrowski from Questar III was in attendance in order to begin the discussions on which policies are to be audited and the schedule for auditing them; included in the discussion was the Volunteer Policy and Fixed Assets. Also discussed was the updated risk assessment which will be done in December and the possibility of going out for an RFP in the spring since the Questar contract will be expiring. The Treasurers & the Claims Auditor Reports for May & June were reviewed and the committee agreed to bring forward the following resolutions:

**BOE09 – Treasurers Report – May & June**

**BE IT RESOLVED**, that the following Treasurer’s Report for May & June 2013 be accepted as attached (see Appendix D).

Mr. Shaughnessy made a motion to adopt the above resolution; seconded by Mr. Bowers. The motion carried unanimously.

**BOE08 – Claims Auditor Report – May & June**

**BE IT RESOLVED**, that the following Claims Auditor report be accepted for May & June 2013 as attached (see Appendix C).

Mr. Shaughnessy made a motion to adopt the above resolution; seconded by Mr. Scherer. The motion carried unanimously.

The next meeting of the Audit & Finance Committee will be on August 27th at 11:00 at Crown Street.

**Realignment of Election Districts**

**BOE10 – Realignment of Election Districts** (see Appendix E)

**WHEREAS**, the Kingston City School District currently has 10 election districts with Sophie Finn Elementary School serving as the polling place in Election District No. 4, Anna Divine Elementary School serving as the polling place in Election District No. 6 and Zena Elementary School serving as the polling place in Election District No. 10; and

**WHEREAS**, as a result of the closing of the Sophie Finn, Anna Devine and Zena Elementary Schools at the end of the 2012-13 school year, the Board of Education believes it to be in the interest of the District to reduce the number of election districts to seven election districts by removing Sophie Finn, Anna Devine and Zena Elementary Schools as polling places and redistributing the voters who previously voted at such Elementary Schools to other schools for School District elections and votes;
THEREFORE, BE IT RESOLVED, that the Board of Education hereby revises and renumbers the polling places as set forth on the attachment hereto, which is made a part of this resolution, effective for all school district meetings, elections and votes which shall occur at least 30 days after the adoption of this resolution.

Ms. Bowers made a motion to adopt the above resolution; seconded by Dr. Jacobowitz. Discussion followed. The motion carried unanimously.

**Curriculum & Instruction Committee**

Dr. Jacobowitz reported that the committee had met on July 3rd and they discussed the RTI Plan, the Summer 9 Program, the 9th Grade Academy, curriculum mapping, and enrichment and acceleration. The committee will be meeting on the last Thursday of each month and the next meeting will be on August 29th at 9:30 and Ms. Scherer will be chairing that meeting.

**OLD BUSINESS**

Nothing was offered at this time.

**NEW BUSINESS**

Ms. Scherer reported that Patterns of Progress held a forum on the declining school population and the closing of many school buildings. Dr. Padalino and several board members had attended as well as many other districts in the Hudson Valley. Mr. Shaughnessy stated that Kingston has completed the closing of schools process while many other districts haven’t started the process. Dr. Padalino added that Kingston saw the cliff before many other districts and was able to give more thought to the process. Discussion followed.

Mr. McCoy asked that Dr. Padalino look into KHS Radio.

Mr. McCoy reported that he, Dr. Padalino and Ms. Scherer had met with leaders of DWPC and Ms. Scherer would be the new liaison to the committee.

**BOARD MEMBERS ANNOUNCEMENTS**

Mr. Shaughnessy read the following statement:

The results of the 2013 state assessments for Grades 3-8 have been released. As expected, the results reported a significant decline in the number of students being proficient in grade-level skills.

Commissioner King assures us that this doesn’t represent a decline in student performance. That being true, what it does represent is serious delusion in years past.

Commissioner Kings says that results will not negatively impact staff and school evaluations. That being the case, why was there such tremendous pressure to rush to implement the APPR? SED knew the state assessments could not be used because they tested material that had not been taught?
What is the impact on children of sitting down to take a series of tests and being able to answer correctly only 25% of the questions.

No Child Left Behind was signed into law in 2002 and mandated the annual testing in grades 3-8. The goal was that by the end of the 2013-2014 school year, all students would be grade-level proficient in English Language Arts and Mathematics.

We are one year away from that deadline. Where are we in meeting that goal?

SED reports on approximately 22,500 grade-level test results for all of the public schools in NYS. For instance, in Kingston, each of elementary school has 6 grade-level test results: grades 3, 4, & 5 ELA, and grades 3, 4, & 5 Math.

Statewide, in 2009, there were 1,216 results (22,466) where all of the students achieved proficiency at levels 3 and 4. 5.4%

In 2010, the “cut” scores were raised. There were 79 results (22,562) where all students achieved levels 3 and 4. 0.35%

In 2013, the standards, scale, and “cut” scores have been changed. There were 8 results (22738) where all students achieved levels 3 and 4. 0.035%

If this was theater, it would be of the absurd.

PUBLIC PARTICIPATION

Nothing was offered at this time.

ADJOURNMENT

There was no further business before the board and on motion by Rev. Coston; seconded by Mr. Michael, the Board members unanimously agreed to adjourn the meeting at 9:12 p.m.

KINGSTON CITY SCHOOL DISTRICT Policy #5340

EDUCATIONAL COMMUNITY STANDARD OF DRESS

The Kingston City School District recognizes that decisions regarding dress and grooming require a careful balance of the right of self-expression against the District’s obligations to ensure an appropriate educational environment for the provision of the health, safety, and welfare of the school community. It is within the responsibility of the Board of Education to set a standard of dress appropriate for our educational community. In order to be certain that these provisions are reflective of the community standards, they have been developed collaboratively with teachers, administrators, students, and parents.

This Standard of Dress is to be followed in school and on school grounds during regular school hours and at school functions, whether or not on school premises. The principal or his/her designee may waive application of parts of the Dress Standard for special events.

Members of the educational community are expected to be clean and well groomed in their appearance. They represent our District and community, but more importantly, each represents himself or herself as an individual. Teachers, District personnel, and parents should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

The following are deemed to be inappropriate, either because they interfere with the health and safety of our students and staff, or because they are not appropriate to the educational setting, or are disruptive to the educational process:

- Any dress or appearance which is vulgar, obscene, libelous, or advocates discrimination or denigrates others on the basis of actual or perceived race, color, weight, national origin, ethnic group, creed, religion, religious practice, gender (including gender identity and expression), sexual orientation, age, marital/parental status, disability or predisposing genetic characteristic.
- Any dress or appearance which advocates or encourages illegal activities, violent crimes, or gang related activity and/or colors.
- Any dress with messages that encourage or advocate sexual activity, the use of illegal drugs, alcohol and/or tobacco
- **Headwear**: Caps, doo-rags, bandanas, sports caps, stocking caps, visors, hoods of hooded sweatshirts – This does not include hair adornment of a utilitarian nature (barrettes, hair bands, scrunchies), or headwear worn for religious or medical reasons.
- **Jewelry**: jewelry which can injure the student or others.
- **Sunglasses**
- **Shirts (including blouses and tops)**: shirts, blouses, and tops which extend below the fingertips either at the sleeve or in overall length; SHOULDER STRAPS MUST BE THE WEARER’S SECOND AND THIRD FINGERS OR MORE IN WIDTH; exposure of bare midriffs, backs, or cleavage (front and back), e.g., halter tops, strapless tops.
• **Skirts/Shorts/Pants**: Skirts, shorts, and pants with inappropriate messages/sayings on the rear of the clothing. Skirts, shorts, and skirt slits shorter than one inch beyond the wearer’s fingertips;

• **Outerwear**: Any form or article of clothing designed primarily for outdoor use while attending class or before/after school indoor activities (e.g., parkas, rain or trench coats, vests, jackets, gloves, mittens).

• **Sleepwear/Undergarments**: Visible undergarments; Sleepwear, including bedroom slippers, and any dress similar in nature to sleepwear.

• **Inappropriate Spandex Clothing**

• **Bathing Suits**

*In Addition to the above the following apply:*

• **Footwear**: Footwear must be worn at all times to ensure personal safety and the safety of others. (Flip-flops are permitted).

• **Backpacks**: Backpacks/luggage are not permitted to be carried in the hallways during the school day in elementary schools (backpacks are permitted in the middle and high school).

• **Protective Clothing**: Students must be dressed in appropriate clothing and protective equipment as required for physical education classes, participation in athletics, science laboratories, and home and career skills classes.

Students who violate this Standard of Dress shall be required to modify their appearance by covering or removing the offending item, and if necessary or practical, replacing it with an acceptable item. Any student who refuses to comply shall be subject to discipline, up to and including school suspension. Any student who repeatedly fails to comply shall be subject to further discipline, up to and including out of school suspension. This policy will be reviewed annually.

5305 Kingston High School Student Code of Conduct (Jefferson Code)

Revised & Adopted 12/5/07 by the Board of Education  
Renumbered 10/1/08 (prior no. 7312)  
Revised: 09/16/09  
1st Reading of Revision: 07/19/13  
Revision Adopted: 08/14/13
The Board of Education expects officers and employees of the district to fulfill the public’s trust and to conduct themselves in an honorable manner, abiding by all district policies and regulations and by all applicable state and federal laws and regulations.

However, when district officers or employees know or have reasonable cause to believe that serious instances of wrongful conduct (e.g., mismanagement of district resources, unethical behavior, violations of law or regulation, and/or abuse of authority) have occurred, they should report such wrongful conduct to the Board or one of its designated officers.

For purposes of this policy, the term “wrongful conduct” shall be defined to include:

- theft of district money, property, or resources;
- misuse of authority for personal gain or other non-district purpose;
- fraud;
- actions that compromise the security and integrity of the district’s or state’s testing program;
- violations of applicable federal and state laws and regulations; and/or
- serious violations of district policy, regulation, and/or procedure.

Disclosure and Investigation

Employees and officers who know or have reasonable cause to believe that wrongful conduct has occurred shall report such mismanagement, fraud or abuse to the Superintendent of Schools, the School Attorney or the Independent Auditor. Each of these Board-designated officers, upon receiving a report of alleged wrongful conduct, shall take immediate steps to conduct an investigation.

Staff members who suspect that a violation of state testing procedures has occurred shall report their concerns to the Building Principal, the Superintendent, or the State Education Department. Any Building Principal receiving such a report shall relay this information to the Superintendent.

The Superintendent, School Attorney or the Independent Auditor shall maintain a written record of the allegation, conduct an investigation to ensure that the appropriate unit (auditors, police, SED, etc.) investigates the disclosure, and notify the Board when appropriate to do so.

Except as otherwise provided in either state and/or federal law, the Board-designated officer shall make all reasonable attempts to protect the identity of the employee making the disclosure in a confidential manner, as long as doing so does not interfere with conducting an investigation of the specific allegations or taking corrective action.
The district shall not take adverse employment action against an employee who has notified the district of wrongdoing, allowing the district the opportunity to investigate and correct the misconduct.

**Complaints of Reprisal**

An employee who has been subject to an adverse employment action based on his or her prior disclosure of alleged or actual wrongful conduct may contest the action by filing a written complaint of reprisal with the Board President. The Board President, or his/her designee, will review the complaint expeditiously to determine:

- whether the complainant made a disclosure of alleged wrongful conduct before an adverse employment action was taken;
- whether the responding party could reasonably have been construed to have had knowledge of the disclosure and the identity of the disclosing employee;
- whether the complainant has in fact suffered an adverse employment action after having made the disclosure; and
- whether the complainant alleges that adverse employment action occurred as a result of the disclosure.

If the designee determines that all of the above elements are present, he or she shall appoint a review officer or panel to investigate the claim and make a recommendation to the Board. At the time of appointment, the designee shall inform the complainant and the respondent, in writing, of:

- the intent to proceed with an investigation;
- the specific allegations to be investigated;
- the appointment of the review officer or panel; and
- the opportunity of each party to support or respond, in writing, to the allegation.

Once the review officer or panel has conducted a review and considers the investigation to be complete, the officer or panel will notify the designee of its completion. From the date of that notice, the review officer has 30 days to report his or her findings and make any recommendations he or she deems appropriate to the designee. The designee, in conferral with the appropriate administrator shall issue a letter of findings to both the complainant and the respondent.

The decision of the review officer or panel is binding.

Nothing in this policy is intended to interfere with legitimate employment decisions.

The Superintendent of Schools shall establish regulations necessary to implement this policy.
This policy and accompanying regulations shall be published in employee handbooks, posted in employee lounges and given to all employees with fiscal accounting and/or money handling responsibilities on an annual basis.

The Superintendent of Schools, the Auditor, the School Attorney and others involved in implementing this policy shall meet with the Board once a year to evaluate the effectiveness of this policy and to make appropriate adjustments, if any, to the policy and accompanying regulations.

CALL TO ORDER/ROLL CALL/PLEDGE OF ALLEGIANCE

Mr. McCoy, President of the Board, called the meeting to order at 6:00 p.m. All Board members were present with the exception of Rev. Childs who was excused and Mr. Shaughnessy who arrived at 6:01 p.m.

EXECUTIVE SESSION

Rev. Coston made a motion to adjourn to executive session at 6:01 p.m., seconded by Ms. Scherer to discuss collective bargaining under the Taylor Law (KTF, CSEA, ESP, ASPA); matters leading to the employment of particular individual(s); employment history of particular individual(s) or corporation(s); review of programs and placements of students with disabilities, and the proposed acquisition, sale, or lease of real property and publicity would substantially affect the value thereof. The motion carried unanimously.

RETURN TO PUBLIC SESSION

The Board members returned to public session at 7:00 p.m.

MOTION TO AMEND AGENDA

Rev. Coston made a motion to amend the agenda to bring forward Resolution #2013-BOE11 Amending Resolution; seconded by Ms. Bowers. The motion to amend the agenda carried unanimously.

Mr. McCoy read the following resolution:

Resolution 2013-BOE11 - Amending Resolution

WHEREAS, the Board of Education at the meeting of July 3, 2013 approved a resolution to sell the Tillson School Building and property to Chaim Moskovits, the highest offeror pursuant to the Advertisement for Sale and execution of a Quitclaim Deed; and

WHEREAS, Mr. Moskovits has created a Limited Liability Corporation, known as “Life with Light LLC”, and requests that the property purchase be in the name of such Limited Liability Corporation of which he is sole owner; and
WHEREAS, Mr. Moskovits’s underwriter requires that the property be transferred by Bargain and Sale with covenants deed, except for that portion of the property received by the School District by Quitclaim Deed (gore area along the south side of Grist Mill Road);

THEREFORE, BE IT RESOLVED, that the Board of Education hereby amends the resolution approved on July 3, 2013, by authorizing the sale of the Tillson School Building and property located at 56 Grist Mill Road, Tillson, New York, to Life with Light LLC, the Limited Liability Corporation recently established by the highest offeror, Chaim Moskovits, who is the sole owner thereof, and, further, authorizing the execution of a Bargain and Sale Deed with covenants for the property, except for the gore area along the south side of Grist Mill Road which is authorized to be executed by Quitclaim Deed by the Board of Education or a majority of the Board of Education members; and

BE IT FURTHER RESOLVED, that Board President and Superintendent of Schools are hereby authorized to execute all other documents required for the closing of title on such property, in order to effectuate the sale of such real property by the Kingston City School District to Life with Light LLC.

Rev. Coston made a motion to adopt the above resolution; seconded by Ms. Bowers. The motion to adopt was defeated unanimously.

Mr. McCoy read the following statement:

At this meeting tonight the Board voted to reject the demands of Mr. Moskovits that the sale of the Tillson school building to a Limited Liability Corporation thru the vehicle of a Bargain and Sale Deed. The Board voted its approval of the sale on July 3, 2013 with the understanding that the parties would close promptly after the vote with the Quitclaim Deed. The closing has not occurred and a Quitclaim Deed has not been accepted as a basis for conveying the title. Accordingly there will be no sale of the property to Mr. Moskovits under these terms and the Board will be re-advertising for bids.

ACTION PERTAINING TO EXECUTIVE SESSION

Resolution #2013-BOE15

BE IT RESOLVED, that the Board hereby adopts the Findings of Fact and Penalty Recommendation of Hearing Officer Sheila Cole, Esq. contained in her Report and Findings dated June 7, 2013 and Report and Recommendation dated July 14, 2013, in the Section 75 Civil Service Law disciplinary hearing regarding Barry Dunn; and

BE IT FURTHER RESOLVED, that the Board hereby terminates Barry Dunn from his position as a Security Guard effective close of business August 22, 2013.

Ms. Bowers made a motion to adopt the above resolution; seconded by Ms. Scherer. The motion carried unanimously.

Resolution #2013-BOE16 - School Comprehensive Education Plan

BE IT RESOLVED, that the Board of Education hereby approves the School Comprehensive Education Plan (SCEP) to be submitted as part of the District Comprehensive Improvement
Plans, that addresses all of the tenets outlined in the Diagnostic Tool for School and District Effectiveness for the Focus Schools in the District and authorizes the Superintendent of Schools and Board President to sign the SCEP on behalf of the District; and

BE IT FURTHER RESOLVED, that the District Clerk is hereby directed to ensure that the District Comprehensive Improvement Plans is posted on the District’s website.

Ms. Scherer made a motion to adopt the above resolution; seconded by Dr. Jacobowitz. Mr. Shaughnessy made a motion to amend the resolution by changing the word Plan to Plans; seconded by Ms. Scherer. The motion to amend carried unanimously. Mr. Shaughnessy pointed out that the Board has been put in a situation where they must approve the Plans even though they have not seen them, because the State Ed department has not provided the district with the information that is needed in order to complete the Plans and due to a deadline that must be met in the next few days the Board must approve the plans in order to qualify for Title 1 money. The motion carried on a vote of 7-1: No: Ms. Bowers; Absent: Rev. Childs. Ms. Bowers stated that her no vote was based on the statement Mr. Shaughnessy stated.

Resolution #2013-BOE17 - District Comprehensive Improvement Plan

BE IT RESOLVED, that the Board of Education hereby approves the District Comprehensive Improvement Plan (DCIP) that details how the District plans to improve instruction and address the identified needs of the Focus Schools in the District and authorizes the Superintendent of Schools and Board President to sign the DCIP on behalf of the District; and

BE IT FURTHER RESOLVED, that the District Clerk is hereby directed to ensure that the District Comprehensive Improvement Plan is posted on the District’s website.

Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Coston. Mr. Shaughnessy and Ms. Bowers repeated their previous statements regarding the circumstances surrounding these plans. **B15 - Approval of Homestead - Non-Homestead Tax Shift**

**WHEREAS**, the City of Kingston, an approved assessing unit containing one-third or more of the parcels included in the Kingston City School District, has adopted the homestead and non-homestead tax rate system under the provisions of Section 1903 of the Real Property Tax Law, and

**WHEREAS**, this action provides the school district with the option to use a dual tax rate system for all properties within the district, which includes the City of Kingston and parts of the Town of Esopus, Town of Hurley, Town of Kingston, Town of Marbletown, Town of New Paltz, Town of Rosendale, Town of Saugerties, Town of Ulster and the Town of Woodstock,

**NOW THEREFORE BE IT RESOLVED**, that the Board of Education of the City School District of the City of Kingston adopt the provisions of subdivision 5 of section 1903 of the Real Property Tax Law for purposes of school taxes levied for the fiscal year 2013-2014, using a shift of 11.0%; and

**BE IT FURTHER RESOLVED**, that this authorization is valid for one year only. However, the Board of Education, by Law, reserves the right to renew or rescind this authorization at any time prior to the adoption of a tax warrant.

---

**Note: Tax Apportionment for Homestead/Non-Homestead School Districts**

Article 19 of the Real Property Tax Law (RPTL) describes the use of Homestead and Non-Homestead tax rates; Section 1903 addresses eligibility and options

- Generally speaking, Homestead property is 1-, 2-, and 3-family residences, condominiums and the first 10 acres of residential vacant land; Non-Homestead property is everything else.

- The first step in applying the Homestead/Non-Homestead option is the determination of the proportionate percentage of taxable real property wealth between the two classes of property.

- Within limits determined by Section 1903 of the RTPL a school board may re-apportion the share of taxable real property wealth between the Homestead and Non-Homestead class.

- The Homestead share may not be decreased below 75% of the aggregate proportion; the Non-Homestead share may not be increased more than 125% of the aggregate proportion.

- The re-apportionment of wealth (Homestead v. Non-Homestead) accomplish a shift of the apportioned tax levy in the direction of the Non-Homestead property.

- The tax levy having been re-apportioned between the two classes of property is then allocated to each municipal segment (city and towns) based upon the full value of each segment.
**B17 – Disposal of KCSD Surplus Equipment**

WHEREAS, it is desirable to dispose of the attached Kingston City School District equipment that is no longer in use and is of no value, and continued storage is inadvisable, and

WHEREAS, Dr. Paul J. Padalino, Superintendent of Schools, has reviewed this proposal and recommend this action to be taken, and

NOW THEREFORE BE IT RESOLVED, that the Board of Education of the City School District of Kingston, New York declares the items identified as attached as obsolete and of no value, and that they be disposed of, and

BE IT FURTHER RESOLVED, that Allen Olsen, Assistant Superintendent for Business, be authorized to arrange for such appropriate disposal.

**B18 – Disposal of KCSD Textbooks**

WHEREAS, it is desirable to dispose of / donate dated Kingston City School District textbooks that are no longer in use and are of no value, and continued storage is inadvisable, and

WHEREAS, Dr. Paul J. Padalino, Superintendent of Schools, and Marystephanie Corsones, Assistant Superintendent for Curriculum and Instruction, have reviewed this proposal and recommend this action to be taken, and

NOW THEREFORE BE IT RESOLVED, that the Board of Education of the City School District of Kingston, New York declares the items identified as attached as obsolete and of no value, and that they be disposed of, and

BE IT FURTHER RESOLVED, that Allen Olsen, Assistant Superintendent for Business, be authorized to arrange for such appropriate disposal/donation.

BOARD OF EDUCATION

- Board of Education Goals
  - Resolution #2013-BOE14 - Board of Education Goals for 2013-2014

WHEREAS, Policy No. 0310 charges the Board of Education with setting goals for itself, separate from the goals it sets for the entire district;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Education establishes the following Goals for itself for the 2013-2014 year:

1. Effective implementation of the Common Core Learning Standards for the students of the Kingston City School District.

2. Focus on ways to better the educational experience for the students of our District, while at the same time finding new and creative ways to strengthen our fiscal status with a long range financial planning.

3. Improve the quality of education provided to our students through a system that holds educators accountable, while closing the Gap in test scores (AYP), especially in the sub groups that have shown the least progress.

4. Develop a plan for an Extended Day Pilot Program to assist those students who need additional support, while also continuing to enhance the opportunities available for our higher performing students.

5. Continue to pursue responsible and equitable Collective Bargaining Agreements.

6. Develop a fiscally sound budget for 2014-15

7. Develop a meaningful and comprehensive public relations campaign for the KHS 2nd Century Campus Reconfiguration.

Ms. Bowers made a motion to adopt the above resolution; seconded by Dr. Jacobowitz. Discussion followed.

MOTION TO POSTPONE

Ms. Bowers made a motion to postpone Resolution BOE14 – Board of Education Goals for 2013-2014 until the September 18th board meeting; seconded by Dr. Jacobowitz. Further discussion followed with suggestions for modifications. The motion carried unanimously.

OLD BUSINESS

Mr. McCoy inquired about the signs for the High School Band and the Softball Championships. Dr. Padalino responded that they are awaiting approval from the County Highway Department to have the signs put up by the traffic circle on Washington Ave.
Mr. Shaughnessy inquired about an updated enrollment projection as part of the 2nd Century High School Project. Dr. Padalino stated that KSQ has started the process and he will check back with them.

NEW BUSINESS

Ms. Scherer stated that the 2013 NYSSBA Resolutions were in the packets and asked that board members come prepared to state their objections and/or amendments, if any, to the resolutions that NYSBBA has proposed.

Ms. Bowers asked Dr. Padalino to look into the transportation questions from public participation.

Dr. Jacobowitz inquired about the communications plan regarding the 2nd Century Project. Ms. Scherer stated that it was still in draft form and will be further discussed at the Facilities meeting that was rescheduled to September 11.

Dr. Jacobowitz stated that there would be an invitation to the 2020 Symposium that will be asking for 15 participants to attend and she asked that board members think about who should be attending as representatives of the district.

BOARD MEMBERS ANNOUNCEMENTS

Mr. Shaughnessy stated that he had an opportunity to tour through MJM 9th Grade Academy and he was impressed with the reconditioning of the building and he is very hopeful that it will be successful.

Ms. Bowers reminded board members that there will be a board member policy meeting on September 6th at 9 a.m. The new policy committee schedule will be the first Friday of the month at 9 a.m.

Dr. Padalino recognized the new employees in the District, Erin Contrady, Instructional Coach and Jessica Reynolds, Occupational Therapist.

Dr. Padalino also recognized the unbelievable efforts of the maintenance & custodial staff for their accomplishments this summer which included the facelift on MJM, merging six schools and moving all of the equipment and classrooms in each building, moving the 5th grades, renovating and rehabbing rooms that haven’t been used in a while, helping out with technology, keeping up with regular building and field maintenance in addition to several large maintenance projects within the district. He gave credit to Tom Clapper for his organizational skills and to his staff for showing up each day and doing all that was asked of them.

PUBLIC PARTICIPATION

Ms. Betsy Jordan spoke regarding the 9th Grade Academy.

Ms. Diana Kuster spoke regarding parent involvement and transitions in the schools.

ADJOURNMENT
There was no further business before the board and on motion by Ms. Scherer; seconded by Ms. Bowers, the Board members unanimously agreed to adjourn the meeting at 9:20 p.m.

Board of Education Goals

Resolution #2013 – BOE14 - Board of education Goals for 2013-2014

WHEREAS Policy No. 0310 charges the Board of Education with setting goals for itself separate from the goals it sets for the entire district:

NOW, THEREFORE, BE IT RESOLVED, that the Board of Education establishes the following goals for itself for the 2013-2014 year:

1. Curriculum
   A. Monitor the effective implementation of the Common Core Learning Standards for the students of the Kingston City School District.
B. Monitor the implementation of the new initiatives for the students of our district: Response to Intervention, Literacy and Instructional Coaches, 9th Grade Scholars Academy, Summer 9 Program, the Peaceful Bus Program, Block Scheduling and Project Based Learning.

C. Instruct the superintendent to explore new initiatives to close the gap in test scores in the sub groups that have demonstrated the least progress. (Especially the 10th, 11th and 12th grade at risk students who will not benefit from either the new initiatives at the elementary and middle school levels or the ninth grade academy.)

D. Continue to explore the development of an Extended Day Pilot Program for this school year to assist those students who need additional support.

2. Facilities
   Instruct the superintendent to . . .
A. Develop a meaningful and comprehensive public relations campaign for the KHS 2nd Century Campus Reconfiguration;

B. Continue the structured maintenance and renewal plan currently in effect for all district facilities;

C. Develop a plan for the Warehouse facility;

D. Continue to pursue the sale of those district facilities no longer in use.

3. Fiscal
A. Work with the superintendent to develop a fiscally sound budget for 2014-2015.

B. Encourage the superintendent to find new and creative ways to strengthen the fiscal status of the KCSD through long range financial planning.

C. Require that the superintendent continue to pursue responsible and equitable Collective Bargaining Agreements.

4. Transition/Redistricting
A. Instruct the superintendent to provide the resources and program supports to ensure the success of the students in all of the newly merged elementary schools, and the reconfigured middles schools.

5. Other
A. Actively participate in the Ulster County Symposium on What Education will Look Like in 2020 and the Legislative Action Committee.

B. Refine the Board of Education self-evaluation tool and conduct ongoing and periodic evaluations throughout the school year.

Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Childs. The motion carried unanimously.
OLD BUSINESS

Nothing was offered at this time.

NEW BUSINESS

**Board Packets**

Ms. DiPerna inquired whether board members would be interested in electronic delivery of the board packets. Board members agreed they would prefer the paper version and to stay with the status quo. Rev. Childs stated that he would prefer the electronic version.

*Participation in the Symposium 2020 Vision for Public Education in Ulster County*

Dr. Jacobowitz reviewed what the Symposium is about and asked the board how they want to handle the invitations and whether the Board should be paying the $20 per person. Board Members agreed that the District should pay for the participation fee and Dr. Padalino will reach out to community based organizations for participations and it will be put on the website as well. Mr. McCoy suggested that the resolution be placed on the next agenda in order to fill in the blanks.

**BOARD MEMBERS ANNOUNCEMENTS**

Ms. Scherer announced that she met for the first time with DWPC, there was not a quorum present but there was what sub committees they would have for the 13-14 school year, bus glitches especially at Crosby & Graves, implementation about Project Based Learning, and they outlined plans for a forum on educational issues later in the Fall.

Ms. Sheerer announced that she is working with the Class of 2015 to celebrate the 100th anniversary of the high school and they are working on a Museum Walk and information is pouring in from the community.

Dr. Jacobowitz reported that she has four children, all of which are attending new schools this year, the transitions have been fine, her children are all adjusting and she had been caught in the transportation issues but they have been corrected.

**PUBLIC PARTICIPATION**

Ms. Hernandez spoke regarding the common core, walkers at JFK, services for a special education student.

**ADJOURNMENT**

There was no further business before the board and on motion by Ms. Bowers; seconded by Ms. Scherer, the Board members unanimously agreed to adjourn the meeting at 9:15 p.m.

BOARD OF EDUCATION

BOE 24 - Participation in the Symposium 2020 Vision for Public Education in Ulster County

Whereas, school districts in Ulster County face many complex challenges in coming years to achieving the goal of graduating college and career ready students, including implementing the Common Core Curriculum, the Annual Professional Performance Review standards, in a fiscal environment constrained by the Tax Levy Limits and inadequate state aid, and a demographic environment of declining enrollment in much of the county, and

Whereas, failure to develop solutions at the local level may lead to reorganizations and further mandates imposed by the NYS Education Department, and

Whereas, the Ulster County School Boards Association, in conjunction with Ulster BOCES, the SUNY New Paltz School of Education, SUNY Ulster, and the Center for Research, Regional Education & Outreach (CRREO) at SUNY New Paltz, is sponsoring a symposium 2020 Vision for Public Education in Ulster County (the Symposium); on November 8, 2013, at SUNY New Paltz, and

Whereas, the purpose of the symposium is to bring together Ulster County school board members, educators, public officials, business leaders, and parents to begin a multi-year investigation of strategies and initiatives that could implemented by the year 2020 to enhance the achievement of our collective educational goals, now therefore

Be it Resolved, that the Board of Education of the Kingston City School District authorizes the Board President to appoint three Trustees and two members of the public to participate in the Symposium, and

Be it further resolved, that the Board of Education of the Kingston City School District to authorizes the Superintendent of Schools to participate in the Symposium, and

Be it further resolved, that the Superintendent of Schools is authorized to select 10 staff members to participate in the Symposium and be released from their regular duties on the day of the Symposium, and

Be it further resolved, that the Board of Education of the Kingston City School District authorizes the expenditure of necessary funds to hire replacement personal for staff members participating in the Symposium, and
Be it further resolved, that Board of Education of the Kingston City School District authorizes the expenditure of a maximum of $17.00 to reimburse travel expense and Symposium fees of $20.00 per person for Symposium materials and luncheon for Trustees, district staff, and members of the public participating in the Symposium.

**BOE25 – Refer Policy 4770 to Committee**

BE IT RESOLVED, upon the recommendation of the Superintendent of Schools, that the Board of Education refers Board Policy 4770 (Graduation Requirements) to the Policy Committee Policy for review and consideration of adding the local requirement of “swimming” as a graduation requirement.

**BOE26 – Public Information Specialist**

BE IT RESOLVED, upon the recommendation of the Superintendent of Schools, that the Board hereby creates one full-time position of Public Information Specialist, in the competitive class of the civil service, effective October 3, 2013.

**BOE27 - Appointment**

BE IT RESOLVED, upon the recommendation of the Superintendent of Schools, the Board hereby appoints Kathryn Heidecker to the position of Public Information Specialist, a provisional civil service appointment, effective October 3, 2013, to serve in said position at the pleasure of the Board at an annual salary of $55,000 pro rated, and pursuant to Board Policy 9215 - Non-Aligned Employees: Salary, Benefits And Conditions Of Employment

BE IT RESOLVED, that the Board of Education of the Kingston City School District cast its vote to elect Florence Hyatt (Saugerties) to fill Ulster BOCES Board Seat #1 unexpired term (through June 30, 2014) left vacant by the resignation of Walter Frey (Saugerties).

**BOE34- Suspend Policy 6741**

BE IT RESOLVED that the Board hereby suspends Policy 6741 pending revision upon the recommendation of the Board’s Policy Committee.

*** End of Consent Agenda ***

**MOTION TO POSTPONE**

**P41-Professional Personnel - Liaisons**

BE IT RESOLVED, upon the recommendation of Dr. Paul J. Padalino, Superintendent of Schools, that the following be appointed as Liaisons for the 2013-14 school year at an annual stipend of $1500.

- Elaine Arvidson    J.W.B.    Social Studies
- Amy Carlzon        M.C.M.   English
- Javier Chamorro    J.W.B.    LOTE
- Lucas Fox          J.W.B.    Science
- Paul Gruner        M.C.M.   Social Studies
- Candace James      M.C.M.    LOTE
- Erin Nelson        M.C.M.    Science
- Sheila Shaffer     J.W.B.    Math
- Rosemarie Wisneski M.C.M.    Math

Ms. Scherer made a motion to postpone the above resolution; seconded by Rev. Childs. The motion carried unanimously.

**BOARD OF EDUCATION**

**Coffee & Conversation**

Ms. Scherer reported that she and Dr. Padalino had attended the Oct. 9th C&C at Deisings and it had been well attended and included discussion on the common core, math, the rollout out of the common core and the 2nd Century project. Discussion followed. Dr. Padalino will attend the next C&C on November 18th at Hudson Coffee Traders at 8:30 a.m. with Ms. Scherer.
Dietz Commission

Mr. Michael reported that they had met on October 10th and Dr. Padalino and the football coaches had attended as well. Discussions included installing exhaust fans and planning for major capital improvements to the stadium in order to stay competitive with other stadiums in the area. The committee also passed the budget for 2014.

OLD BUSINESS

Mr. Shaughnessy inquired if the parents have been mailed the state assessments from the Spring. Administration responded that they had. Discussion followed on why it takes so long.

Mr. McCoy inquired about the High School Band and KHS baseball Championship signs. Dr. Padalino responded that the signs are in and they are waiting to be installed.

NEW BUSINESS

Mr. McCoy read the following resolution:

Resolution #2013-BOE35

WHEREAS, the George Washington Elementary School PTO Natural Playscape Committee was awarded a $15,000 grant to start a Natural Playscape Project, which is the creation of a natural place where children can play using natural items such as native plants, fallen logs, boulders, rocks and trees; and

WHEREAS, the Board of Education believes that the Natural Playscape Project is a wonderful idea and will benefit the students at George Washington Elementary School;

THEREFORE, BE IT RESOLVED, that the Board of Education hereby congratulates the GW Elementary School PTO Natural Playscape Committee on the grant award for this purpose, supports the Committee’s efforts and the Natural Playscape Project at GW Elementary School. Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Childs. The motion carried unanimously.

Dr. Jacobowitz inquired about the Extended Day Grant that the district was applying for. Dr. Padalino stated that it is a very complicated and all inclusive grant. He explained that he has a team looking at it and it is due on October 25th. Discussion followed.

Ms. Bowers asked for a comment on InBloom. Dr. Padalino stated that all the districts in the State have received a directive from the Commissioner of Education to choose a data dashboard. The district has not submitted any data and it is not required until next year and the State has time to look at parents’ concerns. He stressed that districts have been submitting information to the State for many years; however the State is trying to streamline the data and the State has time to address the concerns. Further discussion followed.
Ms. Bowers noted the article on board discretion on diplomas and graduation requirements that had been in the packet and where the discussion should begin regarding the possible additions of service learning, community service, and senior projects to graduation requirements. Board members agreed that the discussions should begin in the Curriculum & Instruction Committee.

**BOARD MEMBERS ANNOUNCEMENTS**

Ms. Scherer announced that the class of 2015 is hard at work on the 100th Anniversary Celebration and they are asking for community members that may have items to donate or wish to help they can email the committee at [khs100@kingstoncityschools.org](mailto:khs100@kingstoncityschools.org).

Ms. Bowers announced that she had attended a roundtable with the Commissioner with about 25 other board members from across the State and the topics discussed were common core and APPR and she felt that the commissioner was not necessarily hearing their concerns.

Mr. Shaughnessy reported that he had attended a seminar at City Hall given by Dr. Benjamin from CREO regarding the impact of homestead/non homestead tax rates in the city of Kingston and there will be two more sessions by the end of December and he will keep the board apprised.

Mr. Shaughnessy reported that on the 2020 Symposium for Education in Ulster County on November 8th now has 100% participation from all the component districts of Ulster BOCES.

**PUBLIC PARTICIPATION**

Nothing was offered at this time.

**ADJOURNMENT**

There was no further business before the board and on motion by Mr. Shaughnessy; seconded by Ms. Bowers, the Board members unanimously agreed to adjourn the meeting at 8:00 p.m.

RESOLUTIONS

B32 - Acceptance of Lead Agency Status and Adoption of Negative Declaration

WHEREAS, the Board of Education of the Kingston City School District (the “Board”) has proposed to undertake a capital project consisting of renovations, additions, construction and/or reconstruction at the Kingston High School Campus located at 403 Broadway, City of Kingston, Ulster County, NY, hereinafter referred to as the Kingston High School Second Century Capital Plan (the “Proposed Action”); and

WHEREAS, the Proposed Action is a Type 1 action under Article 8 of the Environmental Conservation Law and its implementing regulations at 6 NYCRR Part 617, State Environmental Quality Review Act (“SEQRA”) requiring an Environmental Review; and

WHEREAS, the Board previously directed the District’s Engineers, Architects and Construction Managers to prepare the necessary documents in order to comply with the SEQRA requirements, including an Environmental Assessment Form (Long Form EAF), preliminary site plan, architectural elevations and floor plans, and other studies and analyses to assist the Board in making a determination as to whether or not the Proposed Action will have a significant impact on the environment; and

WHEREAS, by Board resolution approved on September 18, 2013, the Board declared the Board’s intent to act as Lead Agency with respect to the Environmental Review of the Proposed Action and solicited Lead Agency Status in accordance with the SEQRA requirements by
WHEREAS, the Board of Education, as Lead Agency, has caused to be prepared a Part 2 EAF and publicly reviewed and discussed the issues pertaining thereto at its public meetings of September 18, 2013, October 16, 2013 and October 21, 2013; and

WHEREAS, the Board of Education has reviewed the EAF (Part 1 and Part 2) prepared by the District’s Engineer and the criteria for determining significance of an action set forth in NYCRR Part 617.7(c) and as set forth in the Negative Declaration - Notice of Determination of Non-Significance prepared by the School District Attorney, both documents incorporated by reference within this resolution; and

WHEREAS, the Board of Education has reviewed and considered all areas of potential environmental impact associated with the Proposed Action and all areas were determined to have no impact or minimal impact on the environment;

NOW, THEREFORE, BE IT RESOLVED, that after careful consideration, analysis and review, the Board of Education of the Kingston City School District, as Lead Agency for the Proposed Action under SEQRA, adopts the findings, conclusions and rationale relating to the probable environmental impacts of the Proposed Action contained within the EAF and Negative Declaration - Notice of Determination of Non-Significance, and authorizes the Superintendent of Schools to execute the EAF; and

BE IT FURTHER RESOLVED, that the Board of Education officially makes a Determination of Non-Significance (Negative Declaration) in that the Proposed Action will not have any significant impact on the environment and that the preparation of an Environmental Impact Statement will not be required; and

BE IT FURTHER RESOLVED, that this determination shall be considered a Negative Declaration for the purpose of Article 8 of the Environmental Conservation Law; and

BE IT FURTHER RESOLVED, that the Board of Education directs the Clerk of the Board of Education to file the Negative Declaration and any appropriate notices of this determination in accordance with 6 NYCRR Part 617.12(b) for a coordinated review and a Type 1 action.

A copy of this Negative Declaration shall be filed with:

1. NYS Education Department, Office of Facilities Planning

NEGATIVE DECLARATION
Notice of Determination of Non-Significance

Lead Agency: Board of Education
Kingston City School District
61 Crown Street
Kingston, New York 12401

Date: October 21, 2013

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law. The, Board of Education of the Kingston City School District, as Lead Agency, has reviewed the Proposed Action described below which involves renovations, additions, construction and/or reconstruction (including demolition) of the Kingston High School Campus and has determined that the Proposed Action will not have a significant adverse environmental impact and an Environmental Impact Statement will not be prepared.

Name of Action: Kingston High School Second Century Capital Plan

SEQRA Status: Type 1

Conditioned Negative Declaration: No

Description of Action: The School District seeks permission of the voters to undertake a capital project consisting of renovations, additions, construction and/or reconstruction (including demolition of M.J. Michael Building and Whiston-Tobin Building) at the Kingston High School Campus (“Kingston High School Second Century Capital Plan”).

The KHS Main Building will be partially renovated and modernized. It will provide for school administration, student support services, the special education department, fine arts and faculty departmental work space, among other program needs. The Kate Walton Field House will be improved and repaired both through reconstruction and the addition of a new fitness center. The M.J. Michael building will be demolished to permit the addition of an interior access road from Andrew Street directly to O’Reilly street, the creation of the new main bus drop-off/pick-up and main entry plaza to the academic wings along the building’s south edge. The Whiston-Tobin Building will also be demolished.
There will also be improvements to the parking, alignment, access, roadway and sidewalk to improve site safety and access. Other site improvements include storm water management measures and the addition of a new synthetic turf athletic field to the south of the Kate Walton Field House.

The existing memorial garden adjacent to the Whiston-Tobin Building will be modified as necessary to complete the work and will remain. The original ceremonial entrance, including selected historical architectural elements of the Main Building will be preserved.

These capital improvements will result in the creation of a three and four story academic hub that will support the creation of small learning communities (“houses”) at the High School. This will occur through the renovation of the Salzmann Building and multi-story classroom additions to Salzmann’s east and west flanks.

**Location:** Kingston High School Campus located at 403 Broadway, City of Kingston, Ulster County, New York (location map attached)

SED Project Control Numbers are attached.

**Reasons Supporting This Determination:**

The Kingston High School Campus consists of approximately 27 acres of land and includes several buildings, including the KHS Main Building that was constructed in 1915, M.J. Michael Building (1938), Tobin-Whiston Building (1929, 1967), Salzmann Building (1980), the Kate Walton Field House (1951, 1980 pool addition) and the Carnegie (Library) Learning Center (1904). The KHS Main Building is in need of repair, renovation and modernization to enhance the delivery of educational services to students, to correct Americans with Disabilities Act compliance issues and to repair/replace building systems that are beyond their serviceable life. The construction, reconstruction, renovations and additions will also enhance campus security and safety and improve campus pedestrian and vehicle circulation. The Action will also create smaller learning communities and opportunities for students.

Potential environmental impacts associated with the Proposed Action were identified in the Environmental Assessment Form to assess potential adverse environmental impacts compared to the criteria for determining significance identified in 6 NYCRR Section 6.7.7(c)(1) and in accordance with 6 NYCRR Section 617.7(c)(2) and (3). As indicated below in the discussion of each criterion specified in 6 NYCRR Section 617.7(c)(1), the Proposed Action will not have a significant adverse impact on the environment.

(1) **A substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels; a substantial increase in solid waste production; a substantial increase in potential for erosion, flooding, leaching or drainage problems.**

Some of the improvements are replacement or renovation work items involving building interiors or building envelopes. Construction and demolition debris will be disposed of off-site by
contractors. The improvements will not increase the school population so refuse generation associated with daily school operations should not increase.

The Proposed Action will not create a substantial adverse change in existing ground or surface water quality or quantity and will not increase the potential for erosion, flooding, leaching and drainage problems on or adjacent to the KHS Campus. The Proposed Action will collect and treat stormwater run-off and reduce run-off discharges to the Andrews Street combined sewer by utilizing groundwater exfiltration measures. These measures will constitute an improvement over existing conditions.

Noise and air quality/dust impacts from construction are expected to be minimal and temporary, consistent with demolition work, typical site work and building construction activities. Dust suppression techniques will be used as needed.

There will be increased traffic associated with construction activities. However, the duration will be temporary and, as much as possible, construction activities, including site activities and field work, which will require trucking of debris for off-site disposal and excess soil/subsoil for use off-site, will be scheduled for the summer months to avoid or minimize conflicts with the main school year schedule.

On a daily basis, traffic associated with the school is not expected to increase as the improvements will not impact populations in the school. Due to declining enrollment at the High School during the last ten years, from approximately 2,700 students to 2,000 students currently, with the number of students expected to plateau at 1,800, traffic is expected to decrease. The Proposed Action will largely maintain existing transportation patterns for bus and vehicle movements in and out of the High School Campus. Improvements to the parking, alignment, access, roadway and sidewalk at the High School will improve circulation and safety.

Athletic events are already held at the High School. The addition of a new synthetic turf athletic field to the south of the Kate Walton Field House will be used largely for physical education classes, marching band practice, and team practices. Due to the size of the field, it will not be used for competitive events that would draw spectators to the site.

(2) the removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse impacts to natural resources.

Interior and building envelope improvements will not impact school grounds. Site work at the High School will disturb already paved and developed grass athletic field or laws areas and such areas do not contain unique natural resources. The High School is located in the city, and the Proposed Action will not result in the removal or destruction of large quantities of vegetation or fauna or substantially interfere with the movement of resident or migratory fish or wildlife. The KHS Campus does not contain significant habitat area and the Proposed Action will not have a
substantial adverse impact on a threatened or endangered species of animals or plants, or the
habitat of such a species, or have other significant impacts to natural resource.

(3) the impairment of the environmental characteristics of a Critical Environmental
Area as designated pursuant to subdivision 617.14(g) of this Part.

The developed KHS Campus is not within or adjacent to a Critical Environmental Area as
designated pursuant to 6 NYCRR Section 617.14(g) and thus will not impair the environmental
characteristics of a Critical Environmental Area.

(4) the creation of a material conflict with a community’s current plans or goals as
officially approved or adopted.

The Proposed Action will not create a conflict with the community’s current plans or goals as
officially approved or adopted. The capital improvements will serve the District on its existing
Kingston High School Campus.

(5) the impairment of the character or quality of important historical, archeological,
arquitectural or aesthetic resources or of existing community or neighborhood character.

The KHS Campus is substantially contiguous to, or contains a building, site or district listed on
the State or National Registers of Historic Places. These sites are City Hall and the Carnegie
Library. The Carnegie Library/Learning Center was recently renovated and no new work is
contemplated in connection with this building. The KHS Main Building was constructed in
1925, M.J. Michael Building was constructed in 1938, Tobin-Whiston Building was constructed
in 1929, with renovations in 1967, the Salzmann Building was constructed in 1980, and the Kate
Walton Field House was constructed in 1951, with the pool addition in 1981).

In accordance with Stated Education Department (“SED”) policy and procedures, the Project
Architect considered the proposed project elements, including work proposed to be undertaken in
portions of the buildings constructed over 50 years ago, and the Letter of Resolution between
SED and the Office of Parks, Recreation and Historic Preservation (“OPRHP” a/k/a State
Historic Preservation Office [“SHPO”]) which exempts certain project elements from OPRHP
review. Under the terms of the Letter of Resolution and its exemption form, a project is exempt
from SHPO review because (i) the building is less than 50 years old at the time of project
initiation and it is not a work of a recognized Master Architect, Designer or Builder, or
associated with persons or events significant in the history of the State of New York, (ii) a
building is 50 years old or older but has previously been evaluated by SHPO and found not to
meet the criteria for inclusion in the State and National Register, or (iii) the project work on a
building falls under Appendix A of the Letter of Resolution, has been designed in accordance
with the Letter of Resolution, certain scope of work items have been submitted to SHPO for
review and approval if required by the Letter of Resolution, and therefore the project will have
little or no potential impact on the character of historic resources.

A determination was made by the Architect that one or more of the exemptions apply to the
facilities, and the Letter of Resolution’s Project Review Exemption form was completed and
submitted to SHPO. In addition, if necessary, the Architect submitted information to SHPO on proposed elements that may not qualify under one of the above exemptions.

The original ceremonial entrance and the history of the Kingston High School Main Building will be preserved.

The capital improvements at the KHS Campus will not impair existing community or neighborhood character.

(6) a major change in the use of either the quantity or type of energy.

The Proposed Action will not create a major change in the quantity of electricity or natural gas to be used and will not affect the community’s sources of fuel or energy supply. The improvements are expected to improve energy efficiencies. The project includes: new energy efficient windows, a new heating system with modern hydronics for efficiency, an energy recovery system, and a super building envelope for the new academic wings.

(7) the creation of a hazard to human health.

The Proposed Action consists of capital improvements to upgrade the Kingston High School Campus and facilities, and some of the improvements are healthy and safety/accessibility items, including enhanced security at the High School Campus. Also, traffic safety improvements, including improved drop-off/pick-up areas will be constructed.

If a synthetic turf field were to be installed, the synthetic turf would not contain lead which may have been present in older generations of synthetic turf used elsewhere. It is contemplated that crumb rubber and sand would be used as infill. Crumb rubber has been commonly used in synthetic fields which have been installed at institutions throughout New York State. Over the past few years, a question of whether crumb rubber poses a health risk through a variety of means, including off-gassing when heated, ingestion or other contact, contamination of groundwater, or heat stress has been raised. This has given rise to a number of studies and literature reviews by various governmental agencies and other groups in the United States and abroad addressing these issues as well as studying injuries associated with synthetic turf fields.

A 2009 NYSDEC/NYSDOH study did not find significant health risks with synthetic turf although it noted the potential for heat-related impacts and recommended precautions. It was concluded that crumb rubber may be used without significant impact on groundwater quality and aquatic toxicity is unlikely. The drainage system installed with a synthetic turf field would address and accommodate the additional storage and treatment of storm water.

A 2010 study from California Department of Resources Recycling and Recovery concluded that synthetic turf fields containing recycled crumb rubber do not release significant amounts of volatile organic compounds or fine particulates and adverse health effects are unlikely to occur in persons using the turf fields. The study also found that fewer bacteria, including MRSA and Staphylococci, were detected on synthetic turf compared to natural turf which would tend to decrease the risk of skin infection in athletes.
The School District currently maintains and utilizes a synthetic field at Dietz Municipal Stadium in Kingston, and this field is used for many District athletic events and band concerts. There have been no reported safety problems with the field, which contains rubber and sand infill in the synthetic fibers.

Based upon information regarding various studies and review of synthetic turf using crumb rubber infill, as well as SED’s continuing to approve and fund the installation of such fields, the installation and use of a synthetic turf field using crumb rubber as infill material does not pose a significant risk to health or the environment.

(8) a substantial change in the use, or intensity of use, of land including agricultural, open space or recreational resources, or in its capacity to support existing uses.

On a daily basis, the Proposed Action will not result in a substantial change in the use, or intensity of use of the existing KHS Campus as the school population will not change as a result of the Proposed Action. The KHS Campus are not on agricultural or open space lands. The proposed improvements to the athletic facilities will enhance recreational resources.

(9) the encouraging or attracting of a large number of people to a place or places for more than a few days, compared to the number of people who would come to such place absent the action.

The Proposed Action consists of renovations, additions, construction and/or reconstruction (including demolition) at the current Kingston High School Campus, which has served the community at this location for decades and will not cause an increase in the School’s population. In fact, the School’s population has decreased from approximately 2,700 students to approximately 2,000 students, with the expectation that the number of students will plateau at 1,800. The improved athletic facilities may allow a greater number of events at the KHS Campus and synthetic turf may allow a greater number of events to be held due to playable field conditions. The events, however, would be of short duration and would occur at the same site where athletic events have been taking place for many years. It is anticipated that overall attendance at individual sporting events would be approximately the same as the past.

(10) the creation of a material demand for other actions that would result in one of the above consequences.

The Proposed Action consists of renovations, additions, construction and/or reconstruction at the existing KHS Campus and will not create a material demand for any other action that would result in one of the above consequences.

(11) changes in two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together, result in a substantial adverse impact on the environment.
The Proposed Action will not result in changes in two or more elements of the environment which, when considered together, would result in a substantial adverse impact on the environment.

(12) two or more related actions undertaken, funded or approved by an agency, none of which has or would have a significant impact on the environment, but when considered cumulatively, would meet one or more of the criteria in this subdivision.

The review of the Proposed Action has considered the entirety of improvements and upgrades to the KHS Campus and the Proposed Action does not meet one or more of the above criteria, and no environmental impact study is required.

In light of the above, the conclusion is that there will be no significant adverse environmental impacts from the School District’s Proposed Action of renovations, additions, construction and/or reconstruction (including demolition) at the Kingston High School Campus. This conclusion is based upon comparison of the Proposed Action to the criteria of significance listed above.

RESOLUTION DATED OCTOBER 21, 2013.

A RESOLUTION SPECIFYING THE NECESSITY FOR THE UPGRADE AND IMPROVEMENT OF SCHOOL DISTRICT FACILITIES IN AND FOR THE CITY SCHOOL DISTRICT OF THE CITY OF KINGSTON, ULSTER COUNTY, NEW YORK.

WHEREAS, it is the judgment of the Board of Education of the City School District of the City of Kingston, Ulster County, New York, that the needs of said School District require the upgrade and improvement of the Kingston High School Campus (KHS Second Century Capital Plan) in and for said School District, including site improvements, original furnishings, equipment, machinery, apparatus, appurtenances, and other incidental improvements and costs incidental thereto, at a maximum estimated cost of $137,500,000; and

WHEREAS, subdivision 3 of Section 2512 of the Education Law requires that whenever in the judgment of such Board of Education a building, facility or site should be constructed or reconstructed, such Board shall prepare a resolution specifying in detail the necessity therefor and estimating the amount of funds necessary for such purpose; NOW, THEREFORE

BE IT RESOLVED, by the Board of Education of the City School District of the City of Kingston, Ulster County, New York, as follows:

Section 1. It is hereby determined that the upgrade and improvement of the Kingston High School Campus (KHS Second Century Capital Plan) referred to in the preambles hereof and further specified herein is necessary for the following detailed reasons specified in Exhibit A attached hereto and hereby made a part hereof.
Section 2. It is hereby estimated that the amount of funds necessary for the aforesaid purposes is $137,500,000.

Section 3. This resolution shall take effect immediately.

EXHIBIT A

The proposed project at the Kingston High School Campus will enhance the health, welfare and safety of students and staff and improve the delivery of education services through upgrades and improvements including, but not limited to, the demolition, remodeling, renovation, site work and additions to existing buildings and facilities on the campus.

Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Childs. Ms. Bowers made a motion to amend the resolution to change “regular” to “special” meeting of the Board; seconded by Ms. Scherer. The motion to amend carried unanimously. The original motion carried unanimously as amended upon roll call.

The following resolution was offered by Maureen Bowers, who moved its adoption, seconded by Rev. James Childs, to-wit:
BOND RESOLUTION DATED OCTOBER 21, 2013.

A RESOLUTION AUTHORIZING THE ISSUANCE OF $137,500,000 SERIAL BONDS OF THE CITY SCHOOL DISTRICT OF THE CITY OF KINGSTON, ULSTER COUNTY, NEW YORK, TO PAY THE COST OF THE KINGSTON HIGH SCHOOL CAMPUS IMPROVEMENT PROJECT IN AND FOR SAID SCHOOL DISTRICT.

WHEREAS, the capital project hereinafter described, as proposed, has been determined to be a Type I Action pursuant to the regulations of the New York State Department of Environmental Conservation promulgated pursuant to the State Environmental Quality Review Act, as to which it has been determined that such capital project will not have a significant effect on the environment; and

WHEREAS, as provided in Section 11 hereof, this bond resolution is adopted subject to approval at a Special City School District Meeting to be held on December 10, 2013; and

WHEREAS, all other conditions precedent to the financing of the capital project hereinafter described, have been performed; and

WHEREAS, it is therefore now desired to authorize the financing thereof; NOW THEREFORE,

BE IT RESOLVED, by the Board of Education of the City School District of the City of Kingston, Ulster County, New York (the “School District”), as follows:

Section 1. The upgrade and improvement of the Kingston High School Campus (KHS Second Century Capital Plan) including site improvements, original furnishings, equipment, machinery, apparatus, appurtenances, and other incidental improvements and costs incidental thereto, a “school construction project eligible for the apportionment of aid pursuant to subdivision six of Section 3602 of the Education Law”, is hereby authorized at a $137,500,000 maximum estimated cost. Such bonds are to be payable from amounts which shall annually be
levied on all the taxable real property in said School District, and the faith and credit of said School District are hereby pledged for the payment of said bonds and the interest thereon.

Section 2. It is hereby determined that the plan for the financing of the aforesaid specific object or purpose is by the issuance of $137,500,000 serial bonds of said School District hereby authorized to be issued therefore pursuant to the provisions of the Local Finance Law.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is thirty years, pursuant to subdivision 97 of paragraph a of Section 11.00 of the Local Finance Law (as “educational facilities” as described therein).

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the President of the Board of Education, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said President of the Board of Education, consistent with the provisions of the Local Finance Law.

Section 5. Such bonds shall be in fully registered form and shall be signed in the name of the City School District of the City of Kingston, Ulster County, New York, by the manual or facsimile signature of its President of the Board of Education, and a facsimile of its corporate seal shall be imprinted or impressed thereon and may be attested by the manual or facsimile signature of its School District Clerk.

Section 6. The powers and duties of advertising such bonds for sale, conducting the sale and awarding the bonds, are hereby delegated to the President of the Board of Education, who shall advertise such bonds for sale, conduct the sale, and award the bonds in such manner as he shall deem best for the interests of said School District, provided, however, that in the exercise of these delegated powers, he shall comply fully with the provisions of the Local
Finance Law and any order or rule of the State Comptroller applicable to the sale of municipal bonds. The receipt of the President of the Board of Education shall be a full acquittance to the purchaser of such bonds, who shall not be obliged to see to the application of the purchase money.

Section 7. All other matters, except as provided herein relating to such bonds, including determining whether to issue such serial bonds having substantially level or declining annual debt service and all matters related thereto, prescribing whether manual or facsimile signatures shall appear on said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the School District by the facsimile signature of the President of the Board of Education, providing for the manual countersignature of a fiscal agent or of a designated official of the School District), the date, denominations, maturities and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the President of the Board of Education. It is hereby determined that it is to the financial advantage of the School District not to impose and collect from registered owners of such serial bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the fiscal agent, and accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the fiscal agent. Such bonds shall contain substantially the recital of validity clause provided for in section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by section 52.00 of the Local Finance Law, as the President of the Board of Education shall determine.

Section 8. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies
are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 9. The validity of such bonds and bond anticipation notes may be contested only if:

1) Such obligations are authorized for an object or purpose for which said School District is not authorized to expend money, or

2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 10. Upon this resolution taking effect upon the approval of the qualified voters of the School District, the same shall be published in summary form in the official newspaper of said School District, together with a notice of the School District Clerk in substantially the form provided in Section 81.00 of the Local Finance Law.

Section 11. This resolution is adopted subject to approval at a special School District meeting and election to be held on December 10, 2013, and a proposition for such approval shall be submitted at such Special School District Meeting and election as shall be determined by a further resolution to be adopted by this Board of Education.

Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Childs. Rev. Childs made a motion to amend the resolution to change “regular” to “special” meeting of the Board; seconded by Ms. Bowers. The motion to amend carried unanimously. Mr. Shaughnessy read a statement to explain why he would be voting No on the resolution. The remaining Board members and Dr. Padalino all made statements with regard to the support of the resolution. The original motion carried as amended upon a roll call on a vote of 6-1; No. Mr. Shaughnessy.

The meeting was called to order by Matthew McCoy and upon roll being called, the following were

CITY SCHOOL DISTRICT OF THE CITY OF KINGSTON
ULSTER COUNTY, NEW YORK

PLEASE TAKE NOTICE that a Special City School District Meeting and
Referendum of the City School District of the City of Kingston, Ulster County, New York,
will be held at the polling places hereinafter provided, in Kingston, New York, on
December 10, 2013, at which the polls will be kept open between the hours of 7:00 o'clock
AM and 9:00 o'clock PM, Prevailing Time, for the purpose of voting by voting machine upon
the following proposition for approval of a bond resolution for the City School District’s
Capital Improvement Program:

PROPOSITION

Shall the bond resolution adopted by the Board of Education of the
City School District of the City of Kingston, New York, on October 21, 2013,
authorizing the upgrade and improvement of the Kingston High School
Campus (KHS Second Century Capital Plan) at a maximum estimated cost of
$137,500,000, including site improvements, original furnishings, equipment,
machinery, apparatus, appurtenances, and incidental improvements and costs
incidental thereto; providing that the sum of $137,500,000, or so much
thereof as may be necessary, shall be raised by the levy of a tax upon the
taxable real property of such School District and collected in annual
installments as provided by Section 416 of the Education Law; providing that,
in anticipation of said tax, obligations of the School District shall be issued;
pledging the faith and credit of said School District for the payment of the
principal of and interest on said bonds; determining that the period of
probable usefulness thereof and maximum maturity of the serial bonds
therefore is thirty years; delegating the power to authorize and sell bond
anticipation notes and to fix the details of and to sell serial bonds; containing
an estoppel clause and providing for the publication of an estoppel notice, be
approved?

NOTICE IS HEREBY FURTHER GIVEN that such Proposition may appear on
the ballot labels of the voting machines used at such Special District Meeting and
Referendum in the following abbreviated form due to space constraints on the machines:
**PROPOSITION**

Shall the October 21, 2013 bond resolution authorizing the issuance of an aggregate not to exceed $137,500,000 bonds to pay the cost of the upgrade and improvement of the Kingston High School Campus (KHS Second Century Capital Plan), at a maximum estimated cost of $137,500,000 (30 year maximum maturity); providing for a tax levy therefor in annual installments; pledging the District’s faith and credit for debt service; delegating power with respect to bonds and notes; and providing for an estoppel procedure, be approved?

A copy of the full text of the bond resolution referred to in said proposition will be posted at each polling place and is on file in the office of the School District Clerk, located at the School Administration (Cioni) Building, 61 Crown Street, Kingston, New York, and at the administration office of each schoolhouse where the same is available for inspection by any interested person during regular business hours during the fourteen days immediately preceding the election.

**Resolution 2013-BOE40 – Standardization**

WHEREAS, the District wishes to maintain and improve the operating efficiency of the HVAC systems in its schools, which systems are controlled through a computer-based Facility Management System (FMS), the components of which HVAC systems and FMS are linked by a computer network and must be compatible with the existing system; and

WHEREAS, the District has previously installed the Metasys Facility Management System in its schools, which system is manufactured by Johnson Controls, Inc. (JCI), and HVAC systems that are compatible with the Metasys FMS, also manufactured by JCI; and

WHEREAS, the District has trained its custodial and maintenance staff in the computer control language of the JCI Metasys Facility Management System and the HVAC Systems; and

WHEREAS, it would negatively affect system compatibility, system integrity, employee efficiency and the District’s financial resources to introduce components of a Facility Management System that are manufactured by others;

NOW, THEREFORE, BE IT RESOLVED, that pursuant to the authority conferred by §103(5) of the General Municipal Law, the Board of Education hereby determines that it is in the best interests of the District, for reasons of economy and efficiency, including financial savings, and system integrity, to standardize the District’s Metasys Facility Management System and its components, as well as the HVAC systems and components which must be compatible with the FMS; and

BE IT FURTHER RESOLVED, that the District’s Purchasing Agent shall be authorized to standardize for the purchase, installation and service of the District’s HVAC and FMS systems and components, as manufactured and installed by Johnson Controls, Inc., and is further authorized to purchase such equipment and services, with the lowest responsible bidder, after advertisement for sealed bids in the manner provided by §103 of the General Municipal Law.

Rev. Childs made a motion to adopt the above resolution; seconded by Ms. Bowers. The motion carried unanimously.
Policy Committee - 1st Reading of Policies:

Ms. Bowers reported that the committee met on November 1st and described the changes and the reasons for the changes. She brought forward the following policies for a first reading (see Appendix “B” for policies):

- 1900: School/Family/Community Partnership Policy
- 6900: Disposal of District Property
- 8414: Qualifications and Testing For School Bus Drivers

Ms. Bowers reported that there was some question by fellow board members on the following paragraph from policy 8414:

The District shall provide for alcohol and drug testing of school bus drivers through its transportation contracts. All school bus drivers who drive a vehicle which is designed to transport sixteen (16) or more passengers (including the driver), shall be subject to this requirement.

She stated that the language is a restatement of law.

Ms. Bowers brought forward the following resolution; seconded by Rev. Childs. The motion was adopted unanimously.

BOE41 Policy Adoption – 6741 Contracting For Professional Services

WHEREAS, the Kingston City School District has contracted with NYSSBA as consultants to the Board of Education for the review, amendment, and adoption of its policy manual, and

WHEREAS, a sub-committee of the board, in consultation with NYSSBA and legal counsel have prepared the following policy for amendment and adoption

NOW THEREFORE BE IT RESOLVED, that the Board of Education adopt the following amended policies:

- 6741 Contracting For Professional Services (see Appendix “C” for policy)

Ms. Bowers announced the next meeting of the committee will be on Dec. 6th. Dr. Jacobowitz asked that the language for policy 8414 be changed to reflect what the district actually does with regard to the paragraph in question. Policy Committee members agreed to have Ms. Bowers change the language to reflect what the district does and not just restate the law. Discussion continued with regard to policy 1900 and the process for surveying parents.

OLD BUSINESS

Mr. Shaughnessy inquired about when the Technology Plan would be completed as he has had some concerns and questions regarding the use of data and equity throughout the district. Dr. Padalino responded that it would be ready by the 1st of the year.
Dr. Jacobowitz inquired why the discussion regarding the kinds of data the board would like to have with regard to student achievement wasn’t on the agenda. Mr. McCoy responded that due to the amount of items on this evening’s agenda it had been postponed until the next agenda.

NEW BUSINESS

Ms. Bowers stated that the Board had received a letter from a parent with regard to the 6th grade social studies program. Ms. Corsones responded that she had responded to the parents’ concerns.

BOARD MEMBERS ANNOUNCEMENTS

Ms. Scherer announced that there is a group of students from the class of 2015 preparing a gigantic 100 year celebration and they have been working very hard on it. She invited anyone who would like to participate or donate items to please email khs100@kingstoncityschools.org.

Ms. Bowers stated that she had attended the forum at the high school on the 2nd Century Project and she hoped the public will take advantage of the sessions as they were very informative.

Mr. Shaughnessy reported that the parents and staff have been working with outside agencies for the parent center to have monthly workshops for parents. The first program is scheduled for December 8th and will be hosted by Ulster County Prevention Council on prescription and substance abuse.

Rev. Childs reported that the Pointe of Praise Church will be hosting a presentation on the 2nd Century Project on Tuesday, November 26.

PUBLIC PARTICIPATION

Ms. Hoetger thanked Ms. Scherer for her work with the DWPC and Mr. Shaughnessy for bringing up the concerns regarding the high school.

ADJOURNMENT

There was no further business before the board and on motion by Ms. Bowers; seconded by Mr. Michael, the Board members unanimously agreed to adjourn the meeting at 9:35 p.m.

SCHOOL/FAMILY/COMMUNITY PARTNERSHIP POLICY

The Board of Education, representing the community of the Kingston School District, believes that a child's education is a responsibility shared from pre-school through high school by the school and family during the entire period the child spends in school. When schools strive to empower families and develop their connections, families can become powerful allies of the schools and advocates for public education, as well as their own children. To reach the goal of the School District to educate all students to their maximum potential, the schools and parents must work in active partnership to support academic excellence and character development.

Furthermore, the Board recognizes that our community is diverse in culture, language, resources, and needs. This School District and the schools within its boundaries, in collaboration with parents, shall establish programs and practices that enhance parent involvement and reflect the specific needs of all students and their families.

Consistent with the parent involvement goals of Title I, Part A of the federal No Child Left Behind Act of 2001 (NCLB), the Board of Education will ensure the development and implementation of programs, activities and procedures that encourage and support the education of parents of students eligible for Title I services in all aspects of their child’s education. The Board also will ensure that all of its schools receiving Title I, Part A funds develop and implement school level parental involvement procedures, as further required by federal law.

To this end, the Board supports the development, implementation, and regular evaluation of parent involvement opportunities in each all schools. An action plan for family/community involvement will be included in each school's Building Leadership Team and School Improvement Plan. The Building Leadership Teams include parents as active team participants who provide equal input to the development of the school Improvement Plans.

Parent involvement programs should include, but not be limited to, the following components for success:

a) Parents/guardians are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child. Parents/Guardians are full partners in the education of their children and the decisions that affect their children and their families.

b) Communication in all forms between home and school is consistent, timely, meaningful, and nurtures a trusting and respectful relationship.

c) Parents/Guardians are welcome in the school, and their support and assistance are sought.

d) Parents/Guardians play an integral role in assisting student learning.

e) Community resources are made available to strengthen school programs, family practices, and student learning.
Since parent involvement is essential to improving student achievement, our School District shall actively support the implementation of the school/family/community partnership.

The Board, along with its Superintendent of Schools and other appropriate staff, will conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of Title I schools, including the identification of barriers to greater participation by parents in activities under this policy and its regulations, and the revision of parent involvement policies necessary for more effective involvement.”

DISPOSAL OF DISTRICT PROPERTY

Building administrators and support staff supervisors are responsible for identifying obsolete or surplus equipment and supplies within their area(s) of responsibility. Each year, a determination shall be made of which equipment, supplies and/or materials are obsolete and cannot be salvaged or utilized effectively or economically by the school district. Such equipment, supplies, or materials shall be sold through bid procedures, if possible, for the highest possible price. The net proceeds from the sale of school property shall be deposited in the General Fund.

The School Business Manager Assistant Superintendent for Business and Operations shall be authorized to dispose of obsolete or surplus equipment and supplies in the following manner:

1. reassign the items, as needed, to other locations within the school district;
2. centralize the storage of items of potential usefulness; and/or
3. discard or sell as surplus those items determined to be of no further use or worthless; and/or
4. if textbooks, donate to a charitable organization.

Following approval by the Board of Education, items may be sold in the following manner:

1. offer to sell the items to local municipalities or local non-profit organizations;
2. sell items at a public sale or on a Board-approved public online auction site. In the event of a public sale, notice of availability of such equipment, supplies and materials and requests for bids shall be disseminated through announcements in local newspapers and such other appropriate means. The general public, as well as staff members who are not Board members, officers, or involved in the purchasing function, shall be eligible to bid on the equipment, supplies and/or materials; and
3. sell remaining items as scrap for the best obtainable amount or discard in the safest, least expensive manner.

If computer hardware disposal is warranted, such disposal will be conducted in an environmentally safe manner. Further, if computers are donated/sold, any digital storage will be sanitized prior to donation/sale to protect the confidentiality of district information.

QUALIFICATIONS AND TESTING FOR SCHOOL BUS DRIVERS

DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

In accordance with federal regulations, employees in safety-sensitive positions as defined in regulations, including school bus drivers who are required to have and use a commercial drivers license (CDL), are subject to random testing for alcohol, marijuana, cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP). The District shall adhere to federal law and regulations requiring the implementation of a drug and alcohol testing program for such employees in safety-sensitive positions.

The District shall provide for alcohol and drug testing of school bus drivers through its transportation contracts. All school bus drivers who drive a vehicle which is designed to transport sixteen (16) or more passengers (including the driver), shall be subject to this requirement.

The District will comply with federal regulations through its contracts, and require that the school bus drivers be tested for alcohol and drugs at the following times:

a) Drug testing will be conducted after an offer to hire, but before actually driving the school bus for the first time.

b) School bus drivers are also subject to a random drug and/or alcohol test on an unannounced basis just before or just after driving his/her route.

c) In addition, testing will be ordered if a trained supervisor has a "reasonable suspicion" that an employee has engaged in prohibited use of drugs and/or alcohol.

d) There will also be post-accident testing conducted after accidents on employees whose performance could have contributed to the accidents.

e) School bus drivers who have had a positive drug and/or alcohol test result will not be approved to return to driving for the district.

All employee drug and alcohol testing will be kept confidential and shall only be revealed without the driver's consent to the employer, a substance abuse professional, drug testing laboratory, medical review officer and any other individual designated by law.

The following alcohol and controlled substance-related activities are prohibited by the Federal Highway Administration's drug use and alcohol misuse rules for drivers of commercial motor vehicles.

a) Reporting for duty or remaining on duty while having an alcohol concentration of 0.04 or greater.
b) Being on duty or operating a commercial motor vehicle (CMV) while the driver possesses alcohol. This includes the possession of medicines containing alcohol (prescription or over-the-counter), unless the packaging seal is unbroken, with the exception of student-specific medication.

c) Using alcohol while driving a school bus.

d) Using alcohol six (6) hours or less before duty.

e) When required to take a post-accident alcohol test, using alcohol within eight (8) hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first.

f) Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion or follow-up testing requirements.

g) Reporting for duty or remaining on duty when the driver uses any controlled substance. This prohibition does not apply when instructed by a physician who has advised the driver that the substance does not adversely affect the driver’s ability to safely operate a CMV.

h) Reporting for duty and/or remaining on duty if the driver tests positive for controlled substances.

Any employee who is tested and found to have an alcohol concentration of at least 0.02, but less than 0.04, shall be removed from the position until his or her next regularly scheduled duty period, but not less than 24 hours following administration of the test. Any employee found to have violated this requirement may be disciplined in accordance with the provisions of the applicable collective bargaining agreement, district policy, and/or law.

If a driver has an alcohol concentration of 0.04 or greater, or has engaged in prohibited alcohol or controlled substance use, he or she will be removed from driving duties, and referred to a substance abuse professional. The employee may be required to complete a treatment program and/or be disciplined pursuant to district policy and/or collective bargaining agreement. No driver who has abused controlled substances and/or alcohol may return to duty unless he/she has successfully passed a required return to duty test. Thereafter, the driver will be subject to follow-up testing.

Should the district receive a dilute test result in which the creatinine concentration is greater than 5mg/dL in the case of any pre-employment, return-to-duty, follow-up, reasonable suspicion, or random test, it is the policy of the district that the individual shall be re-tested and that re-test will become the test of record.

The Board of Education shall only contract with transportation companies whose policies require that each school bus driver receives a copy of the alcohol and drug testing regulations. The District will further make mandatory post-accident drug and alcohol testing a subject of all contractual agreements, when there has been a human fatality, bodily injury with immediate medical treatment away from the scene, disabling damage to any motor vehicle requiring tow away, or at the discretion of the district.

Supervisors must receive at least two hours of training on alcohol misuse and controlled substances use, for the purpose of determining whether reasonable suspicion exists requiring a
driver to undergo reasonable suspicion testing. Documentation of supervisors’ reasonable suspicion training must be maintained by the contractor and the district.

Any violation of this policy and applicable federal and state laws by a contract employee shall result in discontinuation of driving privileges for the district.

In addition, in accordance with New York State law, a bus driver convicted of driving a school bus with one or more student passengers while impaired by the use of drugs or alcohol will have his/her license revoked for one year and is subject to fines ranging from $500 to $5,000 and/or imprisonment.

Any bus driver convicted more than once in 10 years for such crimes will have his/her license revoked for three years and is subject to a fine of $1,000 to $5,000 and/or imprisonment.

Lastly, in addition to the current physical qualifications for drivers (49 CFR 391.41), Kingston City Schools will require mental health clearance for all mental health conditions that may affect the safety and well-being of students while being transported on our school buses.

CONTRACTING FOR PROFESSIONAL SERVICES

The Board of Education will make certain that professional services are secured in a manner that protects the integrity of the process, ensures the prudent use of taxpayer dollars and provides a high quality standard of service, in accordance with law and regulation. Professional services are defined as services requiring special skill and/or training, such as legal services, medical services, auditing services, property appraisals or insurance.

Purchasing professional services does not require competitive bidding. The Board directs the purchasing agent to take measures to ensure that a highly qualified professional is secured through the prudent and economical use of public money, which may include:

1. reviewing trade journals;
2. checking professional listings; and/or
3. inquiring of other districts or other appropriate sources.

The designated district staff will prepare a comprehensive written request for proposals (RFP), which will contain critical details of the services sought. The RFP will specify that the proposal include the structure of the relationship between the district and the provider, including, if applicable, the terms of the retainer, the hourly fees and other associated costs.

In reviewing the RFPs, the district will consider, at a minimum, the following factors:

1. the suitability of the individual/firm for the district’s needs;
2. the special knowledge or expertise of the individual/firm;
3. the credentials and applicable certifications of the individual/firm;
4. the quality of the service provided by the individual/firm;
5. cost;
6. the staffing available from the firm or the time available from the individual;

The district will periodically, but not less frequently than every five years, issue professional service RFPs and may conduct interviews as part of the RFP process. The written proposals submitted by applicants shall be maintained for at least six years.

The district will not be subject to the RFP procedure when the district purchases professional services that require specific, special and unique skill or training.

The Board of Education will review the proposals and select the professional service provider best suited to the district’s needs when the appointment is for a professional service provider who reports directly to the Board of Education (i.e. attorney or auditor). For all others the Superintendent, after a thorough review of the proposals, in consultation with the purchasing...
agent will recommend the professional service provider best suited to the district to the Board of Education for its approval.

In the alternative to an RFP procedure, except in the case of the External Auditor, the District may undertake a Request for Quotes (RFQ) procedure for professional services from among professional service providers with expertise and substantial experience in servicing New York State Public School Districts, and the Board may waive the requirements of this policy based upon a long term satisfactory relationship with such a professional services provider.

Regardless of when during the year the professional service provider was engaged by the Board, at the annual organizational meeting the Board will appoint the attorney, physician, external auditor, or other professional, as applicable. Professional service providers selected and appointed in this manner will not be considered employees of the district.

SUPERINTENDENT'S REPORTS

Recognitions:

Dr. Padalino recognized Darla Roman-Green, Teacher, for saving the life of a student by using the Heimlich maneuver. Ms. Roman-Green encouraged others to be trained in Heimlich.

Dr. Padalino recognized Alex McLaughlin, Student, who was selected as principal viola in the All National Honors Ensemble. This is one of the highest honors a student can achieve in music.
2nd Century Project

Dr. Padalino reminded everyone to get out and vote on Tuesday, December 10th. He reported that he had been to the Point of Praise, the Town of Ulster and the Daily Freeman this past week and continues to speak about the merits of this project.

Dr. Padalino indicated the draft letters that he distributed to the board with regard to the data dashboard and he would like the board to review them and have a discussion at the next meeting.

VADIR

Dr. Padalino stated that he has put together an Ad Hoc committee and they will be meeting on January 21st to discuss procedures, consistency and accuracy to be used throughout the district.

PBL Presentation

Mr. Reinhardt gave a brief overview of a Project Based Learning project that was used at the middle school. He described how a class as a team collaborated on a project to produce rick and racks for elementary students. Questions and answers followed with the Board.

Dr. Jacobowitz inquired about the policy regarding recess as a punishment. Ms. Bowers indicated that it is not in policy but in regulations and that perhaps a reminder needed to be distributed.

RESOLUTIONS (Consent Agenda)

Mr. McCoy asked if Board members had any resolutions they would like pulled from the consent agenda; Board Members did not pull any. Rev. Childs made a motion to adopt the consent agenda; seconded by Rev. Coston. The motion carried unanimously.

BOARD OF EDUCATION

Joint Facilities/Master Plan Committee

Ms. Scherer reported that the committee had met that afternoon and distributed the completed maintenance tasks for the elementary and middle schools and it should be up on the web soon. She thanked the committee for their work as ambassadors for the 2nd Century Project, building inspections are taking place and the final report will be posted to the web when it is complete. The next meeting for the committee will be on Feb. 5th.

Ms. Bowers and Mr. McCoy thanked Ms. Scherer for her outstanding commitment to this committee and the 2nd Century Project.

Curriculum & Instruction Committee

Dr. Jacobowitz reported that the committee had met on November 21st and they had discussed the transitions, reteach and enrichment, RTI, PBL, staffing issues and development, and the Flex program. A brief discussion followed.

Policy Committee

Ms. Bowers stated that policy 1900 is a required policy because of Title 1, Part A and NYSBBA has recommended that it be adopted. Ms. Bowers added that the policy is reviewed annually and does include parent participation and the concerns that were raised can be discussed at the annual review.

Ms. Bowers made a motion to adopt Resolution BOE42; seconded by Rev. Childs. Ms. Bowers made a motion to amend policy 8414 by deleting the following wording from paragraph 2 “who drive a vehicle which is designed to transport sixteen (16) or more passengers (including the driver)”, seconded by Ms. Scherer. The motion to amend carried unanimously. The motion to adopt the resolution with the amended policy carried unanimously.

NOW THEREFORE BE IT RESOLVED, that the Board of Education adopt the following amended policies:

1900: School/Family/Community Partnership Policy
6900: Disposal of District Property
8414: Qualifications and Testing For School Bus Drivers

The next meeting for the policy committee is scheduled for Friday, December 6th.

OLD BUSINESS

Mr. McCoy stated that the Board’s request for a discussion regarding data requests will be on the January agenda.

Mr. Shaughnessy inquired about the practice of giving “2’s” for the first grading period for elementary students and the reason for this practice is that students are being graded against a standard for an entire year when they haven’t been presented with the material that will be presented in the third or fourth quarter and couldn’t have achieved mastery of the standard. He strongly objected to this practice. A discussion followed and board members were in agreement that the report card should be reviewed again.

NEW BUSINESS

Ms. Bowers asked that Dr. Padalino look into the traffic situation at Crosby.

BOARD MEMBERS ANNOUNCEMENTS

Ms. Scherer stated that she had the pleasure of attending “Aladdin” at Miller School and it was wonderfully done.

Mr. McCoy reminded everyone to get out and vote on the KHS project on December 10th.

PUBLIC PARTICIPATION

Diana Kuster spoke regarding the KHS Capital Project.

Phoebe McDonough spoke regarding report cards and the honor rolls.

EXECUTIVE SESSION
Ms. Bowers made a motion to adjourn to executive session at 8:25 p.m., seconded by Ms. Scherer to discuss the employment history of particular individual(s) or corporation(s). The motion carried unanimously. Mr. McCoy stated that there would be no action after executive session.

RETURN TO PUBLIC SESSION

Policy #1900

SCHOOL/FAMILY/COMMUNITY PARTNERSHIP POLICY

The Board of Education, representing the community of the Kingston School District, believes that a child's education is a responsibility shared from pre-school through high school by the school and family during the entire period the child spends in school. When schools strive to empower families and develop their connections, families can become powerful allies of the schools and advocates for public education, as well as their own children. To reach the goal of the School District to educate all students to their maximum potential, the schools and parents must work in active partnership to support academic excellence and character development.

Furthermore, the Board recognizes that our community is diverse in culture, language, resources, and needs. This School District and the schools within its boundaries, in collaboration with parents, shall establish programs and practices that enhance parent involvement and reflect the specific needs of all students and their families.

Consistent with the parent involvement goals of Title I, Part A of the federal No Child Left Behind Act of 2001 (NCLB), the Board of Education will ensure the development and implementation of programs, activities and procedures that encourage and support the education of parents of students eligible for Title I services in all aspects of their child’s education. The Board also will ensure that all of its schools receiving Title I, Part A funds develop and implement school level parental involvement procedures, as further required by federal law.

To this end, the Board supports the development, implementation, and regular evaluation of parent involvement opportunities in each all schools. An action plan for family/community involvement will be included in each school's Building Leadership Team and School Improvement Plan. The Building Leadership Teams include parents as active team participants who provide equal input to the development of the school Improvement Plans.

Parent involvement programs should include, but not be limited to, the following components for success:

a) Parents/guardians are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child. Parents/Guardians are full partners in the education of their children and the decisions that affect their children and their families.

b) Communication in all forms between home and school is consistent, timely, meaningful, and nurtures a trusting and respectful relationship.

c) Parents/Guardians are welcome in the school, and their support and assistance are sought.

d) Parents/Guardians play an integral role in assisting student learning.

e) Community resources are made available to strengthen school programs, family practices, and student learning.

Since parent involvement is essential to improving student achievement, our School District shall actively support the implementation of the school/family/community partnership.
The Board, along with its Superintendent of Schools and other appropriate staff, will conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of Title I schools, including the identification of barriers to greater participation by parents in activities under this policy and its regulations, and the revision of parent involvement policies necessary for more effective involvement.”

DISPOSAL OF DISTRICT PROPERTY

Building administrators and support staff supervisors are responsible for identifying obsolete or surplus equipment and supplies within their area(s) of responsibility. Each year, a determination shall be made of which equipment, supplies and/or materials are obsolete and cannot be salvaged or utilized effectively or economically by the school district. Such equipment, supplies, or materials shall be sold through bid procedures, if possible, for the highest possible price. **The net proceeds from the sale of school property shall be deposited in the General Fund.**

The School Business Manager Assistant Superintendent for Business and Operations shall be authorized to dispose of obsolete or surplus equipment and supplies in the following manner:

1. reassign the items, as needed, to other locations within the school district;
2. centralize the storage of items of potential usefulness; and/or
3. discard or sell as surplus those items determined to be of no further use or worthless; and/or
4. **if textbooks, donate to a charitable organization.**

Following approval by the Board of Education, items may be sold in the following manner:

1. offer to sell the items to local municipalities or local non-profit organizations;
2. sell items at a public sale or on a Board-approved public online auction site. In the event of a public sale, notice of availability of such equipment, supplies and materials and requests for bids shall be disseminated through announcements in local newspapers and such other appropriate means. The general public, as well as staff members who are not Board members, officers, or involved in the purchasing function, shall be eligible to bid on the equipment, supplies and/or materials; and
3. sell remaining items as scrap for the best obtainable amount or discard in the safest, least expensive manner.

**If computer hardware disposal is warranted, such disposal will be conducted in an environmentally safe manner. Further, if computers are donated/sold, any digital storage will be sanitized prior to donation/sale to protect the confidentiality of district information.**

QUALIFICATIONS AND TESTING FOR SCHOOL BUS DRIVERS

DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

In accordance with federal regulations, employees in safety-sensitive positions as defined in regulations, including school bus drivers who are required to have and use a commercial drivers license (CDL), are subject to random testing for alcohol, marijuana, cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP). The District shall adhere to federal law and regulations requiring the implementation of a drug and alcohol testing program for such employees in safety-sensitive positions.

The District shall provide for alcohol and drug testing of school bus drivers through its transportation contracts. All school bus drivers who drive a vehicle which is designed to transport sixteen (16) or more passengers (including the driver), shall be subject to this requirement.

The District will comply with federal regulations through its contracts, and require that the school bus drivers be tested for alcohol and drugs at the following times:

a) Drug testing will be conducted after an offer to hire, but before actually driving the school bus for the first time.
b) School bus drivers are also subject to a random drug and/or alcohol test on an unannounced basis just before or just after driving his/her route.
c) In addition, testing will be ordered if a trained supervisor has a "reasonable suspicion" that an employee has engaged in prohibited use of drugs and/or alcohol.
d) There will also be post-accident testing conducted after accidents on employees whose performance could have contributed to the accidents.
e) School bus drivers who have had a positive drug and/or alcohol test result will not be approved to return to driving for the district.

All employee drug and alcohol testing will be kept confidential and shall only be revealed without the driver's consent to the employer, a substance abuse professional, drug testing laboratory, medical review officer and any other individual designated by law.

The following alcohol and controlled substance-related activities are prohibited by the Federal Highway Administration's drug use and alcohol misuse rules for drivers of commercial motor vehicles.

a) Reporting for duty or remaining on duty while having an alcohol concentration of 0.04 or greater.
b) Being on duty or operating a commercial motor vehicle (CMV) while the driver possesses alcohol. This includes the possession of medicines containing alcohol (prescription or over-the-counter), unless the packaging seal is unbroken, with the exception of student-specific medication.
c) Using alcohol while driving a school bus.
d) Using alcohol six (6) hours or less before duty.
e) When required to take a post-accident alcohol test, using alcohol within eight (8) hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first.

f) Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion or follow-up testing requirements.

g) Reporting for duty or remaining on duty when the driver uses any controlled substance. This prohibition does not apply when instructed by a physician who has advised the driver that the substance does not adversely affect the driver’s ability to safely operate a CMV.

h) Reporting for duty and/or remaining on duty if the driver tests positive for controlled substances.

Any employee who is tested and found to have an alcohol concentration of at least 0.02, but less than 0.04, shall be removed from the position until his or her next regularly scheduled duty period, but not less than 24 hours following administration of the test. Any employee found to have violated this requirement may be disciplined in accordance with the provisions of the applicable collective bargaining agreement, district policy, and/or law.

If a driver has an alcohol concentration of 0.04 or greater, or has engaged in prohibited alcohol or controlled substance use, he or she will be removed from driving duties, and referred to a substance abuse professional. The employee may be required to complete a treatment program and/or be disciplined pursuant to district policy and/or collective bargaining agreement. No driver who has abused controlled substances and/or alcohol may return to duty unless he/she has successfully passed a required return to duty test. Thereafter, the driver will be subject to follow-up testing.

Should the district receive a dilute test result in which the creatinine concentration is greater than 5mg/dL in the case of any pre-employment, return-to-duty, follow-up, reasonable suspicion, or random test, it is the policy of the district that the individual shall be re-tested and that re-test will become the test of record.

The Board of Education shall only contract with transportation companies whose policies require that each school bus driver receives a copy of the alcohol and drug testing regulations. The District will further make mandatory post-accident drug and alcohol testing a subject of all contractual agreements, when there has been a human fatality, bodily injury with immediate medical treatment away from the scene, disabling damage to any motor vehicle requiring tow away, or at the discretion of the district.

Supervisors must receive at least two hours of training on alcohol misuse and controlled substances use, for the purpose of determining whether reasonable suspicion exists requiring a driver to undergo reasonable suspicion testing. Documentation of supervisors’ reasonable suspicion training must be maintained by the contractor and the district.

Any violation of this policy and applicable federal and state laws by a contract employee shall result in discontinuation of driving privileges for the district.

In addition, in accordance with New York State law, a bus driver convicted of driving a school bus with one or more student passengers while impaired by the use of drugs or alcohol
will have his/her license revoked for one year and is subject to fines ranging from $500 to $5,000 and/or imprisonment.

Any bus driver convicted more than once in 10 years for such crimes will have his/her license revoked for three years and is subject to a fine of $1,000 to $5,000 and/or imprisonment.

Lastly, in addition to the current physical qualifications for drivers (49 CFR 391.41), Kingston City Schools will require mental health clearance for all mental health conditions that may affect the safety and well-being of students while being transported on our school buses.

BE IT RESOLVED, that the following Claims Auditor reports be accepted for October & November 2013 as attached (see Appendix A).

Mr. Shaughnessy made a motion to adopt the above resolution; seconded by Ms. Bowers. The motion carried unanimously.

**BOE46 – Treasurer’s Report – October & November 2013** (See Appendix “B”)

BE IT RESOLVED, that the following Treasurer’s Reports be accepted for October & November 2013 as attached (see Appendix B).

Mr. Shaughnessy made a motion to adopt the above resolution; seconded by Ms. Bowers. The motion carried unanimously.

The next meeting of the committee is scheduled for January 28th.
OLD BUSINESS

Mr. Shaughnessy inquired about receiving the BEDS enrollment data for the 12/13 & 13/14 school year. Dr. Padalino will provide in the next board packet.

NEW BUSINESS

Ms. Bowers inquired about the letter from Commissioner King and his discussion points regarding the network teams and whether we are availing ourselves of those resources and his recommendation to review the teacher and principal evaluation plans in terms of how much we rely on additional testing. Dr. Padalino responded that we are taking advantage of the network teams. Further discussion followed on testing.

Mr. McCoy announced the bid opening results from the previous day. Tillson had two offers one of $65,000 & another for $135,000, Meagher for $220,000 and Zena for $926,000. The Board will have further discussion on these results at the next board meeting.

Ms. Bowers brought forward the following resolution for consideration:

Resolution #2013-BOE48

WHEREAS, bullying and name-calling have been linked with serious school violence, shootings, hazing incidents, and suicides which have made national news, and

WHEREAS, verbal bullying is the most frequent form of bullying, with too often devastating effects which can destroy a young life, their family, friends, and even the child who bullied, and

WHEREAS, the Kingston City School district is committed to a safe and supportive learning environment for all its students, staff, and visitors,

NOW THEREFORE BE IT RESOLVED, that the Board of Education of the Kingston City School District joins Ulster County in a declaration of January 20-January 24, 2014 as No Name-Calling Week.

Ms. Scherer made a motion to adopt the above resolution; seconded by Rev. Childs. The motion carried unanimously.

BOARD MEMBER ANNOUNCEMENTS

Mr. Shaughnessy announced that he had been at a meeting at the Parent Center in the MJM Building earlier that morning and they were discussing a series of monthly programs for parents and the first topics that are scheduled will be the use and abuse of prescription drugs, dealing with anxiety in students, and an anti-bullying conference on a Saturday in the Spring. He commended Dr. Manuel and his staff in implementing the Parent Center.

Ms. Bowers announced the UCSBA meeting the following night with several elected officials attending.
Mr. McCoy announced the next Coffee and Conversation scheduled for January 9th at 9 a.m. at Monkey Joe’s Coffee House.

PUBLIC PARTICIPATION

Diana Kuster spoke regarding testing.

PROPOSED EXECUTIVE SESSION SUBJECT TO BOARD APPROVAL

Ms. Bowers made a motion at 9:08 p.m. to adjourn to executive session to discuss the employment history of a particular individual(s); seconded by Ms. Scherer. The motion carried unanimously. Mr. McCoy announced that there would be no action following executive session.

RETURN TO PUBLIC SESSION

The Board members returned to public session at 9:15 p.m.

ADJOURNMENT

There was no further business before the board and on motion by Ms. Bowers; seconded by Rev. Childs, the Board members unanimously agreed to adjourn the meeting at 9:16 p.m.

----------------------------------------
Camille DiPerna, District Clerk
The Board of Education shall make available a free appropriate public education to all students with disabilities who reside within its district and are eligible for special education and related services under the Individuals with Disabilities Education Act and Article 89 of New York’s Education Law, and their implementing regulations. Special education and related services will be provided to resident eligible students with disabilities in conformity with their individualized education program (IEP) and in the least restrictive environment appropriate to meet their individual educational needs. Special education services or programs will be designed to enable a student with disabilities to be involved in and progress in the general education curriculum, to the extent appropriate to his/her needs.

The Board also shall make available special education and related services to eligible students with disabilities parentally placed in a nonpublic school located within the district, regardless of whether they are residents of the district. However, this obligation does not extend to resident students with disabilities who are placed by their parents in a nonpublic school within district boundaries because of a disagreement between the parents and the school district over the provision of a free appropriate public education. Nonpublic school students with disabilities who are not district residents but who reside within New York State will be provided programs and services in accordance with their individualized education services program (IESP). Nonpublic school students with disabilities who reside out-of-state will be provided services in accordance with their services plan (SP). (Refer to policy 4321.10, Programs and Services for Parentally-placed Nonpublic School Students with Disabilities under the IDEA and New York’s Education Law Article 89 for more guidance on this topic).

In addition, to the maximum extent appropriate to their individual needs, eligible students with disabilities residing within the district and attending the district’s public schools will be entitled to participate in school district academic, cocurricular and extracurricular activities available to all other students enrolled in the district’s public schools. Such cocurricular and extracurricular activities may include athletics, transportation, recreational activities, school-sponsored special interest groups or clubs, and referrals to agencies that provide assistance to individuals with disabilities and the employment of students (including both employment by the school district and assistance in making outside employment available).

In providing a free appropriate public education to students with disabilities eligible under the IDEA and Article 89, the Board will afford the students and their parents the procedural safeguard rights they are entitled to under applicable law and regulations. The Board also will provide them with notice of such rights as required by law and regulation, using the form prescribed by the commissioner of education.

For purposes of this policy and others related to the provision of services to eligible students with disabilities, and consistent with applicable law and regulation, the word parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child’s parent or authorized to make educational decisions for the child; a person in parental relationship to the child as defined in section 3212 of the Education Law; an individual
designated as a person in parental relation pursuant to title 15-A of the General Obligations Law, including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent, or other relative with whom the child resides; or a surrogate parent who has been appointed in accordance with commissioner’s regulations.

Eligible students with disabilities will be entitled to special education and related services until the end of the school year in which they turn 21 or until they receive a local high school or Regents diploma.

To ensure the provision of a free appropriate public education to all eligible students with disabilities:

1. School district staff will take steps to locate, identify, evaluate and maintain information about all children with disabilities within the district, including homeless children and children who are wards of the state, and children attending nonpublic school within the district (including religious schools), who are in need of special education.

2. The district will establish a plan and practice for implementing school-wide approaches and interventions in order to remediate a student’s performance prior to referral for special education services. The district will provide general education support services, instructional modifications, and/or alternative program options to address a student’s performance before referring the student to the Committee on Special Education (CSE). The School Intervention Team will develop, implement and evaluate pre-referral intervention strategies (4321.2, School-wide Prereferral Approaches and Interventions).

3. School district staff will initiate a request for evaluation of a student who has not made adequate progress after an appropriate period of time when provided instruction under a response to intervention program. In making the request the staff person will describe in writing intervention services, programs and methodologies used to remediate the student’s performance prior to referral. In addition, the extent of parental contact will be described as well.

4. The Board will appoint a committee on special education (CSE), and, as appropriate, CSE subcommittees, to assure the timely identification, evaluation and placement of eligible students with disabilities.

5. The Board will arrange for special education programs and services based upon the recommendation of the CSE or CSE subcommittee.

6. The Superintendent shall establish a plan for the recruitment, hiring and retention of staff appropriately and adequately prepared to meet the needs of students with disabilities including, but not limited to, highly qualified special education teachers.

7. The Superintendent shall establish a comprehensive professional development plan designed to ensure that personnel necessary to carry out IDEA and Article 89 possess the skills and knowledge required to meet the needs of students with disabilities.

8. The Superintendent will establish a process for ensuring that district staff understand the right of students with disabilities to access and participate in the same academic, cocurricular and extracurricular programs and activities as all other students enrolled in the district’s public schools, to the maximum extent appropriate to their individual needs.

Locate and Identify Students with Disabilities

The district will conduct an annual census to locate and identify all students with disabilities who reside in the district, and establish a register of such students who are entitled to
attend the public schools of the district during the next school year, including students with disabilities who are homeless or wards of the State. The census shall be conducted, and the registry maintained, in accordance with the requirements established in Commissioner’s regulations.

The Superintendent will determine what other activities might be appropriate to help locate and identify students with disabilities. These may include, but are not limited to, the mailing of letters to all district residents regarding the availability of special education programs and services and their right to access such services, and/or the publication of a similar notice in school newsletters and other publications.

(Refer to policy 4321.10, Programs and Services for Parentally-placed Nonpublic School Students with Disabilities under the IDEA and New York’s Education Law Article 89, for more information regarding how to locate and identify nonpublic school students with disabilities).

Evaluation of Students with Disabilities

To initially determine a student’s eligibility for a free appropriate public education under the IDEA and Article 89, the district will conduct a full evaluation of the student in accordance with legally prescribed time lines. As set forth in Commissioner’s regulations, the initial evaluation will include, at least, a physical examination, an individual psychological evaluation unless the school psychologist determines it unnecessary, a social history, an observation of the student in the student’s learning environment to document the student’s academic performance and behavior in the areas of difficulty, and other appropriate assessments or evaluations (including a functional behavioral assessment for a student whose behavior impedes his or her learning or that of others) to ascertain the physical, mental, behavioral and emotional factors that contribute to the suspected disabilities.

Once a student has been determined eligible to receive a free appropriate public education, the district will reevaluate the student with a disability whenever the student’s parent requests a reevaluation, and when the district determines the educational and related services needs (including improved academic achievement and functional performance) of the child warrant a reevaluation. However, a reevaluation must take place at least once every three years, unless the student’s parent and the district agree it is unnecessary.

Parental Consent for Student Evaluations

Before conducting any type of evaluation, district staff will take steps to obtain written informed consent from a student’s parent, as required by applicable law and regulations. They also will keep a detailed record of those attempts and their results, including phone calls and correspondence, visits to the parent’s home and any responses received.

1. If a parent refuses to give consent for an initial evaluation, or fails to respond to such a request, the parent will be given an opportunity to attend an informal conference and ask questions about the proposed evaluation. Unless the referral for evaluation is withdrawn, if the parent continues to withhold consent, the Board will commence due process proceedings to conduct an initial evaluation without parental consent within the time lines established in Commissioner’s regulations.
2. If a parent refuses to give consent for a reevaluation, or fails to respond to such a request, district staff will proceed with the reevaluation without parental consent if it has engaged in documented reasonable efforts to obtain such consent and the parent has failed to respond. If the district cannot document its efforts to obtain consent, the Board will commence due process proceedings to conduct a reevaluation without parental consent.

3. If district staff is unable to obtain consent for the initial evaluation or reevaluation of a home schooled or a parentally-placed nonpublic school student, the Board will not commence due process proceedings to conduct the evaluation without parental consent, and will consider the student as not eligible for special education.

Conduct of Evaluations

In conducting evaluations of students with disabilities, the district will use a variety of assessment tools and strategies, including parent-provided information, to gather relevant functional, developmental, and academic information for determining a student’s eligibility for special education and related services, and the content of the student’s individualized education program or individualized education services program or services plan in the case of nonpublic school students with disabilities (including information related to enabling the student to be involved in and progress in the general education curriculum).

The district also will assess a student in all areas of suspected disability, and the assessment and other evaluation used will not be discriminatory on a racial or cultural basis. In addition, students will be assessed in the language and form most likely to yield accurate information on what the student actually knows and can do academically, developmentally, and functionally, unless it is not feasible to do so.

In the case of students suspected of having a specific learning disability, the district will follow the procedures established in commissioner’s regulations.

The district will notify a student’s parent of any determination that no additional data is needed and the reasons for such a determination. It will also inform the parent of his or her right to request an assessment, notwithstanding that determination.

Eligibility Determination

The CSE or CSE subcommittee will determine whether a student is eligible for special education and related services under the IDEA and Article 89, as well as the student’s educational needs.

The CSE or CSE subcommittee may not determine that a student is eligible for special education and related services if the determining factor is lack of appropriate instruction in the essential components of reading, including phonemic awareness, phonics, vocabulary development, reading fluency (including oral reading skills), and reading comprehension strategies; or lack of appropriate instruction in math; or limited English proficiency.

Committee on Special Education
The members of the CSE and CSE subcommittees will include those individuals identified in applicable law and regulations, and their attendance at CSE and CSE subcommittee meetings will be required except as otherwise provided in law and regulations.

The parent of a student with disabilities is one of the mandated CSE and CSE subcommittee members and as such has a right to participate in CSE and CSE subcommittee meetings concerning the identification, evaluation, educational placement, and the provision of a free appropriate public education to their child. District staff will take steps to ensure the parent’s participation, in accordance with the following:

1. CSE and CSE subcommittee meetings will be scheduled at a time and place that is mutually agreeable to the parent and the district.
2. The parent will be given at least five days notice of the time and place of a CSE or CSE subcommittee meeting, except as otherwise provided in law and regulation, along with notice of the purpose of the meeting, those who will attend (including name and title), and the parent’s right to be accompanied to the meeting by person(s) the parent considers to have knowledge and special expertise about their child.
3. The parent and the district may agree to use alternative means of participation at CSE meetings, such as videoconferences or telephone conference calls.
4. District staff will take any action necessary to ensure that the parent understands the proceedings at CSE meetings, including arranging for an interpreter for deaf parents or parents whose native language is other than English.

The CSE or CSE subcommittee may meet without a student’s parent only if district staff has been unable to obtain either parent’s participation, and has a record of its attempts to arrange a mutually agreed upon time and place. Similarly, the CSE or CSE subcommittee may make a decision without the involvement of the student’s parent only if district staff has been unable to obtain parental participation, even through the use of alternative means of participation, and has a record of its attempts to ensure parental involvement.

**Provision of Services**

The Board will arrange for appropriate special education and related services recommended by the CSE or CSE subcommittee within 60 school days of the district’s receipt of parental consent to evaluate a student not previously identified as a student with a disability, or within 60 school days of referral for review of a student with a disability, except as otherwise provided in law and regulations.

All staff responsible for the implementation of a student’s individualized education program, or an individualized education services program or services plan in the case of parentally placed nonpublic school students with disabilities, will be provided information regarding those responsibilities (Refer to policy 4321.5 for more information on this topic).

**Parental Consent for the Provision of Services**

The Board acknowledges that parental consent for initial evaluation does not constitute consent for placement for the provision of special education and related services. Therefore, district staff will take steps to obtain written informed consent for the initial provision of special education and related services to an eligible student. The Board will be precluded by applicable
law and regulations from commencing due process proceedings to override the parent’s refusal to provide such consent or override the parent’s failure to respond to such a request.

**Transition Service and Diploma/Credential Options**

In accordance with law and regulation, the Board will ensure the provision of transition services, which are a coordinated set of activities for students with disabilities that facilitates movement from school to post-school activities, which may include but are not limited to post-secondary education, vocational education, integrated employment, continuing and adult education, adult services, independent living or community participation.

The Board of Education is committed to supporting all students so they are college and career ready upon graduation.

In accordance with law and regulation, Beginning no later than the school year when a student turns age 15, the student’s IEP must include transition goals and services and will also include undertaking activities in the following areas:

- Instruction
- Related services
- Community experiences
- The development of employment and other post-school adult living objectives; and
- When appropriate, acquisition of daily living skills and provision of a functional vocational evaluation

In developing the plan for transition services, students and parents will be made aware of diploma and credential options available and the requirements associated with each option.

The Committee on Special Education (CSE), which includes parents/guardians, will work with students with disabilities to attain the appropriate diploma or credential based on their individualized Education Plan (IEP).

**Regents Diploma or Regents Diploma with Advanced Designation**

Students with disabilities are encouraged to work toward the completion of requirements for a Regents diploma or Regents diploma with an advanced designation, as established by New York State and the Board.

**Local Diploma**

Students with disabilities may work toward completion of the requirements of a local diploma. The local diploma may be earned by meeting the standards set forth in state regulations.

**Career Development and Occupational Studies Commencement Credential**

Students with disabilities, who are not students with severe disabilities under Commissioner’s Regulations, may be issued a New York State Career Development and Occupational Studies Commencement Credential (CDOS), pursuant to the requirements of those
regulations. The student may pursue a CDOS either in addition to or instead of a high school diploma. The district shall ensure that such students have been provided with appropriate opportunities to earn a high school diploma.

SCHOOL SAFETY PLANS AND TEAMS

Emergencies and violent incidents in schools are critical issues that must be addressed in an expeditious and effective manner. The Board of Education recognizes its responsibility to adopt and keep current a comprehensive district wide school safety plan and building-level emergency response plan(s) which address violence prevention, crisis intervention, emergency response and management.

Taken together, the district-wide and building level plans shall provide a comprehensive approach to addressing school safety and violence prevention, and provide the structure where all individuals can fully understand their roles and responsibilities for promoting the safety of the entire school community. The plans shall be designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the district’s coordination with local and county resources. The plans shall also address risk reduction/prevention, response and recovery with respect to a variety of types of emergencies and violent incidents in district schools.

In accordance with state law and regulation, the district shall have the following safety teams and plans to deal with violence prevention, crisis intervention and emergency response and management:

Comprehensive district-wide school safety team and plan

The Board shall annually appoint a district-wide school safety team that includes, but is not be limited to, a representative from the following constituencies: the Board, students, teachers, administrators, and parent organizations, school safety personnel and other school personnel. This team shall be responsible for the development and annual review of the comprehensive district-wide school safety plan. The plan shall cover all district school buildings and shall address violence prevention (taking into consideration a range of programs and approaches that are designed to create a positive school climate and culture), crisis intervention, emergency response and management including communication protocols, at the district level. It shall include all those elements required by law and regulation.

Building-level safety team and emergency response plans

Each Building Principal shall be responsible for annually appointing a school safety team that includes representation from teachers, administrators, parent organizations, school safety personnel, other school personnel, local law enforcement officials, local ambulance and other emergency response agencies. The school safety team shall be responsible for the development and review of a building-level emergency response plan for each district building. The plan(s) shall address communication, emergency response (including insuring that local responders have access to floor plans, blueprints, and other appropriate maps of school property and the immediate surrounding area), and evacuation at the building level and shall include all components required by law and regulation.

Within each building, the school safety team shall designate:
• an emergency response team that includes appropriate school personnel, local law enforcement officials and representatives from local, regional and/or state emergency response agencies to assist the school community in responding to a serious violent incident or emergency; and

• a post-incident response team that includes appropriate school personnel, medical personnel, mental health counselors and other related personnel to assist the community in coping with the aftermath of a serious violent incident or emergency.

The Building Principal shall be responsible for conducting at least one test every school year of the emergency response procedures under this plan including procedures for sheltering and early dismissal.

To maintain security and in accordance with law, the building-level emergency response plan(s) shall be confidential and shall not be subject to disclosure under the Freedom of Information Law or any other law. A summary of the building-level plan will be made available for public inspection.

Crisis Response (Post Incident Response)

Effective and responsible communication following a crisis is critical. Therefore, the District shall develop and maintain a crisis response team, and identify a media spokesperson who will be briefed on all details. This spokesperson shall be the Superintendent or his/her designee.

The Superintendent will establish protocols and regulations to conduct fire drills, bus emergency drills, to ensure the safety of all staff, students, and visitors to the district.

Cardiac Automated External Defibrillators (AEDs) in Public School Facilities

The School District shall provide and maintain on-site in each occupied school facility functional cardiac automated external defibrillator (AED) equipment, as defined in Public Health Law Section 3000-b for use during emergencies.

Where a school-sponsored competitive athletic event is held at a site other than a School District facility, School District officials shall assure that AED equipment is provided on-site by the sponsoring or host district, and that at least one staff person who is trained, in accordance with Public Health Law, in the operation and use of the AED is present during such athletic events.

The School District will train at least two persons per occupied school facility in the operation and use of the AED equipment, and ensure the immediate calling of 911 whenever the AED is used. Pursuant to Public Health Law Section 3000-a and 3000-b, the School District or any employee or other agent of the School District, who, in accordance with the provisions of law, voluntarily and without expectation of monetary compensation, renders emergency medical or first aid treatment using an AED to a person who is unconscious, ill or injured, shall not be liable for damages for injury or death unless caused by gross negligence.
Annual Review and Report

All plans shall be reviewed and updated, if necessary, by the appropriate safety team every year. In conducting the review, the teams shall consider any changes in organization, local conditions and other factors including an evaluation of the results of the annual test of the emergency response procedures which may necessitate updating of plans. If the plan requires no changes, then it shall remain in effect. If the district-wide plan requires change, then the updated plan shall be submitted to the Board of Education in time to allow 30-days of public comment and to hold a public hearing which provides for the participation of school personnel, students and other interested parties prior to Board adoption. If the building-level plan requires change, a summary of it will be made available for public comment and public hearing. All plans must be adopted by the Board of Education by July 1.

The Superintendent of Schools shall be responsible for filing the district-level school safety plan and any amendments to the plan with the Commissioner within 30 days after their adoption. The district-wide plan will be posted on the district’s website. Each Building Principal shall be responsible for filing the building-level safety plan for his or her building and any amendments to the plan with the appropriate local law enforcement agency and the state police within 30 days after their adoption.

School Safety Plans Guidance, New York State Education Department, June 2010

1st Reading: January 8, 2014
Adoption date: January 22, 2014
The Board of Education believes that the regular, rigorous and meaningful evaluation of all staff is necessary to continuously improve the achievement of students and the operation of the district. To this end, the Superintendent of Schools shall be responsible for ensuring that all district employees are evaluated annually and receive appropriate levels of support based upon that evaluation, if necessary, to improve their skills.

Administrators

All administrators, other than building principals who are covered by policy 9240.1, shall be evaluated annually by the Superintendent or his/her designee in accordance with this policy, applicable state law, regulation and collective bargaining agreements.

Professional Employees (not covered by 3012-c)

All professional employees non-classroom teachers providing instructional services or pupil personnel services, counselors, school psychologists and social workers shall be evaluated annually in accordance with state law and regulation, as well as any applicable collective bargaining agreement and the district’s Part 100.2(o) Professional Performance Review Plan (APPR). The plan shall include the required regulatory elements such as: (a) criteria for evaluating teachers and other professional employees, (b) assessment methods, (c) how quality rating categories/criteria will be used to differentiate professional development, compensation and promotion; (d) how timely and constructive feedback from evaluations will be provided; (e) plans to improve teacher performance for those rated ineffective, and; (f) training for evaluators.

The Superintendent shall collaborate with teachers, pupil personnel professionals, administrators and parents in developing the plan, which may be a multi-year plan. The Superintendent shall be responsible for selecting those individuals with whom he or she will collaborate in the development of the plan. The Superintendent shall meet with a group of such individuals at least once each year to determine if changes are necessary after its initial adoption.

The Superintendent shall submit the district’s Professional Performance Review Plan, with any recommended changes, to the Board at its organizational meeting. At that meeting, the Board may request that the Superintendent reconsider or reexamine certain aspects of the plan, in which case, the Superintendent will resubmit the plan at the Board’s first regular meeting in August.

The Board will provide members of parent organizations and the president of the applicable bargaining units the opportunity to comment on the plan, prior to its adoption, at a meeting at which the plan is considered. The Board must approve the plan before it becomes effective. The approved plan for each school year will be available in the district offices by September 10 of each year.
Each year, the Superintendent shall provide a report to the State Education Department on information related to the district’s efforts to address the performance of non-classroom teachers rated ineffective.

Support Staff

Support staff (those staff not required to be evaluated under the Professional Performance Review Plan) shall be evaluated annually in accordance with any applicable collective bargaining agreement and this policy.

Reporting

The Superintendent will prepare an annual report for the Board that provides data on the evaluation ratings so that the Board can assess the effectiveness of the district’s evaluation program. Data may include the number of employees evaluated, a summary of the final evaluation ratings, the rates of staff turnover and other relevant information. Personally identifiable data will not be released to the public.

Training

The Superintendent shall ensure that all staff that are required to evaluate other staff are provided appropriate and sufficient training in assessment and evaluation, in accordance with state law and regulation.

8 NYCRR § 100.2(o) (Professional Performance Review Plans)
BUILDING PRINCIPAL AND CLASSROOM TEACHER EVALUATION

In accordance with state law and regulation, it is the goal of the Board of Education to have a high quality evaluation program for staff including building principals and classroom teachers which results in an effective teacher in every classroom and an effective leader in every building in the district. In order to achieve that goal, the Superintendent of Schools shall be responsible for ensuring that building principals and classroom teachers are evaluated annually, in accordance with state law and regulation. Evaluations will be a significant factor in employment decisions, including, but not limited to, promotion, retention, tenure determination, termination and supplemental compensation.

Annual Professional Performance Review Plan

The district will submit the required annual professional performance review plan to the State Education Department in a timely manner, in conformance with state law, Regents Rules and Commissioner’s Regulations. The Superintendent will provide periodic reports to the Board of Education on the progress of negotiations regarding the negotiable parts of the plan, salient information about the preparation of the plan, present the plan for Board approval and apprise the Board when the plan has been approved by the State.

The plan shall include a description of the required elements, including the following:

(a) the process for transmitting accurate data to the State Education Department,
(b) scoring methods that ensures the integrity of the testing process,
(c) how quality rating categories/criteria will be used to differentiate professional development, compensation and promotion;
(d) how timely and constructive feedback from evaluations will be provided;
(e) plans to improve teacher performance for those rated ineffective, and
(f) training for evaluators.

Once the district has received approval of the plan by the State Education Department, the plan will be posted on the district’s website within 10 days, or by September 10th, whichever is later.

Classroom Teachers and Principals (covered by Education Law §3012-c)

Classroom teachers and buildings principals will receive a composite performance rating as part of the annual professional performance review, in accordance with state law, by September 1st of the following school year. The composite performance rating will fall into one of four categories: highly effective; effective; developing and ineffective. This composite rating will be made up of multiple measures of effectiveness and will include student performance on state and local tests, in accordance with the terms of the annual professional performance review plan.
Teacher and Principal Improvement Plans

When a teacher or principal is rated as developing or ineffective as a result of the annual performance review, the Superintendent or his/her designee must formulate and commence an improvement plan (TIP/PIP). The improvement plan will be developed in accordance with negotiated agreements, but must be in place no later than 10 school days from the opening of classes in the school year following the school year for which the performance was rated. The Superintendent will prepare an annual summary report for the Board on the number of TIPs/PIPs issued and other relevant data to support assessment of the effectiveness of the district’s approach to improvement plans. In the event that the assessment reveals that progress isn’t being made, the administration will recommend changes to the approach.

Appeals

For classroom teachers and principals, an appeal of an evaluation may be commenced once the composite evaluation score has been received. The right to appeal and the process of the appeal is prescribed by the annual professional performance review plan.

Training

The Superintendent is the lead evaluator for the district and shall plan his/her own professional development in order to maintain his/her expertise in this area. The Superintendent shall ensure that all staff that are required to evaluate other staff are provided appropriate and sufficient training in assessment and evaluation, in accordance with state law and regulation.

Parental Rights to Annual Professional Performance Review Composite Scores & Quality Ratings Under Education Law Section 3012-e

In Accordance with the provisions of Section 3012-e (10)(b) of the Education Law, the Board of Education shall facilitate the disclosure of the Annual Professional Performance Review final quality ratings and numerical composite effectiveness scores of the classroom teachers and building principals to the parents/legal guardians of students under their supervision for the current school year.

In the interest of protecting the privacy rights of the professional educators while facilitating parental access, the District shall require reasonable verification of identity prior to releasing information to parents/legal guardian.

The Superintendent of Schools shall develop a parental notice and information access form that shall be exhibits to this policy and an integral part hereof. The parental notice shall be posted in conspicuous locations within the District and the notice and form shall be made available on the District website.

-----------------------------------------------
Camille DiPerna, District Clerk
The Board of Education shall make available a free appropriate public education to all students with disabilities who reside within its district and are eligible for special education and related services under the Individuals with Disabilities Education Act and Article 89 of New York’s Education Law, and their implementing regulations. Special education and related services will be provided to resident eligible students with disabilities in conformity with their individualized education program (IEP) and in the least restrictive environment appropriate to meet their individual educational needs. Special education services or programs will be designed to enable a student with disabilities to be involved in and progress in the general education curriculum, to the extent appropriate to his/her needs.

The Board also shall make available special education and related services to eligible students with disabilities parentally placed in a nonpublic school located within the district, regardless of whether they are residents of the district. However, this obligation does not extend to resident students with disabilities who are placed by their parents in a nonpublic school within district boundaries because of a disagreement between the parents and the school district over the provision of a free appropriate public education. Nonpublic school students with disabilities who are not district residents but who reside within New York State will be provided programs and services in accordance with their individualized education services program (IESP). Nonpublic school students with disabilities who reside out-of-state will be provided services in accordance with their services plan (SP). (Refer to policy 4321.10, Programs and Services for Parentally-placed Nonpublic School Students with Disabilities under the IDEA and New York’s Education Law Article 89 for more guidance on this topic).

In addition, to the maximum extent appropriate to their individual needs, eligible students with disabilities residing within the district and attending the district’s public schools will be entitled to participate in school district academic, cocurricular and extracurricular activities available to all other students enrolled in the district’s public schools. Such cocurricular and extracurricular activities may include athletics, transportation, recreational activities, school-sponsored special interest groups or clubs, and referrals to agencies that provide assistance to individuals with disabilities and the employment of students (including both employment by the school district and assistance in making outside employment available).

In providing a free appropriate public education to students with disabilities eligible under the IDEA and Article 89, the Board will afford the students and their parents the procedural safeguard rights they are entitled to under applicable law and regulations. The Board also will provide them with notice of such rights as required by law and regulation, using the form prescribed by the commissioner of education.

For purposes of this policy and others related to the provision of services to eligible students with disabilities, and consistent with applicable law and regulation, the word parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child; a person in parental relationship to the child as defined in section 3212 of the Education Law; an individual
designated as a person in parental relation pursuant to title 15-A of the General Obligations Law, including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent, or other relative with whom the child resides; or a surrogate parent who has been appointed in accordance with commissioner’s regulations.

Eligible students with disabilities will be entitled to special education and related services until the end of the school year in which they turn 21 or until they receive a local high school or Regents diploma.

To ensure the provision of a free appropriate public education to all eligible students with disabilities:

1. School district staff will take steps to locate, identify, evaluate and maintain information about all children with disabilities within the district, including homeless children and children who are wards of the state, and children attending nonpublic school within the district (including religious schools), who are in need of special education.
2. The district will establish a plan and practice for implementing school-wide approaches and interventions in order to remediate a student’s performance prior to referral for special education services. The district will provide general education support services, instructional modifications, and/or alternative program options to address a student’s performance before referring the student to the Committee on Special Education (CSE).
   The School Intervention Team will develop, implement and evaluate pre-referral intervention strategies (4321.2, School-wide Prereferral Approaches and Interventions).
3. School district staff will initiate a request for evaluation of a student who has not made adequate progress after an appropriate period of time when provided instruction under a response to intervention program. In making the request the staff person will describe in writing intervention services, programs and methodologies used to remediate the student’s performance prior to referral. In addition, the extent of parental contact will be described as well.
4. The Board will appoint a committee on special education (CSE), and, as appropriate, CSE subcommittees, to assure the timely identification, evaluation and placement of eligible students with disabilities.
5. The Board will arrange for special education programs and services based upon the recommendation of the CSE or CSE subcommittee.
6. The Superintendent shall establish a plan for the recruitment, hiring and retention of staff appropriately and adequately prepared to meet the needs of students with disabilities including, but not limited to, highly qualified special education teachers.
7. The Superintendent shall establish a comprehensive professional development plan designed to ensure that personnel necessary to carry out IDEA and Article 89 possess the skills and knowledge required to meet the needs of students with disabilities.
8. The Superintendent will establish a process for ensuring that district staff understand the right of students with disabilities to access and participate in the same academic, cocurricular and extracurricular programs and activities as all other students enrolled in the district’s public schools, to the maximum extent appropriate to their individual needs.

Locate and Identify Students with Disabilities

The district will conduct an annual census to locate and identify all students with disabilities who reside in the district, and establish a register of such students who are entitled to
attend the public schools of the district during the next school year, including students with disabilities who are homeless or wards of the State. The census shall be conducted, and the registry maintained, in accordance with the requirements established in Commissioner’s regulations.

The Superintendent will determine what other activities might be appropriate to help locate and identify students with disabilities. These may include, but are not limited to, the mailing of letters to all district residents regarding the availability of special education programs and services and their right to access such services, and/or the publication of a similar notice in school newsletters and other publications.

(Refer to policy 4321.10, Programs and Services for Parentally-placed Nonpublic School Students with Disabilities under the IDEA and New York’s Education Law Article 89, for more information regarding how to locate and identify nonpublic school students with disabilities).

**Evaluation of Students with Disabilities**

To initially determine a student’s eligibility for a free appropriate public education under the IDEA and Article 89, the district will conduct a full evaluation of the student in accordance within legally prescribed time lines. As set forth in Commissioner’s regulations, the initial evaluation will include, at least, a physical examination, an individual psychological evaluation unless the school psychologist determines it unnecessary, a social history, an observation of the student in the student’s learning environment to document the student’s academic performance and behavior in the areas of difficulty, and other appropriate assessments or evaluations (including a functional behavioral assessment for a student whose behavior impedes his or her learning or that of others) to ascertain the physical, mental, behavioral and emotional factors that contribute to the suspected disabilities.

Once a student has been determined eligible to receive a free appropriate public education, the district will reevaluate the student with a disability whenever the student’s parent requests a reevaluation, and when the district determines the educational and related services needs (including improved academic achievement and functional performance) of the child warrant a reevaluation. However, a reevaluation must take place at least once every three years, unless the student’s parent and the district agree it is unnecessary.

**Parental Consent for Student Evaluations**

Before conducting any type of evaluation, district staff will take steps to obtain written informed consent from a student’s parent, as required by applicable law and regulations. They also will keep a detailed record of those attempts and their results, including phone calls and correspondence, visits to the parent’s home and any responses received.

1. If a parent refuses to give consent for an initial evaluation, or fails to respond to such a request, the parent will be given an opportunity to attend an informal conference and ask questions about the proposed evaluation. Unless the referral for evaluation is withdrawn, if the parent continues to withhold consent, the Board will commence due process proceedings to conduct an initial evaluation without parental consent within the time lines established in Commissioner’s regulations.
2. If a parent refuses to give consent for a reevaluation, or fails to respond to such a request, district staff will proceed with the reevaluation without parental consent if it has engaged in documented reasonable efforts to obtain such consent and the parent has failed to respond. If the district cannot document its efforts to obtain consent, the Board will commence due process proceedings to conduct a reevaluation without parental consent.

3. If district staff is unable to obtain consent for the initial evaluation or reevaluation of a home schooled or a parentally-placed nonpublic school student, the Board will not commence due process proceedings to conduct the evaluation without parental consent, and will consider the student as not eligible for special education.

Conduct of Evaluations

In conducting evaluations of students with disabilities, the district will use a variety of assessment tools and strategies, including parent-provided information, to gather relevant functional, developmental, and academic information for determining a student’s eligibility for special education and related services, and the content of the student’s individualized education program or individualized education services program or services plan in the case of nonpublic school students with disabilities (including information related to enabling the student to be involved in and progress in the general education curriculum).

The district also will assess a student in all areas of suspected disability, and the assessment and other evaluation used will not be discriminatory on a racial or cultural basis. In addition, students will be assessed in the language and form most likely to yield accurate information on what the student actually knows and can do academically, developmentally, and functionally, unless it is not feasible to do so.

In the case of students suspected of having a specific learning disability, the district will follow the procedures established in commissioner’s regulations.

The district will notify a student’s parent of any determination that no additional data is needed and the reasons for such a determination. It will also inform the parent of his or her right to request an assessment, notwithstanding that determination.

Eligibility Determination

The CSE or CSE subcommittee will determine whether a student is eligible for special education and related services under the IDEA and Article 89, as well as the student’s educational needs.

The CSE or CSE subcommittee may not determine that a student is eligible for special education and related services if the determining factor is lack of appropriate instruction in the essential components of reading, including phonemic awareness, phonics, vocabulary development, reading fluency (including oral reading skills), and reading comprehension strategies; or lack of appropriate instruction in math; or limited English proficiency.

Committee on Special Education
The members of the CSE and CSE subcommittees will include those individuals identified in applicable law and regulations, and their attendance at CSE and CSE subcommittee meetings will be required except as otherwise provided in law and regulations.

The parent of a student with disabilities is one of the mandated CSE and CSE subcommittee members and as such has a right to participate in CSE and CSE subcommittee meetings concerning the identification, evaluation, educational placement, and the provision of a free appropriate public education to their child. District staff will take steps to ensure the parent’s participation, in accordance with the following:

1. CSE and CSE subcommittee meetings will be scheduled at a time and place that is mutually agreeable to the parent and the district.
2. The parent will be given at least five days notice of the time and place of a CSE or CSE subcommittee meeting, except as otherwise provided in law and regulation, along with notice of the purpose of the meeting, those who will attend (including name and title), and the parent’s right to be accompanied to the meeting by person(s) the parent considers to have knowledge and special expertise about their child.
3. The parent and the district may agree to use alternative means of participation at CSE meetings, such as videoconferences or telephone conference calls.
4. District staff will take any action necessary to ensure that the parent understands the proceedings at CSE meetings, including arranging for an interpreter for deaf parents or parents whose native language is other than English.

The CSE or CSE subcommittee may meet without a student’s parent only if district staff has been unable to obtain either parent’s participation, and has a record of its attempts to arrange a mutually agreed upon time and place. Similarly, the CSE or CSE subcommittee may make a decision without the involvement of the student’s parent only if district staff has been unable to obtain parental participation, even through the use of alternative means of participation, and has a record of its attempts to ensure parental involvement.

Provision of Services

The Board will arrange for appropriate special education and related services recommended by the CSE or CSE subcommittee within 60 school days of the district’s receipt of parental consent to evaluate a student not previously identified as a student with a disability, or within 60 school days of referral for review of a student with a disability, except as otherwise provided in law and regulations.

All staff responsible for the implementation of a student’s individualized education program, or an individualized education services program or services plan in the case of parentally placed nonpublic school students with disabilities, will be provided information regarding those responsibilities (Refer to policy 4321.5 for more information on this topic).

Parental Consent for the Provision of Services

The Board acknowledges that parental consent for initial evaluation does not constitute consent for placement for the provision of special education and related services. Therefore, district staff will take steps to obtain written informed consent for the initial provision of special education and related services to an eligible student. The Board will be precluded by applicable
law and regulations from commencing due process proceedings to override the parent’s refusal to provide such consent or override the parent’s failure to respond to such a request.

Transition Service and Diploma/Credential Options

In accordance with law and regulation, the Board will ensure the provision of transition services, which are a coordinated set of activities for students with disabilities that facilitates movement from school to post-school activities, which may include but are not limited to post-secondary education, vocational education, integrated employment, continuing and adult education, adult services, independent living or community participation.

The Board of Education is committed to supporting all students so they are college and career ready upon graduation.

In accordance with law and regulation, Beginning no later than the school year when a student turns age 15, the student’s IEP must include transition goals and services and will also include undertaking activities in the following areas:

- Instruction
- Related services
- Community experiences
- The development of employment and other post-school adult living objectives; and
- When appropriate, acquisition of daily living skills and provision of a functional vocational evaluation

In developing the plan for transition services, students and parents will be made aware of diploma and credential options available and the requirements associated with each option.

The Committee on Special Education (CSE), which includes parents/guardians, will work with students with disabilities to attain the appropriate diploma or credential based on their individualized Education Plan (IEP).

Regents Diploma or Regents Diploma with Advanced Designation

Students with disabilities are encouraged to work toward the completion of requirements for a Regents diploma or Regents diploma with an advanced designation, as established by New York State and the Board.

Local Diploma

Students with disabilities may work toward completion of the requirements of a local diploma. The local diploma may be earned by meeting the standards set forth in state regulations.

Career Development and Occupational Studies Commencement Credential

Students with disabilities, who are not students with severe disabilities under Commissioner’s Regulations, may be issued a New York State Career Development and Occupational Studies Commencement Credential (CDOS), pursuant to the requirements of those
regulations. The student may pursue a CDOS either in addition to or instead of a high school diploma. The district shall ensure that such students have been provided with appropriate opportunities to earn a high school diploma.

SCHOOL SAFETY PLANS AND TEAMS

Emergencies and violent incidents in schools are critical issues that must be addressed in an expeditious and effective manner. The Board of Education recognizes its responsibility to adopt and keep current a comprehensive district-wide school safety plan and building-level emergency response plan(s) which address violence prevention, crisis intervention, emergency response and management.

Taken together, the district-wide and building level plans shall provide a comprehensive approach to addressing school safety and violence prevention, and provide the structure where all individuals can fully understand their roles and responsibilities for promoting the safety of the entire school community. The plans shall be designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the district’s coordination with local and county resources. The plans shall also address risk reduction/prevention, response and recovery with respect to a variety of types of emergencies and violent incidents in district schools.

In accordance with state law and regulation, the district shall have the following safety teams and plans to deal with violence prevention, crisis intervention and emergency response and management:

Comprehensive district-wide school safety team and plan

The Board shall annually appoint a district-wide school safety team that includes, but is not limited to, a representative from the following constituencies: the Board, students, teachers, administrators, and parent organizations, school safety personnel and other school personnel. This team shall be responsible for the development and annual review of the comprehensive district-wide school safety plan. The plan shall cover all district school buildings and shall address violence prevention (taking into consideration a range of programs and approaches that are designed to create a positive school climate and culture), crisis intervention, emergency response and management including communication protocols, at the district level. It shall include all those elements required by law and regulation.

Building-level safety team and emergency response plans

Each Building Principal shall be responsible for annually appointing a school safety team that includes representation from teachers, administrators, parent organizations, school safety personnel, other school personnel, local law enforcement officials, local ambulance and other emergency response agencies. The school safety team shall be responsible for the development and review of a building-level emergency response plan for each district building. The plan(s) shall address communication, emergency response (including insuring that local responders have access to floor plans, blueprints, and other appropriate maps of school property and the immediate surrounding area), and evacuation at the building level and shall include all components required by law and regulation.

Within each building, the school safety team shall designate:
• an emergency response team that includes appropriate school personnel, local law enforcement officials and representatives from local, regional and/or state emergency response agencies to assist the school community in responding to a serious violent incident or emergency; and

• a post-incident response team that includes appropriate school personnel, medical personnel, mental health counselors and other related personnel to assist the community in coping with the aftermath of a serious violent incident or emergency.

The Building Principal shall be responsible for conducting at least one test every school year of the emergency response procedures under this plan including procedures for sheltering and early dismissal.

To maintain security and in accordance with law, the building-level emergency response plan(s) shall be confidential and shall not be subject to disclosure under the Freedom of Information Law or any other law. A summary of the building-level plan will be made available for public inspection.

Crisis Response (Post Incident Response)

Effective and responsible communication following a crisis is critical. Therefore, the District shall develop and maintain a crisis response team, and identify a media spokesperson who will be briefed on all details. This spokesperson shall be the Superintendent or his/her designee.

The Superintendent will establish protocols and regulations to conduct fire drills, bus emergency drills, to ensure the safety of all staff, students, and visitors to the district.

Cardiac Automated External Defibrillators (AEDs) in Public School Facilities

The School District shall provide and maintain on-site in each occupied school facility functional cardiac automated external defibrillator (AED) equipment, as defined in Public Health Law Section 3000-b for use during emergencies.

Where a school-sponsored competitive athletic event is held at a site other than a School District facility, School District officials shall assure that AED equipment is provided on-site by the sponsoring or host district, and that at least one staff person who is trained, in accordance with Public Health Law, in the operation and use of the AED is present during such athletic events.

The School District will train at least two persons per occupied school facility in the operation and use of the AED equipment, and ensure the immediate calling of 911 whenever the AED is used. Pursuant to Public Health Law Section 3000-a and 3000-b, the School District or any employee or other agent of the School District, who, in accordance with the provisions of law, voluntarily and without expectation of monetary compensation, renders emergency medical or first aid treatment using an AED to a person who is unconscious, ill or injured, shall not be liable for damages for injury or death unless caused by gross negligence.
Annual Review and Report

All plans shall be reviewed and updated, if necessary, by the appropriate safety team every year. In conducting the review, the teams shall consider any changes in organization, local conditions and other factors including an evaluation of the results of the annual test of the emergency response procedures which may necessitate updating of plans. If the plan requires no changes, then it shall remain in effect. If the district-wide plan requires change, then the updated plan shall be submitted to the Board of Education in time to allow 30-days of public comment and to hold a public hearing which provides for the participation of school personnel, students and other interested parties prior to Board adoption. If the building-level plan requires change, a summary of it will be made available for public comment and public hearing. All plans must be adopted by the Board of Education by July 1.

The Superintendent of Schools shall be responsible for filing the district-level school safety plan and any amendments to the plan with the Commissioner within 30 days after their adoption. The district-wide plan will be posted on the district’s website. Each Building Principal shall be responsible for filing the building-level safety plan for his or her building and any amendments to the plan with the appropriate local law enforcement agency and the state police within 30 days after their adoption.

EVALUATION OF STAFF
(NOT COVERED BY 3012-c OF EDUCATION LAW)

The Board of Education believes that the regular, rigorous and meaningful evaluation of all staff is necessary to continuously improve the achievement of students and the operation of the district. To this end, the Superintendent of Schools shall be responsible for ensuring that all district employees are evaluated annually and receive appropriate levels of support based upon that evaluation, if necessary, to improve their skills.

Administrators

All administrators, other than building principals who are covered by policy 9240.1, shall be evaluated annually by the Superintendent or his/her designee in accordance with this policy, applicable state law, regulation and collective bargaining agreements.

Professional Employees (not covered by 3012-c)

All professional employees non-classroom teachers providing instructional services or pupil personnel services, counselors, school psychologists and social workers shall be evaluated annually in accordance with state law and regulation, as well as any applicable collective bargaining agreement and the district’s Part 100.2(o) Professional Performance Review Plan (APPR). The plan shall include the required regulatory elements such as: (a) criteria for evaluating teachers and other professional employees, (b) assessment methods, (c) how quality rating categories/criteria will be used to differentiate professional development, compensation and promotion; (d) how timely and constructive feedback from evaluations will be provided; (e) plans to improve teacher performance for those rated ineffective, and; (f) training for evaluators.

The Superintendent shall collaborate with teachers, pupil personnel professionals, administrators and parents in developing the plan, which may be a multi-year plan. The Superintendent shall be responsible for selecting those individuals with whom he or she will collaborate in the development of the plan. The Superintendent shall meet with a group of such individuals at least once each year to determine if changes are necessary after its initial adoption.

The Superintendent shall submit the district’s Professional Performance Review Plan, with any recommended changes, to the Board at its organizational meeting. At that meeting, the Board may request that the Superintendent reconsider or reexamine certain aspects of the plan, in which case, the Superintendent will resubmit the plan at the Board’s first regular meeting in August.

The Board will provide members of parent organizations and the president of the applicable bargaining units the opportunity to comment on the plan, prior to its adoption, at a meeting at which the plan is considered. The Board must approve the plan before it becomes effective. The approved plan for each school year will be available in the district offices by September 10 of each year.
Each year, the Superintendent shall provide a report to the State Education Department on information related to the district’s efforts to address the performance of non-classroom teachers rated ineffective.

**Support Staff**

Support staff (those staff not required to be evaluated under the Professional Performance Review Plan) shall be evaluated annually in accordance with any applicable collective bargaining agreement and this policy.

**Reporting**

The Superintendent will prepare an annual report for the Board that provides data on the evaluation ratings so that the Board can assess the effectiveness of the district’s evaluation program. Data may include the number of employees evaluated, a summary of the final evaluation ratings, the rates of staff turnover and other relevant information. Personally identifiable data will not be released to the public.

**Training**

The Superintendent shall ensure that all staff that are required to evaluate other staff are provided appropriate and sufficient training in assessment and evaluation, in accordance with state law and regulation.

BUILDING PRINCIPAL AND CLASSROOM TEACHER EVALUATION

In accordance with state law and regulation, it is the goal of the Board of Education to have a high quality evaluation program for staff including building principals and classroom teachers which results in an effective teacher in every classroom and an effective leader in every building in the district. In order to achieve that goal, the Superintendent of Schools shall be responsible for ensuring that building principals and classroom teachers are evaluated annually, in accordance with state law and regulation. Evaluations will be a significant factor in employment decisions, including, but not limited to, promotion, retention, tenure determination, termination and supplemental compensation.

Annual Professional Performance Review Plan

The district will submit the required annual professional performance review plan to the State Education Department in a timely manner, in conformance with state law, Regents Rules and Commissioner’s Regulations. The Superintendent will provide periodic reports to the Board of Education on the progress of negotiations regarding the negotiable parts of the plan, salient information about the preparation of the plan, present the plan for Board approval and apprise the Board when the plan has been approved by the State.

The plan shall include a description of the required elements, including the following:

(a) the process for transmitting accurate data to the State Education Department,
(b) scoring methods that ensures the integrity of the testing process,
(c) how quality rating categories/criteria will be used to differentiate professional development, compensation and promotion;
(d) how timely and constructive feedback from evaluations will be provided;
(e) plans to improve teacher performance for those rated ineffective, and
(f) training for evaluators.

Once the district has received approval of the plan by the State Education Department, the plan will be posted on the district’s website within 10 days, or by September 10th, whichever is later.

Classroom Teachers and Principals (covered by Education Law §3012-c)

Classroom teachers and buildings principals will receive a composite performance rating as part of the annual professional performance review, in accordance with state law, by September 1st of the following school year. The composite performance rating will fall into one of four categories: highly effective; effective; developing and ineffective. This composite rating will be made up of multiple measures of effectiveness and will include student performance on state and local tests, in accordance with the terms of the annual professional performance review plan.
Teacher and Principal Improvement Plans

When a teacher or principal is rated as developing or ineffective as a result of the annual performance review, the Superintendent or his/her designee must formulate and commence an improvement plan (TIP/PIP). The improvement plan will be developed in accordance with negotiated agreements, but must be in place no later than 10 school days from the opening of classes in the school year following the school year for which the performance was rated. The Superintendent will prepare an annual summary report for the Board on the number of TIPs/PIPs issued and other relevant data to support assessment of the effectiveness of the district's approach to improvement plans. In the event that the assessment reveals that progress isn’t being made, the administration will recommend changes to the approach.

Appeals

For classroom teachers and principals, an appeal of an evaluation may be commenced once the composite evaluation score has been received. The right to appeal and the process of the appeal is prescribed by the annual professional performance review plan.

Training

The Superintendent is the lead evaluator for the district and shall plan his/her own professional development in order to maintain his/her expertise in this area. The Superintendent shall ensure that all staff that are required to evaluate other staff are provided appropriate and sufficient training in assessment and evaluation, in accordance with state law and regulation.

Parental Rights to Annual Professional Performance Review Composite Scores & Quality Ratings Under Education Law Section 3012-e

In accordance with the provisions of Section 3012-e (10)(b) of the Education Law, the Board of Education shall facilitate the disclosure of the Annual Professional Performance Review final quality ratings and numerical composite effectiveness scores of the classroom teachers and building principals to the parents/legal guardians of students under their supervision for the current school year.

In the interest of protecting the privacy rights of the professional educators while facilitating parental access, the District shall require reasonable verification of identity prior to releasing information to parents/legal guardian.

The Superintendent of Schools shall develop a parental notice and information access form that shall be exhibits to this policy and an integral part hereof. The parental notice shall be posted in conspicuous locations within the District and the notice and form shall be made available on the District website.

BOARD OF EDUCATION

Policy Committee – 1st Reading of Policy 1250 School Volunteers (See Appendix “A”)

Ms. Bowers reported on the changes to the existing policy and stated that she had not received any concerns regarding the policy, however since there was concern during public participation she recommended a 2nd reading for this policy. Board members agreed. The next meeting of the committee will be on March 7th.

Facilities Committee

Ms. Scherer reported that the committee had met on February 12th and the items discussed included the completed maintenance task report for KHS, Cioni and the closed school buildings that was distributed, an update on the sale of Tillson and Zena and a report from BBL on the summer work for 2014 and 2015.

OLD BUSINESS

Mr. Shaughnessy inquired about the enrollment projections, the data requests from the board, and the NYS PreK report. Dr. Padalino responded that they are being reviewed.
NEW BUSINESS

Ms. Bowers inquired about the Regents update that the Board had received and she asked for a report at a future meeting on how that will look in our district.

Mr. McCoy announced that the Public Hearing on the Veterans Tax Exemption will be held at 5 p.m. at JF Kennedy prior to the next board meeting on March 19th.

Mr. McCoy inquired about the move for merging some of the pictures and graduating class pictures to the new buildings. Dr. Padalino will inquire with Mr. Clapper regarding the schedule for moving them.

BOARD MEMBER ANNOUNCEMENTS

Ms. Bowers announced that she had the pleasure to see a graduate of KHS, Wendell Scherer, in two theatrical performances in Rhinebeck and anyone who attended was awed by his performance.

Mr. Shaughnessy announced that on May 10th there will be an Anti-Bullying Conference at Kingston High School, sponsored by the Parent Center.

Dr. Padalino wished Ms. Bowers a very Happy Birthday!

PUBLIC PARTICIPATION

Betsy Jordan spoke regarding the Volunteer Policy.
An unknown woman spoke regarding bus stops.
Cheryl Hulbert spoke regarding the volunteer policy, moving memorabilia from Meagher to JFK.

Dr. Padalino stated that the district has used 11 snow days to date and the give back days are May 23, April 21, 14, 15, and 16th and should there be any other snow days April 17 & 18 will be used next. A brief discussion followed.

ADJOURNMENT

There was no further business before the board and on motion by Ms. Bowers; seconded by Rev. Coston, the Board members unanimously agreed to adjourn the meeting at 7:47 p.m.

Appendix A

SCHOOL VOLUNTEERS

The Board of Education recognizes that the use of volunteers strengthens school/community relations through positive participation, builds an understanding of school programs among interested citizens, and can assist District employees in providing more individualized and enriched opportunities in instruction. The Board encourages volunteers from all backgrounds and age groups who are willing to share their time, training, experience or personal characteristics to benefit the students of the District.

Volunteers may be involved in many facets of school operation from mentor/tutor relationships to clerical tasks. Volunteers shall not be used to provide transportation services.

School personnel who are responsible for tasks or projects that involve the use of volunteers shall identify appropriate tasks, time schedules, and space for such volunteer activities, as well as make provisions for adequate supervision and evaluation.

Persons wishing to volunteer must contact the supervising administrator to complete a volunteer application and volunteer agreement and expectations form. Assistant Superintendent for Personnel or Building Principal or other individual designated by the Superintendent to complete a volunteer application form. The application form shall require the volunteer applicant to disclose any criminal convictions. The application form shall require the volunteer applicant to identify two non-family member personal references. The supervising administrator Assistant Principal, and/or building principal, shall be responsible for verifying that the individual is of good moral character, and for ensuring both references are contacted before the volunteer begins rendering volunteer services. The supervising administrator shall identify the volunteer activity as Tier 2 or Tier 3 on the volunteer application form.

- **Tier 1**- Someone who volunteers occasionally and in a highly public setting with little or no contact with students and who are under constant supervision by KCSD personnel will not be required to complete a volunteer application. A volunteer fitting this example might be someone working at a school field day or fundraising event or someone working in the concession stand or making an occasional classroom visit.

- **Tier 2**- Regular volunteers during the typical school day/academic setting with student contact under constant supervision of KCSD personnel must complete a volunteer application and agreement acknowledging district expectations for volunteers. A volunteer fitting this example might include a room parent, class readers, front office volunteers and single day field trip chaperones.

- **Tier 3**- Regular volunteers outside the typical school/academic setting with student contact under the direct supervision of KCSD personnel must complete volunteer application and agreement acknowledging district expectations for volunteers and be fingerprinted with clearance. A volunteer fitting this example might include assisting with extra, co-curricular clubs/activities and athletics that meet regularly.

Copies of all volunteer applications must be sent to the personnel office. Tier 2 and Tier3 volunteers must be approved by the Board of Education. Tier 3 volunteers must be fingerprinted and receive clearance from New York State Education Department.

The District shall retain a complete record of all information obtained through the application process for the same period of time it retains information regarding District employees.
All volunteers are required to act in accordance with the volunteer agreement and expectations, District policies, regulations and school rules. Any staff member who supervises volunteers shall report any volunteer who violates District policies, regulations or school rules to the supervising administrator, building principal, who may ask the volunteer to leave school grounds.

Each supervising administrator Building Principal shall be responsible for maintaining a current and complete list of all active volunteers and their assignments and shall forward same to the Assistant Superintendent for Personnel, Personnel office.

This policy is not intended to apply to student volunteers.

NOTICE IS HEREBY FURTHER GIVEN that petitions for nominating candidates for the office of member of the Board of Education must be filed with the District Clerk no later than 5:00 P.M. on Wednesday, April 30, 2014. Such petitions must be signed by at least one hundred (100) qualified voters of the District, shall state the name and residence address of each signer and the name and residence address of the candidate. Petition forms may be obtained at the District Clerk’s office on weekdays when school is in session, during regular business hours, 8:00 A.M. to 4:00 P.M.

NOTICE OF REGISTRATION

NOTICE IS HEREBY FURTHER GIVEN that the Board of Education of the City School District of the City of Kingston, Ulster County, New York requires personal registration of voters pursuant to Section 2606, Education Law. Any qualified voter may register to vote for the Annual School District Election and Vote to be held on Tuesday, May 20, 2014 during regular business hours, from 9 AM to 3 PM on school days from September through June and from 9 AM to 2 PM on regular days of business during July and August at the District Clerk’s Office, 61 Crown Street, Kingston, NY if he or she is known or proven to the satisfaction of the District Clerk to be then or thereafter entitled to vote. The Board of Education has fixed Wednesday, April 30, 2014, between the hours of 12 Noon and 5:00 P.M., prevailing time, as the Registration Day for the Annual School District Election and Vote to be held on Tuesday, May 20, 2014, at the District Clerk’s Office, 61 Crown Street, Kingston, NY. Persons whose registration to vote in other than school elections is current, pursuant to Article 5, Section 352 of the Election Law, shall be qualified to vote without further registering with the School District as well as all persons who shall have previously registered for any annual or special district meeting or election and who shall have voted at any annual or special district meeting or election held or conducted at any time during the 2010, 2011, 2012 or 2013 calendar years.
NOTICE IS HEREBY FURTHER GIVEN that the register of voters so prepared shall be filed in the District Clerk’s office and shall be open for inspection by any qualified voter of the District on weekdays between the hours of 8:00 AM and 4:00 PM, prevailing time, during the two weeks prior to the Annual School District Election and Vote. Said register will be open for inspection by any qualified voter of the District in each of the polling places during the Annual School District Election and Vote.

NOTICE IS HEREBY FURTHER GIVEN that absentee ballots for the Annual School District Election and Vote may be applied for at the District Clerk’s office. The application must be received by the District Clerk at least seven (7) days prior to the vote if the ballot is to be mailed to the voter or the day before the vote, if the ballot will be picked up by the voter, and that a list of all persons to whom absentee ballots shall have been issued will be available in the District Clerk’s office on weekdays, during regular office hours, from 8:00 A.M. to 4:00 P.M., prevailing time, until the day of the Annual School District Election and Vote. Any qualified voter may file a written challenge of the qualifications as a voter of any person whose name appears on such list stating the reasons for the challenge.

AND BE IT FURTHER RESOLVED, that the District Clerk is hereby authorized to amend the Notice of the Annual School District Public Hearing on the Budget and Annual School District Election and Vote from time to time, as in her discretion, such amendment may be required;

AND BE IT FURTHER RESOLVED, that the District Clerk shall cause the Notice set forth above to be published once each week for four (4) weeks within the seven (7) weeks preceding the Annual School District Election and Vote, the first such notice to be published at least 45 days prior to the Annual School District Election and Vote in accordance with Section 2004 of the Education Law, with such notice to be published at least once in each of the two weeks preceding the registration day.

BY THE ORDER OF THE BOARD OF EDUCATION OF THE KINGSTON CITY SCHOOL DISTRICT

Camille DiPerna
District Clerk

Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Childs. Mr. McCoy offered the following amendment:

Proposition 2 - Alternative Veterans’ Tax Exemption

Shall the Board of Education of the Kingston City School District, Ulster County, New York, approve the Alternative Veterans’ Exemption at the basic maximum tax exemption levels (1) Basic Exemption - 15% of property’s assessed value not to exceed $12,000; and (2) Combat Zone - in addition, 10% of property’s assessed value for qualified veterans who served in a combat zone not to exceed $8,000; and (c) Disabled Veterans - in addition, the product of the assessed value multiplied by 50% of the veteran’s disability rating not to exceed $40,000 effective for 2015-2016 school taxes?
Mr. McCoy stressed that this amendment is a non-binding vote and ultimately the Board will have to vote. Board members agreed that they would like the community to weigh in on the decision and they would support public opinion.

Ms. Bowers made a motion to adopt the above amendment; seconded by Ms. Collins. The motion to amend B79 carried on a vote of 8-1; No: Mr. McCoy

The motion to adopt the resolution as amended carried on a vote of 8-1; No. Mr. McCoy.

**BOE63 – 2014-2015 School Calendar (See Appendix A)**

BE IT RESOLVED, upon the recommendation of Dr. Paul J. Padalino, Superintendent of Schools, that the calendar for the 2014-2015 school year be approved by the Board of Education.

Ms. Bowers made a motion to adopt the above resolution; seconded by Dr. Jacobowitz. A brief discussion followed. The motion to adopt carried unanimously.

**BOARD OF EDUCATION**

Steering Committee

Ms. Scherer reported that the committee had met earlier that day for their 4th meeting and today’s discussion was regarding the Field House. The minutes for the committee will be posted to the website. She reported that changes were made to the design to reduce the amount of rock that will need to be removed and maximize the budget. She stated that she had toured the building with Rev. Childs and the architects and spoken with staff members in the medical office, guidance, and the main office and they had valuable information to share. The next meeting is scheduled for April 2nd followed by the Facilities Committee.

Coffee & Conversation

Dr. Jacobowitz reported that she and Dr. Padalino were at Dominick’s Cafè on March 12th and there was a large turnout. She stated that the conversation was engaging and thoughtful and included discussion on acceleration @ the Middle School level, bus rides, ELT grant, PBL and art in the 6th grade. The next C&C will be on April 24th @ Hudson Coffee Traders @ 8:30 a.m.

Policy Committee

Ms. Bowers reported that the committee had met on March 7th and they are bringing forward a policy 1120 School District Records for the first reading and the committee had reviewed the School Volunteer Policy again and the only change made was to add the wording “All fingerprinting will be done at district expense.”

**BOE64 Policy Adoption – 1250 School Volunteers (See Appendix)**

WHEREAS, the Kingston City School District has contracted with NYSSBA as consultants to the Board of Education for the review, amendment, and adoption of its policy manual, and

WHEREAS, a sub-committee of the board, in consultation with NYSSBA and legal counsel have prepared the following policies for amendment and/or adoption
NOW THEREFORE BE IT RESOLVED, that the Board of Education adopt the following new and/or amended policy: 1250 School Volunteers
Ms. Bowers made a motion to adopt the above resolution; seconded by Rev. Coston. There was a brief discussion. The motion carried on a vote of 8-1; No: Mr. Shaughnessy.

OLD BUSINESS

Ms. Bowers noted that in the consent agenda Mr. Chris Farrell was nominated for the Ulster County School Board at large seat.

Dr. Jacobowitz inquired about the VADIR report and consistency between schools. Dr. Padalino reported that Mr. Ballezza is scheduled to speak on the issue at the next Principal’s Meeting.

NEW BUSINESS

Nothing was offered at this time.

BOARD MEMBER ANNOUNCEMENTS

Ms. Collins announced that she had attended the Guys and Dolls performance at J. Watson Bailey and they had done a phenomenal job and it was a real treat.

PUBLIC PARTICIPATION

Several Veterans spoke regarding the Veterans Exemption.
Jolyn Saffron and Betsy Jordan spoke regarding the Volunteer Policy.
Chris Farrell thanked the Board, asked the impact on personnel in the KCSD and class size that PTECH will have and spoke regarding the Veteran Exemption.

ADJOURNMENT

There was no further business before the board and on motion by Ms. Bowers; seconded by Mr. Michael, the Board members unanimously agreed to adjourn the meeting at 9:00 p.m.

Camille DiPerna, District Clerk
SCHOOL VOLUNTEERS

The Board of Education recognizes that the use of volunteers strengthens school/community relations through positive participation, builds an understanding of school programs among interested citizens, and can assist District employees in providing more individualized and enriched opportunities in instruction. The Board encourages volunteers from all backgrounds and age groups who are willing to share their time, training, experience or personal characteristics to benefit the students of the District.

Volunteers may be involved in many facets of school operation from mentor/tutor relationships to clerical tasks. Volunteers shall not be used to provide transportation services.

School personnel who are responsible for tasks or projects that involve the use of volunteers shall identify appropriate tasks, time schedules, and space for such volunteer activities, as well as make provisions for adequate supervision and evaluation.

Persons wishing to volunteer must contact the supervising administrator to complete a volunteer application and volunteer agreement and expectations form. The volunteer application form shall require the volunteer applicant to disclose any criminal convictions and identify two non-family member personal references. The supervising administrator shall be responsible for verifying that the individual is of good moral character, and for ensuring both references are contacted before the volunteer begins rendering volunteer services. The supervising administrator shall identify the volunteer activity as Tier 2 or Tier 3 on the volunteer application form.

- Tier 1-Someone who volunteers occasionally and in a highly public setting with little or no contact with students and who are under constant supervision by KCSD personnel will not be required to complete a volunteer application. A volunteer fitting this example might be someone working at a school field day or fundraising event or someone working in the concession stand or making an occasional classroom visit.
- Tier 2-Regular volunteers during the typical school day/academic setting with student contact under constant supervision of KCSD personnel must complete a volunteer application and agreement acknowledging district expectations for volunteers. A volunteer fitting this example might include a room parent, class readers, front office volunteers and single day field trip chaperones.
- Tier 3- Regular volunteers outside the typical school/academic setting with student contact under the direct supervision of KCSD personnel must complete volunteer application and agreement acknowledging district expectations for volunteers and be fingerprinted with clearance. A volunteer fitting this example might include assisting with extra, co-curricular clubs/activities and athletics that meet regularly.

Copies of all volunteer applications must be sent to the personnel office. Tier 2 and Tier3 volunteers must be approved by the Board of Education. Tier 3 volunteers must be fingerprinted and receive clearance from New York State Education Department. All fingerprinting will be done at district expense.

The District shall retain a complete record of all information obtained through the application process for the same period of time it retains information regarding District employees.
All volunteers are required to act in accordance with the volunteer agreement and expectations, District policies, regulations and school rules. Any staff member who supervises volunteers shall report any volunteer who violates District policies, regulations or school rules to the supervising administrator who may ask the volunteer to leave school grounds.

Each supervising administrator shall be responsible for maintaining a current and complete list of all active volunteers and their assignments and shall forward same to the Personnel office.

This policy is not intended to apply to student volunteers.

**BOARD OF EDUCATION**

**Facilities**

Ms. Scherer reported that the committee had met earlier that day and they discussed the projections for the summer work, the stakeholders meetings, the preliminary designs for the field house and KSQ & BBL will be at the next KHS faculty meeting to answer questions from staff. The final reports for the building conditions, with pictures, were distributed and will be posted to the web site shortly and will now include the age of building infrastructure systems as well as any health and safety issues.

Dr. Padalino announced that the “Let’s Talk” feature is now live on our District website and it will cluster likeminded questions so that one response can be given.

The next Facilities meeting will be on June 4th at 3:45 at Crown St.

**Curriculum & Instruction**

Dr. Jacobowitz reported that the committee had met the week before and the following was discussed: a committee of parents, teachers and administrators has been formed to review report cards, that an audit of the master schedule for the middle and high school is underway, perceptual surveys will be out shortly to gauge response to new district initiatives as well as school climate, the FLEX program at the middle school, accelerated learning opportunities, restructuring the E&R period at the middle school. The next meeting is on April 24th.

**Policy Committee – Policy Adoption 1120 School District Records (See Appendix “A”)**
Ms. Bowers reported that she had not received any questions regarding Policy 1120 and made a motion to adopt the following resolution; seconded by Ms. Collins. The motion carried unanimously.

**BOE65 Policy Adoption – 1120 School District Records**

*WHEREAS*, the Kingston City School District has contracted with NYSSBA as consultants to the Board of Education for the review, amendment, and adoption of its policy manual, and

*WHEREAS*, a sub-committee of the board, in consultation with NYSSBA and legal counsel have prepared the following policies for amendment and/or adoption

**NOW THEREFORE BE IT RESOLVED**, that the Board of Education adopt the following new and/or amended policy: 1120 School District Records

The next meeting of the Policy Committee will be on April 4th at 9:30 am at Crown St.

**Audit & Finance Committee**

Mr. Shaughnessy reported that the committee had met on March 25th; Mr. Carelli had attended to discuss lunch price increases and the Community Eligibility Option.

**BOE66 – Claims Auditor Report – February 2014** (See Appendix B)

**BE IT RESOLVED**, that the following Claims Auditor reports be accepted for February 2014 as attached (see Appendix).

Mr. Shaughnessy made a motion to adopt the above resolutions; seconded by Ms. Scherer. The motion carried unanimously.

**BOE67 – Treasurer’s Report – February 2014** (See Appendix B)

**BE IT RESOLVED**, that the following Treasurer’s Report be accepted for February 2014 as attached (see Appendix).

Mr. Shaughnessy made a motion to adopt the above resolutions; seconded by Ms. Bowers. The motion carried unanimously.

The next meeting of the committee will be on April 22nd at 1:30 at Crown St.

**OLD BUSINESS**

Mr. McCoy thanked Mr. Maisch for the signs for the State Champion Baseball Team and the Band.

**NEW BUSINESS**

Ms. Bowers inquired about a letter that was in the board packet regarding gifted and talented program. Dr. Padalino responded that KALP and the enrichment programs are under review; he
will be meeting with a group of teachers shortly and the first topic will be extensions of learning, enrichment and honors.

**BOARD MEMBER ANNOUNCEMENTS**

Dr. Padalino announced that he will be joining the board member at the next Coffee & Conversation on April 24th at 8:30 at Hudson Coffee Traders.

Ms. Scherer announced that there will be a community meeting at the Carnegie Library on April 29th on for the 100th anniversary celebration of Kingston High School and details will be on the website.

Ms. Bowers announced that the production of Young Frankenstein was well done. Ms. Scherer echoed Ms. Bowes and added a shout out to Andrew Holbin as Freddy Frankenstein. Mr. Shaughnessy echoed as well and added that the musical arts program at the high school is something to be proud of.

Mr. Michael inquired about the numbers of students that opted out of state testing. Dr. Padalino stated that he will have a report for the next board meeting.

**PUBLIC PARTICIPATION**

Betsy Jordan spoke regarding a data program.

**ADJOURNMENT**

There was no further business before the board and on motion by Ms. Bowers; seconded by Dr. Jacobowitz, the Board members unanimously agreed to adjourn the meeting at 8:30 p.m.

Camille DiPerna, District Clerk
Appendix “A”  Policy No. 1120  

SCHOOL DISTRICT RECORDS

It is the policy of the Board of Education to inform members of the public about the administration and operation of the public schools in accordance with the Freedom of Information Law of the State of New York.

The Superintendent of Schools shall develop regulations ensuring compliance with the Freedom of Information Law and setting forth the procedures to be followed to obtain access to district records, and submit such regulations to the Board for approval. The Superintendent shall designate, with Board approval, a Records Access and Records Management Officer, pursuant to law.

Retention and Destruction of Records

The Board hereby adopts the Records Retention and Disposition Schedule ED-1 issued pursuant to Article 57-A of the Arts and Cultural Affairs Law, which contains the legal minimum retention periods for district records. In accordance with Article 57-A, the district will dispose of only those records described in the schedule after they have met the minimum retention periods set forth in the schedule. The district will dispose of only those records that do not have sufficient administrative, fiscal, legal or historical value to merit retention beyond the established legal minimum periods.

The manner of destruction will be determined by the format of the record, ie., paper, digital, etc. In addition, destruction will be appropriately documented.

Litigation-Hold

The Superintendent will establish procedures in the event that the school district is served with legal papers. The Superintendent will communicate with applicable parties, including the school attorney and the records management official, to ensure that, when appropriate, a litigation-hold is properly implemented. The litigation-hold is intended to prevent the destruction or disposal of records that may need to be produced as part of discovery. It is the intention of the Board of Education to comply with applicable rules and regulations regarding the production of necessary documents, data, files, etc. The Board directs the Superintendent to institute such procedures to implement this policy.

The Superintendent or his/her designee, with assistance from the Records Management Officer, shall be responsible for developing and disseminating department-specific retention schedules and guidance to staff, as necessary, to ensure adherence to this policy.

MOMENT OF SILENCE

Ms. Bowers asked for a moment of silence to honor Lance Cpl. Cory Coumbes, 24, a rifleman stationed in the Marine Corps and a Kingston High School Graduate.

PRINCIPAL’S WELCOME – Ms. Jo Burruby

Ms. Burruby welcomed the Board to Miller Middle School and gave a brief summary of the changes that have occurred for the 13-14 school year.

PROPOSED EXECUTIVE SESSION SUBJECT TO BOARD APPROVAL

Rev. Childs made a motion to adjourn to executive session at 6:10 p.m., seconded by Rev. Coston to discuss collective bargaining under the Taylor Law (KTF, CSEA, ESP, ASPA); matters leading to the employment of particular individual(s); Employment history of particular individual(s); and the proposed acquisition, sale, or lease of real property and publicity would affect the value thereof. The motion carried unanimously.

RETURN TO PUBLIC SESSION

Board members returned to public session at 7:21 pm. Mr. McCoy apologized for the delay and read the following statement.

“I’d like to address the matter of the Board meeting held on April 14, 2014. Upon review, the notice to that meeting given to the public was inadequate and for that reason there are resolutions to rescind action taken at that meeting on tonight’s agenda.”

ACTION PERTAINING TO EXECUTIVE SESSION

BOE73 – Abolish & Create Positions
WHEREAS, Dr. Paul J. Padalino, Superintendent of Schools seeks to reorganize the central office administrative staff by abolishing certain administrative positions and creating several new administrative positions; and

WHEREAS, the Board of Education supports the Superintendent’s administrative reorganization plan;

THEREFORE, BE IT RESOLVED, upon the recommendation of Dr. Paul J. Padalino, Superintendent of Schools, that the Board of Education, for the efficiency of the program, hereby abolishes the following seven (7) central office and other administrative positions effective close of business on June 30, 2014: one (1) Assistant Superintendent for Student Services; one (1) Assistant Superintendent for Curriculum, Instruction and Assessment; one (1) Assistant Superintendent for Business & Operations; one (1) Assistant Superintendent for Personnel; one (1) Director of Math, Science & Technology; one (1) Director of Data Testing and Assessment; and one (1) Director of Humanities.

BE IT FURTHER RESOLVED, upon the recommendation of Dr. Paul J. Padalino, Superintendent of Schools, that the Board of Education hereby creates the following full-time administrative positions effective July 1, 2014: one (1) Deputy Superintendent for Human Resources and Business; one (1) Deputy Superintendent for Teaching and Learning; one (1) Assistant Superintendent for Elementary Education; one (1) Assistant Superintendent for Secondary Education; one (1) Assistant Superintendent for Special Education; two (2) Assistant Directors of English Language Arts; Two (2) Assistant Directors of Mathematics, Science and Technology and one (1) Assistant Director of Special Education.

P95-Professional Personnel - Resignation
BE IT RESOLVED, upon the recommendation of Dr. Paul J. Padalino, Superintendent of Schools, that the following be approved by the Board of Education:

RESIGNATION

Ryan Vinson                                          Effective April 16, 2014
(Physics Teacher)

Ms. Bowers made a motion to adopt the above resolution; seconded by Ms. Scherer. The motion carried unanimously.

PUBLIC PARTICIPATION

Diana Kuster spoke regarding the budget.
Charlotte Adamis spoke regarding the volunteer policy and BIO Blast.
Madeline Hoetger spoke regarding lack of transparency and consistency in the District.
Several students spoke regarding Ryan Vinson.
Jolyn Safron spoke regarding the budget process and lack of transparency.

SUPERINTENDENT'S REPORTS

Dr. Padalino congratulated Ms. Erin Nelson, teacher at Miller Middle School, one of 215 teachers across New York State selected into the 1st cohort of NYS Master Teachers Program and extensive professional development program.

2nd Century Update

Mr. Quadrini gave a brief presentation reporting on the timeline for submissions to the state and the turnaround time as well as an overview of the field house changes. Questions followed with Ms. Scrodanus and the Board regarding the timing of the sports teams and the use of the field house.

School Safety Excellence Award 2014

Dr. Padalino explained that under Mr. Voerg’s leadership a new committee was formed that not only deals with the traditional building safety plans, i.e. building evacuations, fire drills, etc. but includes issues involving environmental, accidents & injuries, chemical hygiene, etc. as well. Mr. Voerg gave a brief history of the committee and its members. The district has received an award for their work and the plaque that is now in the Board Room at Crown St.

Common Core Testing

Dr. Padalino reported that 10.7% of students in grades 3 to 8 opted out of the ELA NYS testing and the district numbers are consistent with other schools in Ulster County.

Calendar Changes
Dr. Padalino announced that June 3rd will not have regular classes at KHS due to Regents Day at KHS and there will not be regular classes on this day since over 800 students are taking the tests and there are not enough teachers to administer the test and have classes and there is also a makeup half day on June 26th for the missed day in the fall that must be made up. Discussion followed.

Dr. Jacobowitz inquired about the job descriptions the Board had received for the new positions. A brief discussion followed.

BUSINESS & OPERATIONS

**B88 - BOCES Cooperative Bidding Blanket Resolution**

**WHEREAS**, it is the desire of the participating school districts of the Board of Cooperative Educational Services, Ulster County, adopting this resolution to jointly request bids for certain commodities to be determined by the Superintendent of this school district from time to time for the 2014-2015 school year,

**NOW THEREFORE BE IT RESOLVED**, that the Kingston City School District hereby agrees to participate with other school districts of the Board of Cooperative Educational Services, Ulster County, New York, in the joint bidding of commodities to be requested by the school district Purchasing Agent and approved by the Superintendent, and

**BE IT FURTHER RESOLVED**, that the specifications as prepared by the Steering Committee of participating school districts and presented to this Board of Education will be used and that this Board, if it desires to purchase these commodities agrees to purchase said commodities at the lowest bid price recommended by the Steering Committee of the joint school districts; provided, however, that each participating Board of Education in exercising its legal responsibilities, has the right to reject and/or modify the recommendation of the Steering Committee in the awarding of the bid, and

**BE IT FURTHER RESOLVED**, that the invitation to bid will be advertised by BOCES in the Kingston Daily Freeman, the Middletown Times Herald Record, and the Poughkeepsie Journal in accordance with the provisions of Section 103 of the General Municipal Law.

**B91 - Annual Fire Inspection Reports**

**WHEREAS**, the Kingston School District is responsible for insuring that the health and safety requirements associated with standards found in Section 155.3 of the Regulations of the Commissioner of Education are met on an annual basis, and
WHEREAS, the Kingston School District has caused all of its facilities to be inspected in accordance with the standards of the N.Y.S. Uniform Fire Prevention and Building Code 9NYCRR 600–1250,

NOW THEREFORE BE IT RESOLVED, that the Board of Education accept the 2014 Annual Fire Inspection Reports of all the Kingston School District buildings and facilities and directs the District Clerk to publish the Legal Notice of the availability of such Fire Inspection Reports.

Note: Education Law Section 807 requires an annual fire inspection to be performed at each school facility (this includes all storage sheds as well as school buildings).

If violations are found which couldn’t be corrected prior to submission to the State Education Department, the Board of Education must approve a corrective action plan.

This year, all non-conformances have been corrected prior to submission.

Fire inspection reports will be available for review in the business office for public inspection during normal business hours.

B92 - Authorization - Disposal of KCSD Textbooks

WHEREAS, it is desirable to dispose of / donate dated Kingston City School District textbooks that are no longer in use and are of no value, and continued storage is inadvisable, and

WHEREAS, Dr. Paul J. Padalino, Superintendent of Schools, has reviewed this proposal and recommend this action to be taken, and

NOW THEREFORE BE IT RESOLVED, that the Board of Education of the City School District of Kingston, New York declares the items identified as attached as obsolete and of no value, and that they be disposed of, and

BE IT FURTHER RESOLVED, that Allen Olsen, Assistant Superintendent for Business, be authorized to arrange for such appropriate disposal/donation.

B94 - Authorization – Consultant Agreement

BE IT RESOLVED that the Board of Education authorizes the Superintendent of Schools to execute a Consultant Agreement with Marijane Reinhardt for the performance of certain special education related services during the period from April 4, 2014 through June 30, 2014, as presented to the Board at this meeting. A copy of the Consultant Agreement is incorporated by reference within the minutes of this meeting.

B95 - Bid Award – Purchase of Two Floor Scrubbers for KCSD
WHEREAS, the Board of Education of the City School District of Kingston, New York has requested bid proposals for Purchase of Two Floor Scrubbers for the Kingston City School District, and

WHEREAS, a legal advertisement was placed in the Daily Freeman, three (3) vendors were mailed the bid proposal and two (2) responded, and

WHEREAS, an evaluation was done by Allen Olsen, Assistant Superintendent for Business, Thomas Clapper, Director of Building and Grounds and Margarita Lekaj, District Purchasing Agent; and

NOW THEREFORE BE IT RESOLVED, that the Board of Education of the Kingston City School District, New York award the bid for Purchase of Two Floor Scrubbers to E.A Morse & Co., Inc. (11-25 Harding Street, Middletown, NY 10940), for the fiscal impact of Twenty Two Thousand Thirty and 00/100 Dollars ($22,030.00), and in accordance with the Request for Proposal of Tuesday, April 15, 2014, as the lowest responsible bidder.

B96 – Lease Renewal Proposition

BE IT RESOLVED, that the following proposition be placed on the ballot at the Annual Meeting of the qualified voters of the Kingston City School District, Ulster County, New York, to be conducted on May 20, 2014:

PROPOSITION - APPROVAL OF LEASE RENEWAL

Shall the Board of Education of the Kingston City School District, Ulster County, New York, be authorized to enter into a new five-year lease agreement with SMCBC, LLC, for the premises located at 918 Ulster Avenue, Kingston, NY, for the purpose of use as a warehouse and maintenance facility by the School District at an estimated annual rental of $100,000, upon such terms and conditions as approved by the Board of Education?

BE IT FURTHER RESOLVED, that the District Clerk is hereby authorized and directed to cause a Notice of Special District Meeting to be published in remaining Annual Meeting Notices.

BOARD OF EDUCATION

BOE70 – Rescind Action Taken on April 17, 2014

BE IT RESOLVED that the Board of Education hereby rescinds the action taken on Resolutions 2013-BOE68 and 2013-BOE69 at the Special Meeting of April 14, 2014.

BOE68 – Separation & Addendum Agreement

BE IT RESOLVED that the Board hereby authorizes its President to sign an Employment Separation and Addendum Agreement with Assistant Superintendent of Schools Marystephanie Corsones dated April 4, 2014 as presented to the Board at this meeting. A copy of said agreement shall be incorporated by reference within the minutes of this meeting.

**BOE71 - Approval of BOCES Administrative Budget - 2014-2015**

**WHEREAS,** the Board of Education of the City School District of the City of Kingston, New York in accordance with Education Law must adopt a resolution either approving or disapproving the BOCES administrative budget, and

**WHEREAS,** a vote upon such approval or disapproval has been scheduled for the date of April 23, 2014,

**NOW, THEREFORE BE IT RESOLVED,** that the Board of Education of the City School District of the City of Kingston, New York approve the 2014-2015 Ulster County Board of Cooperative Education Services (BOCES) Administrative Budget in the amount of $2,362,831.00 and that this resolution be filed with the BOCES, as adopted.

**NOTE:** Section 1950 (4) (b) (5) of the Education Law establishes that a Board of Education is responsible for adopting a resolution either approving or disapproving the tentative BOCES administrative budget. If a majority of the total number of component school districts actually voting do not approve the tentative administrative budget, or if there is a tie vote the BOCES must prepare and adopt a contingency budget. A Contingency budget for a BOCES means that the amount of the administrative budget may not exceed the amount in the prior year’s budget, except for expenditures incurred in specific benefit areas, i.e., supplement retirement allowances and health insurance benefits.

**FISCAL IMPACT**

$634,997.00

(1.) **Kingston Schools having 28.89% of the total BOCES Resident Weighted Daily Average Attendance (RWADA) is responsible for the proportionate share of the administrative budget (634,997.00).** The 2013-2014 school year share was $637,762.00 based upon an RWADA of 27.31% and an administrative budget of $2,336,036.

**BOE72 - Election of BOCES Board Members**

**Seat #1**

SMOKING AND OTHER TOBACCO USE ON SCHOOL PREMISES

In accordance with New York State Public Health Law and Education Law, it is the policy of this school district to prohibit the smoking (including but not limited to use of e-cigarettes) or other use of tobacco products by any student, employee, or visitor at any time within all school buildings, on school grounds and within 100 feet of the entrances, exits or outdoor areas of any elementary or secondary school building (except smoking within real property boundary lines of residential real property within such 100 feet), and as well as in vehicles that are owned, occupied, or leased by the district. The possession, sale, and distribution of tobacco products by students are prohibited within all school buildings, on school grounds, and in vehicles owned, occupied, or leased by the district. This prohibition also applies to school-sponsored activities.

Students in violation of this policy will be subject to disciplinary action in accordance with the Student Code of Conduct, and may also be subject to legal sanctions. Employees in violation of this policy may be subject to discipline in accordance with law. Other individuals (e.g., visitors, invitees) in violation of this policy will be asked to refrain or leave the school premises.

Instruction to discourage the misuse and abuse of tobacco shall be included in the district’s health education. The educational program shall be based on theories and methods that have been proven effective by published research and consistent with the New York State health education standards. Staff responsible for teaching tobacco use prevention shall have adequate training and participate in ongoing professional development activities in this field.

The school health program shall include information for community resources and programs (e.g., New York Smokers Quitline) to help students and staff address tobacco use. School counselors or community agencies are encouraged to establish voluntary tobacco use cessation programs at school.

Tobacco advertising and sponsorship are prohibited on school property, in all school-sponsored publications, and at all school-sponsored events. When possible, school libraries shall order periodicals with a request for school editions which exclude tobacco advertising.

The district’s tobacco free policy shall be prominently posted by utilizing Tobacco Free Zone signs at all school buildings, grounds (e.g. athletic fields) and in all district vehicles that transport children or school personnel. School buses, because they are contracted by the school district, are not district vehicles. However, Commissioner’s Regulations Part 6 Special Requirements for Bus Drivers states that bus drivers, monitors, and attendants are prohibited from smoking at anytime while in a school bus. The policy shall be available to students, parents/guardians, and existing and prospective employees and to individuals and organizations seeking to use the facilities of the School District. Public announcements can be made at school/district sponsored events.

Adopted: December 3, 2008    Revised: August 19, 2009
1st Reading of 2nd Revision: April 23, 2014    Adopted: May 7, 2014
The Board of Education recognizes its responsibility to ensure that appropriate space is available for:

1. Special programs and services provided to meet the needs of students and preschool students with disabilities both within its own facilities, and in programs provided by the board of cooperative educational services (BOCES) and attended by district residents; and

2. Serving students with disabilities in settings with non-disabled peers, as well.

The district will address such space allocation needs as part of its annual budget cycle, during the annual or any more frequent re-evaluation of its long-range educational facilities plan, and as part of the biannual plan it must submit to the commissioner of education regarding the provision of services to students and preschool students with disabilities and the district’s special education services plan.

Through the Superintendent, the district also will share with the BOCES District Superintendent information relevant for the BOCES to determine its own facility the regional space needs for serving the district’s resident students and preschool students with disabilities.

As part of the process for ensuring the allocation of appropriate space for special education programs and services and serving students with disabilities in settings with non-disabled peers, the Superintendent, in consultation with appropriate school personnel will, at a minimum:

1. Periodically gather information regarding the number of students and preschool students with disabilities presently participating and anticipated to continue to participate in the district’s special education programs and services, the type of programming they presently receive and may receive in the future, as well as the setting in which those services are and/or will be provided.

2. Review the results of the district’s latest census, and other district child find efforts, including child find activities conducted with respect to parentally-placed nonpublic school students with disabilities.

3. Anticipate any projected increase in the number of students and preschool students with disabilities the district will be responsible for providing special education programs and services to, the anticipated type of services they will be receiving and the settings in which those services will be provided.

4. Based on the above information, review current space capacity, and identify any additional space requirements to meet both current and future needs.
5. Submit a report to the board regarding the results of the above review process, along with necessary recommendations for additional space allocations.

IMPARTIAL HEARING OFFICER APPOINTMENT AND COMPENSATION

The Board of Education will appoint impartial hearing officers (IHO), as needed, to hear complaints regarding the identification, evaluation, or placement of students with disabilities, or the provision of a free appropriate public education to such a student, in accordance with the rotational selection process and other applicable procedures described in Commissioner’s regulations.

Selection

The updated list of certified IHOs for this county, promulgated by the New York State Education Department, will be used in connection with requests for impartial hearings. The list shall also include the names of those other certified IHOs whose names appear on the state list and who have indicated to the district their interest in serving as an IHO in the district.

Upon receipt of a request for an impartial hearing, the rotational selection process for the IHO shall be initiated immediately and always within two (2) business days after receipt by the district of such written request. Should an IHO decline appointment, or if within 24 hours the IHO fails to respond, or is unreachable after reasonable efforts by the District Clerk or designee, such efforts will be documented through independently verifiable efforts. The district representative shall then proceed through the list to determine availability of the next successive IHO.

- The District Clerk or other person so designated, under the direction of the Board President, shall initiate the selection process by contacting the impartial hearing officer whose name first appears after the impartial hearing officer who last served. The District Clerk or designee shall canvass the list in alphabetical order as prescribed by the Regulations of the Commissioner of Education until an appointment is accepted. Pursuant to the Regulations of the Commissioner of Education, if an impartial hearing is currently pending for the same student when a new hearing request is received, the district will appoint the same IHO, if available, who will determine whether or not to consolidate the hearings. Additionally, if the new hearing request concerns an issue which had been previously withdrawn in the twelve months prior, the district shall appoint the same IHO, if available.

An IHO on the district’s rotational list may not accept appointment unless he or she is available to:

1. Make a determination on the sufficiency of the due process complaint that will be heard at the hearing within five days of receiving such a request; and

2. Initiate the hearing within the first 14 days after either:

   - The date on which he or she receives written notice that the parents and the district waived their right to hold a resolution meeting to resolve their differences prior to commencement of the hearing, or met but were unable to reach agreement; or
• The expiration of the 30-day period beginning with the receipt of the due process complaint, whichever occurs first.

Appointment

The Board President, or in his or her absence or inability the Vice President, will appoint an IHO immediately after the IHO selected from the rotational list indicates he or she is available. The President and/or Vice President of the Board of Education are hereby delegated with the authority to immediately appoint impartial hearing officers who are selected in accordance with the procedures in this policy.

The Board will rescind the appointment of an IHO and appoint a new one, if the parties to the hearing mutually agree that the IHO is either incapacitated or otherwise unavailable, or unwilling to continue the hearing or issue a decision. The appointment of a new IHO in such an instance will be made in accordance with the selection and appointment procedures established by this policy.

Compensation

The district shall compensate an impartial hearing officer for his or her services as follows:

1. A statement for fees and expenses shall be submitted at the conclusion of the hearing and receipt of the IHO’s final decision or other determination having the effect of terminating the IHO’s involvement in the hearing.

2. All statements for fees and expenses shall separately list each individual item of service or expense, the date it occurred and the time spent, by hour or fraction thereof in increments of one-tenth of an hour (e.g., .1, .2, .3, ...). Time charges must be appropriate. The district reserves the right to request additional information concerning the appropriateness of any time charges and to withhold payment for time charges deemed to be inappropriate and/or inconsistent with applicable Board policy. All statements for fees and expenses shall be submitted by the IHO within 30 days of the performance of services.

3. Compensation will be made at the maximum rate established for such purpose by the Director of the Division of the Budget for authorized activities.

4. The district will not reimburse IHOs for administrative assistance, secretarial or other overhead expenses, except for mailing costs associated with the hearing.

5. The district will upon review and approval of properly submitted receipts reimburse IHOs for automobile travel for up to 100 miles one-way, at the I.R.S. approved rate, and for tolls reasonably and necessarily incurred as a result of the hearing. In no event will the district reimburse the IHO for travel time.
6. In addition to hearing time itself, the Board will reimburse, at the hourly rate, for time actually expended by the IHO for:
   a. Scheduling the hearing;
   b. Pre-hearing conference calls (if necessary);
   c. Scheduling letters;
   d. For time necessarily and actually spent preparing the Decision, including any Interim Decisions.

7. Absent extraordinary circumstances, as determined in advance by the district, IHOS will not be reimbursed for any other expenses associated with their appointment and service as impartial hearing officer.

Cancellation

The district shall attempt to provide an Impartial Hearing Officer with two (2) business days’ advance notice of the cancellation or re-scheduling of an impartial hearing. Should the district request the cancellation or re-scheduling of a hearing date and fail to provide an Impartial Hearing Officer with two (2) business days’ notice, the district agrees to pay the Impartial Hearing Officer a cancellation fee of $300. The district shall not be responsible for costs associated with a parent or guardian’s cancellation or adjournment of a hearing.

A copy of this policy will be forwarded to the impartial hearing officer at the time of appointment.

Records relating to the IHO process including, but not limited to, the request for initiation and completion of each impartial hearing will be maintained by the district and such information will be reported to the Office of Vocational and Educational Services for Individuals with Disabilities of SED as required by Commissioner’s regulations.

PUBLIC PARTICIPATION

Jolyn Saffron spoke regarding the anti-bullying conference at KHS on Saturday, May 10th. Maria Maritsas spoke regarding state testing and accommodations.

SUPERINTENDENT’S REPORTS

Women’s Studio Workshop

Dr. Padalino pointed out the art show in the lobby at Crown St. that was created by 4th & 8th grade students in conjunction with the Women’s Studio Workshop and stated that the district has also received a Certificate of Recognition from Senator Tkaczyk. He thanked and introduced Anita Wetzel from the Women’s Studio Workshop who thanked the district for their support and participation in the program for the past 29 years touching over 6000 students.

2nd Century Update

Dr. Padalino stated that the Summer Project Update has been postponed until the June 4th meeting. He reported that the Steering Committee had met earlier that day and had seen preliminary drawings for the entire KHS project and they will be posted to the website within a few days.

State Testing Update

Dr. Padalino reported that the Math opt out rate was approximately 24% district wide and eight out of our nine schools did not meet the 95% participation rate, both middle schools were about 30%. Discussion followed on what this could mean to the district.

Mr. Shaughnessy asked Dr. Padalino for an update on real estate. Dr. Padalino responded that none have been closed on but that Zena, Sophie Finn and Tillson are all under contract.

Dr. Jacobowitz asked for an update on the Middle School Schedule. Dr. Padalino responded that they are 99% complete and it looks like they are returning to a six day cycle and putting art back in the 6th grade.

Further discussions included perceptual surveys, E & R, FLEX, foreign language, and advisory.

Other Superintendent Announcements

Dr. Padalino announced and congratulated that Ms. Bowers will be honored on May 20th by the Ulster County Mental Health Association receiving their Angel Award.

Dr. Padalino extended Happy National Teachers week to all our teachers! Teachers received a round of applause.

Mr. Shaughnessy made a motion to adopt the above resolution; seconded by Ms. Bowers. The motion carried unanimously.

OLD BUSINESS

Mr. McCoy inquired about the online auction and concerns that some staff have expressed. Dr. Padalino responded that staff was given the opportunity to look at everything and that the district is not under any obligation to sell the items that are online and staff can still obtain the items. He will also redirect his staff to look into it again and report back to him. Ms. Scherer added that she has knowledge that Mr. Clapper was very conscientious with regards to moving necessary equipment to other schools.

NEW BUSINESS

Mr. McCoy brought forward the following resolution:

BOE84 – Small City School District Association

BE IT RESOLVED that the Board hereby authorizes its president to correspond with the Board of Directors and Executive Director of the Small City School District’s Association regarding matters related to its fiscal equity litigation against New York State.

Ms. Bowers made a motion to adopt the above resolution; seconded by Ms. Scherer. The motion carried unanimously.

BOARD MEMBER ANNOUNCEMENTS

Ms. Scherer reported that dozens of people attended the KHS 100th Anniversary on April 29th and the oldest graduate was from the class of 1945. She announced that there will be a request on line in the near future for those that want to donate or lend memorabilia for the museum walk, a video is being made for 1915-2015, a ceremonial ground breaking will be taking place for the KHS project and if anyone is interested in getting involved or would like to donate items you can contact them at Khs100@kingstoncityschools.org

Ms. Bowers reported that she and several other board members had attended May Day and it was very poignant and the talent was exceptional this year.

Dr. Jacobowitz seconded Ms. Bowers and stated that the Art Show was impressive and she is very grateful to the artists that continue to work with the district.
Mr. Shaughnessy stated that he had attended the concert at the high school on May 5th that will be repeated on May 15th at Point of Praise. Mr. Henry Donner performed a solo and he has been accepted into the all National Choir.

Ms. Scherer also stated that she had attended the May Day breakfast and a special rendition of the National Anthem was performed and it was a phenomenal performance and should be recorded.

Dr. Padalino stated that he was at the Lacrosse game at Dietz the previous evening and the sound system broke down and the parents sang the National Anthem.

PUBLIC PARTICIPATION

Jolyn Safron spoke regarding the students who spoke at the last board meeting.

ADJOURNMENT

There was no further business before the board and on motion by Ms. Bowers; seconded by Dr. Jacobowitz, the Board members unanimously agreed to adjourn the meeting at 8:20 p.m.

Camille DiPerna, District Clerk
SMOKING AND OTHER TOBACCO USE ON SCHOOL PREMISES

In accordance with New York State Public Health Law and Education Law, it is the policy of this school district to prohibit the smoking (including but not limited to use of e-cigarettes) or other use of tobacco products by any student, employee, or visitor at any time within all school buildings, on school grounds and within 100 feet of the entrances, exits or outdoor areas of any elementary or secondary school building (except smoking within real property boundary lines of residential real property within such 100 feet), and as well as in vehicles that are owned, occupied, or leased by the district. The possession, sale, and distribution of tobacco products by students are prohibited within all school buildings, on school grounds, and in vehicles owned, occupied, or leased by the district. This prohibition also applies to school-sponsored activities.

Students in violation of this policy will be subject to disciplinary action in accordance with the Student Code of Conduct, and may also be subject to legal sanctions. Employees in violation of this policy may be subject to discipline in accordance with law. Other individuals (e.g., visitors, invitees) in violation of this policy will be asked to refrain or leave the school premises.

Instruction to discourage the misuse and abuse of tobacco shall be included in the district’s health education. The educational program shall be based on theories and methods that have been proven effective by published research and consistent with the New York State health education standards. Staff responsible for teaching tobacco use prevention shall have adequate training and participate in ongoing professional development activities in this field.

The school health program shall include information for community resources and programs (e.g., New York Smokers Quitline) to help students and staff address tobacco use. School counselors or community agencies are encouraged to establish voluntary tobacco use cessation programs at school.

Tobacco advertising and sponsorship are prohibited on school property, in all school-sponsored publications, and at all school-sponsored events. When possible, school libraries shall order periodicals with a request for school editions which exclude tobacco advertising.

The district’s tobacco free policy shall be prominently posted by utilizing Tobacco Free Zone signs at all school buildings, grounds (e.g. athletic fields) and in all district vehicles that transport children or school personnel. School buses, because they are contracted by the school district, are not district vehicles. However, Commissioner’s Regulations Part 6 Special Requirements for Bus Drivers states that bus drivers, monitors, and attendants are prohibited from smoking at anytime while in a school bus. The policy shall be available to students, parents/guardians, and existing and prospective employees and to individuals and organizations seeking to use the facilities of the School District. Public announcements can be made at school/district sponsored events.

Policy No. 4321.3

ALLOCATION OF SPACE FOR SPECIAL EDUCATION PROGRAMS

The Board of Education recognizes its responsibility to ensure that appropriate space is available for:

1. Special programs and services provided to meet the needs of students and preschool students with disabilities both within its own facilities, and in programs provided by the board of cooperative educational services (BOCES) and attended by district residents; and

2. Serving students with disabilities in settings with non-disabled peers, as well.

The district will address such space allocation needs as part of its annual budget cycle, during the annual or any more frequent re-evaluation of its long-range educational facilities plan, and as part of the biannual plan it must submit to the commissioner of education regarding the provision of services to students and preschool students with disabilities district’s special education services plan.

Through the Superintendent, the district also will share with the BOCES District Superintendent information relevant for the BOCES to determine its own facility the regional space needs for serving the district’s resident students and preschool students with disabilities.

As part of the process for ensuring the allocation of appropriate space for special education programs and services and serving students with disabilities in settings with non-disabled peers, the Superintendent, in consultation with appropriate school personnel will, at a minimum:

1. Periodically gather information regarding the number of students and preschool students with disabilities presently participating and anticipated to continue to participate in the district’s special education programs and services, the type of programming they presently receive and may receive in the future, as well as the setting in which those services are and/or will be provided.

2. Review the results of the district’s latest census, and other district child find efforts, including child find activities conducted with respect to parentally-placed nonpublic school students with disabilities.

3. Anticipate any projected increase in the number of students and preschool students with disabilities the district will be responsible for providing special education programs and services to, the anticipated type of services they will be receiving and the settings in which those services will be provided.

4. Based on the above information, review current space capacity, and identify any additional space requirements to meet both current and future needs.

5. Submit a report to the board regarding the results of the above review process, along with necessary recommendations for additional space allocations.

IMPARTIAL HEARING OFFICER APPOINTMENT AND COMPENSATION

The Board of Education will appoint impartial hearing officers (IHO), as needed, to hear complaints regarding the identification, evaluation, or placement of students with disabilities, or the provision of a free appropriate public education to such a student, in accordance with the rotational selection process and other applicable procedures described in Commissioner’s regulations.

Selection

The updated list of certified IHOs for this county, promulgated by the New York State Education Department, will be used in connection with requests for impartial hearings. The list shall also include the names of those other certified IHOs whose names appear on the state list and who have indicated to the district their interest in serving as an IHO in the district.

Upon receipt of a request for an impartial hearing, the rotational selection process for the IHO shall be initiated immediately and always within two (2) business days after receipt by the district of such written request. Should an IHO decline appointment, or if within 24 hours the IHO fails to respond, or is unreachable after reasonable efforts by the District Clerk or designee, such efforts will be documented through independently verifiable efforts. The district representative shall then proceed through the list to determine availability of the next successive IHO.

- The District Clerk or other person so designated, under the direction of the Board President, shall initiate the selection process by contacting the impartial hearing officer whose name first appears after the impartial hearing officer who last served. The District Clerk or designee shall canvass the list in alphabetical order as prescribed by the Regulations of the Commissioner of Education until an appointment is accepted. **Pursuant to the Regulations of the Commissioner of Education, if an impartial hearing is currently pending for the same student when a new hearing request is received, the district will appoint the same IHO, if available, who will determine whether or not to consolidate the hearings. Additionally, if the new hearing request concerns an issue which had been previously withdrawn in the twelve months prior, the district shall appoint the same IHO, if available.**

An IHO on the district’s rotational list may not accept appointment unless he or she is available to:

1. Make a determination on the sufficiency of the due process complaint that will be heard at the hearing within five days of receiving such a request; and

2. Initiate the hearing within the first 14 days after either:

   - The date on which he or she receives written notice that the parents and the district waived their right to hold a resolution meeting to resolve their differences prior to commencement of the hearing, or met but were unable to reach agreement; or
• The expiration of the 30-day period beginning with the receipt of the due process complaint, whichever occurs first.

Appointment

The Board President, or in his or her absence or inability the Vice President, will appoint an IHO immediately after the IHO selected from the rotational list indicates he or she is available. The President and/or Vice President of the Board of Education are hereby delegated with the authority to immediately appoint impartial hearing officers who are selected in accordance with the procedures in this policy.

The Board will rescind the appointment of an IHO and appoint a new one, if the parties to the hearing mutually agree that the IHO is either incapacitated or otherwise unavailable, or unwilling to continue the hearing or issue a decision. The appointment of a new IHO in such an instance will be made in accordance with the selection and appointment procedures established by this policy.

Compensation

The district shall compensate an impartial hearing officer for his or her services as follows:

1. A statement for fees and expenses shall be submitted at the conclusion of the hearing and receipt of the IHO’s final decision or other determination having the effect of terminating the IHO’s involvement in the hearing.

2. All statements for fees and expenses shall separately list each individual item of service or expense, the date it occurred and the time spent, by hour or fraction thereof in increments of one-tenth of an hour (e.g., .1, .2, .3, …). Time charges must be appropriate. The district reserves the right to request additional information concerning the appropriateness of any time charges and to withhold payment for time charges deemed to be inappropriate and/or inconsistent with applicable Board policy. All statements for fees and expenses shall be submitted by the IHO within 30 days of the performance of services.

3. Compensation will be made at the maximum rate established for such purpose by the Director of the Division of the Budget for authorized activities.

4. The district will not reimburse IHOs for administrative assistance, secretarial or other overhead expenses, except for mailing costs associated with the hearing.

5. The district will upon review and approval of properly submitted receipts reimburse IHOs for automobile travel for up to 100 miles one-way, at the I.R.S. approved rate, and for tolls reasonably and necessarily incurred as a result of the hearing. In no event will the district reimburse the IHO for travel time.

6. In addition to hearing time itself, the Board will reimburse, at the hourly rate, for time actually expended by the IHO for:
   a. Scheduling the hearing;
   b. Pre-hearing conference calls (if necessary);
   c. Scheduling letters;
   d. For time necessarily and actually spent preparing the Decision, including any Interim Decisions.
7. Absent extraordinary circumstances, as determined in advance by the district, IHOs will not be reimbursed for any other expenses associated with their appointment and service as impartial hearing officer.

Cancellation

The district shall attempt to provide an Impartial Hearing Officer with two (2) business days’ advance notice of the cancellation or re-scheduling of an impartial hearing. Should the district request the cancellation or re-scheduling of a hearing date and fail to provide an Impartial Hearing Officer with two (2) business days’ notice, the district agrees to pay the Impartial Hearing Officer a cancellation fee of $300. The district shall not be responsible for costs associated with a parent or guardian’s cancellation or adjournment of a hearing.

A copy of this policy will be forwarded to the impartial hearing officer at the time of appointment.

Records relating to the IHO process including, but not limited to, the request for initiation and completion of each impartial hearing will be maintained by the district and such information will be reported to the Office of Vocational and Educational Services for Individuals with Disabilities of SED as required by Commissioner’s regulations.

SUPERINTENDENT’S REPORTS

2nd Century Update

Dr. Padalino reported that there had been a steering committee earlier that day and the next facilities meeting will be on June 4th. They are expecting final figures from the construction firm to the architects the next day and things are starting to move along more quickly. KSQ has promised to have the drawings ready for the end of June.

Other Updates

Dr. Padalino reported that contracts have been signed for Zena and Tillson and the County has approved the purchase of Sophie Finn.

The administrative search is ongoing and has been posted within the district as well as on OLAS. The posting will be closed on the 23rd and they will begin screening the applications.

Air conditioning for the auditorium cost estimates will be close to $500,000 and may be substantially higher if there is asbestos abatement. The company that will be doing the abatement for the 2nd Century project has agreed to look at the conditions in the auditorium at no additional cost and when completed he will report back.

The Middle School Principals have submitted a draft of the middle school schedule and they are close to finalizing. Discussion followed.

Dr. Padalino thanked the community for coming out to vote and congratulated Ms. Scherer, Rev. Childs and Ms. Lowe.

APPROVAL OF MINUTES

Minutes of April 23, 2014

Ms. Bowers made a motion to accept the minutes of April 23, 2014; seconded by Dr. Jacobowitz. The Motion carried unanimously.

BOARD OF EDUCATION

Resolution #2013-BOE90 – Veterans Tax Exemption

WHEREAS, the Board of Education wishes to adopt the provisions of Section 458-a of the Real Property Tax Law which would grant a partial exemption from taxation for school district purposes of certain real property situated in the School District and owned and used as the primary residence by eligible veterans (Alternative Veterans’ Exemption);

NOW, THEREFORE, BE IT RESOLVED, that the Board, after having conducted an advisory vote on the issue of the Alternative Veterans’ Exemption on May 20, 2014, which was overwhelmingly approved by the voters, and a public hearing on March 19, 2014 and having given the public an opportunity to be heard on the issue of the Board’s proposed adoption of the
Alternative Veterans’ Exemption pursuant to Section 458-a of the Real Property Tax Law, hereby adopts the Alternative Veterans’ Exemption for assessment rolls prepared on the basis of the taxable status date occurring on or after January 1, 2015, at the following basic maximum levels:

1. Basic Exemption - Tax exemption of 15% of the assessed value of the property, not to exceed $12,000 or the product of $12,000 multiplied by the latest state equalization rate for the assessing unit, whichever is less.

2. Combat Zone - An additional tax exemption of 10% of the assessed value of qualifying residential property of veterans who are documented to have served in a combat zone, not to exceed $8,000 or the product of $8,000 multiplied by the latest state equalization rate, whichever is less.

3. Disabled Veterans - In addition to the above exemptions, where the veteran received a compensation rating from the Veterans’ Administration or Department of Defense based upon a service related disability, the qualifying residential property will be exempt to the extent of the product of the assessed value multiplied by 50% of the veteran’s disability rating, not to exceed $40,000 or the product of $40,000 multiplied by the latest state equalization rate, whichever is less; and

BE IT FURTHER RESOLVED, that the Board directs the District Clerk to provide a certified copy of this resolution to Ulster County and the assessors for the other taxing jurisdictions located within this School District.

Ms. Bowers made a motion to adopt the above resolution; seconded by Ms. Scherer. All board members commented that they are happy to support this with community support. The motion carried unanimously.

Resolution #2013-BOE91- Gold Star Parents

WHEREAS, the Board of Education has adopted the provisions of Section 458-a of the Real Property Tax Law which grants a partial exemption from taxation for school district purposes of certain real property situated in the School District and owned and used as the primary residence by eligible veterans (Alternative Veterans’ Exemption); and

WHEREAS, the Board of Education wishes to include “Gold Star Parents” (a parent of a child who died in the line of duty while serving in the U.S. Armed Forces during a period of war) within the definition of qualified owner for purposes of receiving the Alternative Veterans’ Exemption;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Education hereby approves including Gold Star Parents as qualified owner for purposes of receiving the Alternative Veterans’ Exemption; and
BE IT FURTHER RESOLVED, that the Board directs the District Clerk to provide a certified copy of this resolution to Ulster County and the assessors of the other taxing jurisdictions located within this School District.

Ms. Bowers made a motion to adopt the above resolution; seconded by Ms. Collins. Mr. McCoy thanked all veterans and especially the Gold Star parents. The motion carried unanimously.

SCHOOL ADMISSIONS

In accordance with the New York State Education Law, all children will be admitted to kindergarten in the Kingston School District on the opening day of school in September if they are five (5) years of age by that December 1st.

All persons over the kindergarten entrance age and under 21 years of age and all veterans (except dishonorably discharged veterans) who are residents of the district will be eligible to attend the public schools free of charge, if they have not already received a high school diploma.

Upon registration, all new students shall be required to present:

1. Proof of birth;
2. Record of immunizations from a licensed physician;
3. Proof of residency;
4. Custody papers (if appropriate);
5. Parent/guardian photo identification.

Admissions of Nonresident Students

The following students will be accepted for attendance:

1. Future residents: The children of parents or guardians who show proof of residence under construction, or a contract for purchase of an existing residence, or who have executed to lease for premises within the district, and who intend to become residents upon availability of the structure, and can anticipate availability within 90 days of enrollment.

2. Former residents: Regularly enrolled children of parents or guardians who have moved out of the school district during the school year will be permitted to complete the current semester in the district. A senior in the school system who is a resident through the first marking period may complete the entire senior year.

3. Foreign Students: Students from other nations who are living with district residents may be enrolled at the discretion of the Superintendent.

4. School Employees: The children of nonresident staff members may be enrolled when space permits.

5. Voluntary transfers at the discretion of the Superintendent.
Students in the above categories 1, 2, and 3 will be admitted at no charge. Students in Category 4 and 5 will be admitted upon payment of tuition as approved by the Board of Education.

Children residing in foster homes and similar circumstances will be admitted in accordance with the law. The district will bill for tuition to the appropriate agency or district when applicable.

Tuition fees will be established annually in accordance with the law.

The district may contract for the education of children with any district, which authorizes its trustees to contract with the Board of Education of the Kingston School District.

The Board of Education delegates its authority, pursuant to Commissioner's Regulations 100.2(y), to the Superintendent of Schools who shall have the full and final authority to make determinations regarding student residency.

Revised and Adopted: October 1, 2008
1st Reading of Revision: June 18, 2014
Adoption Date: July 2, 2014
STUDENT HEALTH SERVICES

The Board of Education recognizes that good student health is vital to successful learning and acknowledges its responsibility, along with that of parent(s) or guardian(s), to protect and foster a safe and healthful environment for the students.

The school shall work closely with students' families to provide detection and preventive health services. In accordance with law, the school will provide vision, hearing, dental inspection and scoliosis screening. Problems shall be referred to the parent(s) or guardian(s) who shall be encouraged to have their family physician/dentist provide appropriate care.

In order to enroll in school a student must submit a health certificate within 30 calendar days after entering school, and upon entering second, fourth, seventh and tenth grades. The examination, which must conform to state requirements, must have been conducted no more than 12 months before the first day of the school year in question. If a student is unable to furnish the health certificate, the school will provide a physical examination by a licensed provider. A request for exemption from the physical examination, or the requirement to provide a health certificate, must be made in writing to the school principal or designee, who may require documents supporting the request. The only basis for exemption is a claim that the physical examination is in conflict with the parent or guardian’s genuine and sincere religious belief.

The Board recognizes that the State of New York may authorize and require the collection of data from health certificates in furtherance of tracking and understanding health care issues that affect children. The Board supports these efforts and expects administrators to cooperate and to observe the appropriate laws and regulations in carrying out those responsibilities, including those that relate to student privacy.

In addition, students will be asked to provide a dental health certificate when they enroll in school and in accordance with the same schedule as the health certificate.

A permanent student health record shall be part of a student's cumulative school record and should follow the student from grade to grade and school to school along with his/her academic record. This record folder shall be maintained by the school nurse.

Schools shall also provide emergency care for students in accidental or unexpected medical situations. Each school in the district will include in its emergency plan a protocol for responding to health care emergencies, including anaphylaxis, and head injury. Parents/guardians will be notified of any emergency medical situation as soon as is practicable. Parents/guardians will receive notification of non-emergent medical situations, that have been reported to the nurse, in a timely manner.

Communicable Diseases

It is the responsibility of the Board to provide all students with a safe and healthy school environment. To meet this responsibility, it is sometimes necessary to exclude students with
contagious and infectious diseases, as defined in the Public Health Law, from attendance in school. Students will be excluded during periods of contagion for time periods determined on an individual basis.

It is the responsibility of the Superintendent of Schools or his/her designee, working through district health personnel, to enforce this policy and to contact the county or local health department when a reportable case of a communicable disease is identified in the student or staff population.

Administering Medication to Students

Neither the Board nor district staff members shall be responsible for the diagnosis or treatment of student illness. The administration of prescribed medication to a student during school hours shall be permitted only when failure to take such medicine would jeopardize the health of the student, or the student would not be able to attend school if the medicine were not made available to him/her during school hours, or where it is done pursuant to law requiring accommodation to a student's special medical needs (e.g., Section 504 of the Rehabilitation Act of 1973). "Medication" will include all medicines prescribed by a physician.

Before any medication may be administered to or by any student during school hours, the Board requires:

1. the written request of the parent(s) or guardian(s), which shall give permission for such administration and relieve the Board and its employees of liability for administration of medication; and
2. the written order of the prescribing physician, which will include the purpose of the medication, the dosage, the time at which or the special circumstances under which medication shall be administered, the period for which medication is prescribed, and the possible side effects of the medication.

Students are allowed to carry and apply parentally provided sunscreen without a prescription from a medical provider, assuming that the sunscreen is FDA approved and that the sunscreen is not treating a medical condition. Parents need to provide the district with written permission for students to use sunscreen.

Permission slips and medical orders shall be kept on file in the office of the school nurse.

In addition, in accordance with Education Law 919, the district shall make a nebulizer available on-site in school buildings where nursing services are provided. Students with a patient-specific order, who require inhaled medications, shall have access to the nebulizer. The district will ensure that it is maintained in working order.

In conjunction with the nebulizer, the school stocks liquid Albuterol for students who are in need of emergency dosing when their personal prescription is empty. The district will develop procedures in collaboration with school health personnel that is approved by the district medical director and the Board of Education.
Life-Threatening Allergies and Anaphylaxis Management

The Board recognizes its role and responsibility in supporting a healthy learning environment for all students, including those who have, or develop, life-threatening allergies. The district will work cooperatively with the student, their parent/guardian and healthcare provider to allow the child to participate as fully and as safely as possible in school activities. When a student has a known life-threatening allergy reported on their health form or if the district has been informed by the parent of the presence of a life-threatening allergy, the district will assemble a team, which may include the parent, the school nurse, the child’s teacher, the building principal and other appropriate personnel, which will be charged with developing an individual health care plan. The plan will be maintained by the school nurse. The plan will guide prevention and response. If the student is eligible for accommodations based upon the IDEA, Section 504 or the Americans with Disabilities Act, the appropriate procedures will be followed regarding identification, evaluation and implementation of accommodations.

Training

Training to support the fulfillment of staff responsibilities in regard to student health services will be provided as part of the district’s ongoing professional development plan and in conformity with Commissioner’s regulations.

Regulations

The Superintendent shall develop comprehensive regulations governing student health services. Those regulations shall include the provision of all health services required by law, procedures for the maintenance of health records, and procedures for the administering of medication to students. The Superintendent shall also develop protocols, in consultation with the school physician and other appropriate district staff, for the management of injury, with particular attention to concussion.
